Welcome to *Carniflora News*, a newsletter produced by the Australasian Carnivorous Plants Society Inc. that documents the meetings, news and events of the Society.

The current committee of the Australasian Carnivorous Plant Society Inc. comprises:

COMMITTEE

President - Wesley Fairhall

Vice President - David Colbourn
davecolbourn@gmail.com

Treasurer - David Colbourn
davecolbourn@gmail.com

Secretary - Kirk 'Füzzzy' Hirsch
mijmark@ihug.com.au

General Committee Member - Barry Bradshaw

DELEGATES

Journal Editor - Dr. Robert Gibson

Sydney Coordinator - Wesley Fairhall

Newsletter Editor - David Colbourn
davecolbourn@gmail.com

Sydney Coordinator - Kirk Hirsch
mijmark@ihug.com.au

Public Officer - Kirk Hirsch
mijmark@ihug.com.au

Brisbane Coordinator - Brent Jones
brent.jones@outlook.com

Website Manager - Marina Chong

Brisbane Coordinator - Vacant

Social Media Coordinator - Glen Moss

Canberra Coordinator - Barry Bradshaw

Merchandise Manager - David Colbourn
davecolbourn@gmail.com

Canberra Coordinator - Chris Duffy

Events Coordinator - Jeremy Aitken

Canberra Coordinator - Robert Little

Seed Bank Manager - Ian Woolf
iwoolf@gmail.com

Library Manager - Glenn Carson
glenncarson@iinet.net.au

CALENDAR

JULY

5th July 2019 - AUSCPS meeting - Canberra featuring bog gardens & winter plant maintenance
12th July 2019 - AUSCPS meeting - Sydney & AGM featuring Winter growing *Drosera*

AUGUST

2nd August 2019 - AUSCPS meeting - Canberra featuring *Cephalotus* and *Heliamphora*
9th August 2019 - AUSCPS meeting - Sydney featuring *Pinguicula*

SEPTEMBER

6th September 2019 - AUSCPS meeting - Canberra featuring *Pinguicula* and *Utricularia*
13th September 2019 - AUSCPS meeting - Sydney featuring *Nepenthes*

OCTOBER

5th October 2019 - AUSCPS meeting - Canberra featuring *Nepenthes*
11-13th October 2019 - Southern Orchid Spectacular
12th October 2019 - AUSCPS meeting - Sydney featuring Summer growing *Drosera*

NOVEMBER

1st November 2019 - AUSCPS meeting - Canberra featuring *Sarracenia*
8th November 2019 - AUSCPS meeting - Sydney featuring *Sarracenia* and *Darlingtonia*
TBA - Triffid Park open day

DECEMBER

TBA - December 2019 - VCPS annual show, Collector's Corner, Melbourne
6th December 2019 - AUSCPS meeting - Canberra - Christmas Party and Plant Show
13th December 2019 - AUSCPS meeting - Sydney - Christmas Party and Plant Show

JANUARY

3rd January 2020 - AUSCPS meeting - Canberra

FEBRUARY

7th February 2020 - AUSCPS meeting - Canberra
14th February 2020 - AUSCPS meeting - Sydney featuring *Dionaea* (VFT)

MARCH

6th March 2020 - AUSCPS meeting - Canberra
13th March 2020 - AUSCPS meeting - Sydney featuring *Byblis*, *Drosophyllum* and *Roridula*

APRIL

3rd April 2020 - AUSCPS meeting - Canberra
10th April 2020 - AUSCPS meeting - Sydney featuring *Utricularia*, *Aldrovanda* and *Genlisea*
TBA - Collectors' Plant Fair, Clarendon, N.S.W.
13th April 2020 - Royal Easter Show - Carnivorous Plant Competition

MAY

1st May 2020 - AUSCPS meeting - Canberra
8th May 2020 - AUSCPS meeting - Sydney featuring *Cephalotus* and *Heliamphora*

JUNE

5th June 2020 - AUSCPS meeting - Canberra focusing on greenhouse management
12th June 2020 - AUSCPS meeting - Sydney featuring Carnivorous bromeliads

NEWS

MEMBERSHIP RENEWAL

Membership of the Australasian Carnivorous Plant Society Inc. (AUSCPS) is due now. Membership to the Society is \$25 per calendar year, or \$35 if you require printed journals with your membership. The AUSCPS is a not for profit organisation that promotes the conservation and cultivation of carnivorous plants in Australia and abroad.

JOIN NOW!

Membership entitles you to two editions of our journal, *Carniflora Australis*, subsidised seed from our seed bank, discounts off books and other merchandise and access to sell plants at meetings and fairs attended by the Society. A membership form is attached to this newsletter with instructions on how to make payment.

NOMINATIONS FOR THE 2019/20 EXECUTIVE AND COMMITTEE

Our A.G.M. will be held at the Sydney meeting on the 12th of July. One of the objectives at this meeting is to elect the executive (President, Vice-President, Secretary and Treasurer) and one additional Committee member. We are now a national Society, and as such, members from across Australia are eligible to occupy a position. A description of each executive position was detailed in the April newsletter. Over May we requested members nominate themselves for one of the above positions.

These nominees are listed in an attached ballot paper along with a proxy voting form for those who are unable to attend the A.G.M. Please consider this opportunity to be more involved with the Society and have a say in our future.

FUND RAISING RAFFLE

The AUSCPS is holding a new raffle for 2019. The prize is a copy of Redfern Natural History's limited edition *Cephalotus* - the Albany Pitcher Plant. Tickets are \$2 each or three for \$5. Sales will be available at our meetings or online via PayPal. Just use the payment instructions on our membership form and indicate the purchase is for raffle tickets.

MEETINGS IN PERTH

The AUSCPS has been informally seeking interest from members and friends in Western Australia to participate in the establishment of meetings in the Perth area. We have received significant interest from people wanting to attend such meetings on a regular basis. The Committee has given approval to formally seek a team of members to find a suitable venue and commence monthly meetings under the banner of the AUSCPS. As such no one has made themselves available. If you would like to be involved in the commencement and establishment of meetings in Perth, please contact David at auscps@gmail.com.

ICPS NEWSLETTER

The June edition of the Carnivorous Plant Newsletter is out now. This edition features articles on:

Field observations of *Byblis* in Australia,
Evidence of motile traps in *Byblis*,
Nocturnal and diurnal digestive responses in *Byblis gigantea*, *Drosophyllum lusitanicum* and *Roridula gorgonias*,
Observations and test on cultivated tropical *Byblis*,
Byblis cultivation in the tropics and in temperate climates,
Perennial *Byblis* indoor cultivation,
An amateur's experiences with *Byblis* germination,
New cultivars, and
Names of Carnivorous Plant cultivars registered in 2018.

VALE DONALD E. SCHNELL

On the 16th May 2019 Donald "Don" E. Schnell MD passed away after an extended illness. He practiced pathology for 40 years and served in the US army as a Captain.

Don had varied interests throughout his life including researching, growing and photographing Carnivorous Plants, for which he wrote a couple of books on the subject and worked to release the first edition of the Carnivorous Plant Newsletter.

RECOMMENCEMENT OF THE LIBRARY

The Society has a vast collection of journals from around the world along with a couple of books about carnivorous plants. As such we are bringing back our library available to members on a trial basis. It is expected the library will visit our branches on a rotation basis. If you have any books that you would like to donate, please contact your branch co-ordinators or David at auscps@gmail.com.

NEWSLETTER PHOTOS

We are looking to expand our file of quality photographs used in the newsletter. If you have any photos that you think may be suitable for publication in the newsletter, please forward them to auscps@gmail.com

MEETINGS

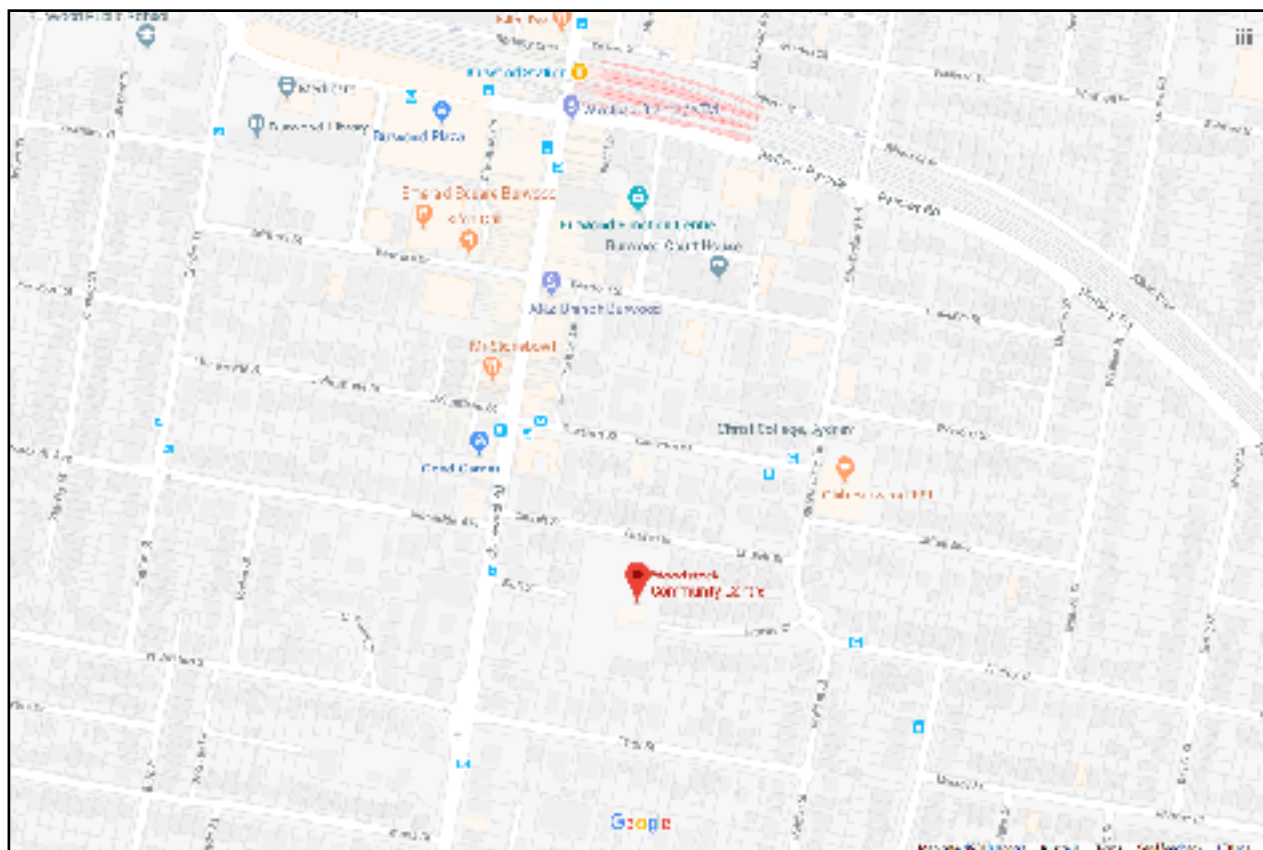

The Australasian Carnivorous Plant Society holds meetings in Queensland, New South Wales and the Australian Capital Territory. Meetings are a great place for members and friends to socialise, share experiences, and buy, swap and sell Carnivorous plants.

Meetings are friendly and informative and cater for the experienced grower or new collector to the hobby. Occasionally, we have guest presenters who will give a talk on their adventures discovering Carnivorous Plants in the wild, or how best to cultivate them in your environment.

We hope you are able to attend one of our meetings and enjoy the fellowship of other enthusiasts for these wonderful plants.

SYDNEY

The Sydney chapter of the AUSCPS meets at 7:30pm on the second Friday of each month at the Woodstock Community Centre, Church Street, Burwood. Free parking is available off Fitzroy Street. Public transport is available with Burwood train station about 1 kilometre to the north. Call Kirk on 0421271888 or David on 0410643531 if you have any questions about attending this meeting.

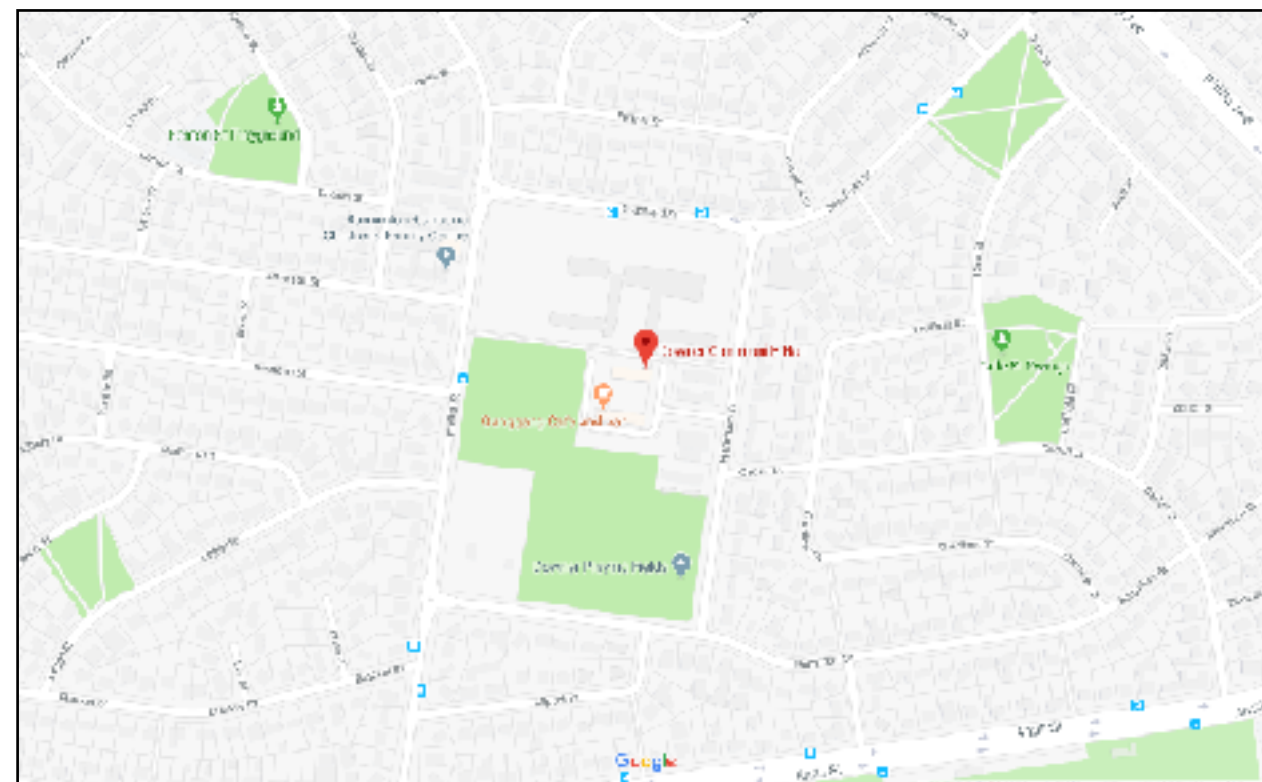

BRISBANE

The Brisbane chapter of the AUSCPS is currently on hold with Alan Haase stepping down due to work commitments. Brent Jones is looking at finding an alternative venue. If you would like to assist in hosting the meetings, please contact Brent at brent.jones@outlook.com

CANBERRA

The Canberra chapter of the AUSCPS meets at 7:30pm on the first Friday of each month at the Downer Community Hall, Frencham Place, Downer, A.C.T. Call Barry if you have any questions about attending this meeting (0417 219477).

MINUTES

MINUTES OF THE AUSTRALASIAN CARNIVOROUS PLANT SOCIETY INC. HELD ON FRIDAY, 14TH JUNE 2019 WOODSTOCK COMMUNITY CENTRE, CHURCH STREET, BURWOOD

The meeting opened at 7:50 p.m.

PRESENT

There were 20 members in attendance.

APOLOGIES

Robert Gibson, Kirk Füzzy Hirsch, Oliver Evans, & Andrew Robson.

MINUTES OF PREVIOUS MEETING

The minutes of the May 2019 meeting were tabled. Those present were asked to confirm the accuracy of the minutes and to suggest changes, omissions or corrections. In the absence of any corrections, omissions or corrections a motion was raised that the minutes be accepted following feedback the minutes were to be updated. Wesley raised a motion that the minutes with updates be accepted by those present.

Moved by: Wesley Fairhall
Seconded by: David Colbourn
Motion: Carried

BUSINESS ARISING

1. The Redfern Natural History Productions book ‘*Cephalotus* – the Albany Pitcher Plant’ has now been published with books now in Australia. The AusCPS has a new fund-raising raffle for which the prize is a copy of this book. Tickets are \$2 each or three for \$5. They may be purchased at meetings or on-line using PayPal. The raffle will be drawn at the January 2020 meeting. The Society's insurance expired at the end of April. Wes to follow up with Gardens Australia.
2. The Koi, Pet & Garden Show was held at the Equestrian Centre Showground on Sunday, 19 May. Any update?
3. The AGM will be held on 12th July. More help on the committee would be appreciated. The voting process is described in the May newsletter. Self-nominations for committee members are being accepted are now open with details provided in the June newsletter. We're looking for people to volunteer to help share the load.
4. The Society's Library is now accepting donations of books, magazines, DVDs etc. Please contact Glenn Carson at the Burwood meeting.

CORRESPONDENCE

TREASURER'S REPORT

In-coming	Out-going
ICPS June Newsletter	Printed copies of the June 2019 <i>Carniflora News</i> were posted to Richard Sullivan and Pauline Clemesha.
	Printed copies of the March 2019 issue of <i>Carniflora Australis</i> were posted to XX and YY.?????

Current account balance: \$6006.

Paid members = 54-55. Membership is due now for 2019.

GENERAL BUSINESS

1. The Society has booked a stall at the Plant Lovers' Fair at Kariang which will be held over the weekend of 28t - 29t September 2019: <https://www.plantloversfair.com.au/> Members are welcome to bring plants to sell at the stall for which the Society will take a 15% commission to cover the cost of being there. Volunteers will also be needed, and this will be discussed at the August and September meetings. Start preparing plants to sell at this event.

PLANT OF THE MONTH: Carnivorous Bromeliads

The following plants were brought in for the 'Plant of the Month Competition';

The winner was *Brocchinia reducta* grown by David Colbourn

<i>Brocchinia reducta</i> (9)	David Colbourn
<i>Brocchinia reducta</i> (3)	Brett Daly
<i>Brocchinia hecetioides</i> (0)	David Colbourn
<i>Catopsis berteroniana</i> (3)	David Colbourn
<i>Byblis filifolia</i>	Sean Polovnik
<i>Drosera hookeri</i>	Oliver
<i>Nepenthes clipeata x ventricosa</i>	David Colbourn

PRESENTATION

David Colbourn presented part 1 of a talk on the Carnivorous Plants of Western Australia based on a recent trip he and Glen Moss took in 2018.

The meeting closed at 9:10 p.m. and members adjourned for supper provided by Wesley and Marina.

The next meeting is the **Annual General Meeting**, and will be held at Woodstock Community Centre on Friday 12th July 2019 starting at 7.30 p.m. The next 'Plant of the month' are tuberous *Drosera*.

**MINUTES OF THE AUSTRALASIAN CARNIVOROUS PLANT SOCIETY INC.
HELD ON FRIDAY, JUNE 7th 2019
DOWNER COMMUNITY CENTRE (DCC), CANBERRA, ACT**

The meeting opened at 7.30 pm

PRESENT

There were 13 members and 2 guests in attendance.

APOLOGIES

Chris Duffy, Ross Rowe, Anthony Field, Christian Fricker, John and Kerren de Majnik,

GENERAL BUSINESS

Money collected at the meeting included \$27.20 in gold coin donations. Venue hire (\$60) for January, February and March was paid to the DCC on May 9th. Revenue from gold coin donations and plant sales now totals \$662 – note that \$60 from revenue is allocated to venue hire for the April, May and June meetings leaving a sub-total of \$602. Robert Little noted that some of this money now needs to be deposited into the Society bank account.

BUSINESS ARISING

The meeting began with a mega *Sarracenia* rhizome sale by John Nielsen (flava and leucophylla varieties).

Robert Little and Owen O'Neill were thanked for giving a joint presentation on behalf of the Society at the Friends of the National Arboretum AGM on May 12th. Chris Duffy was also thanked for organising the event with the Friends, and Damian Porombka for compiling a short promotional video on carnivorous plants.

Barry Bradshaw bought in some old carnivorous plant books and ICPS Newsletters (1978 – 1992 editions) for members to borrow.

John Nielsen will be presenting a talk on carnivorous plants to the Horticultural Society on July 15th.

Chris Duffy is currently liaising with the Horticultural Society to organise some dates where AUSCPS will participate in the carnivorous plant section of their shows.

PLANT OF THE MONTH

Following general business, the group discussed greenhouse management including climate control and pest control.

The following plants were bought in for the 'Plant of the Month' competition.

1. *Drosera tokaiensis* (Lantau Island) – grown by Owen O'Neill
2. *Nepenthes x Suki* – grown by Bastien Small
3. *Pinguicula x sethos* – grown by Paul Tyerman
4. *Darlingtonia californica* – grown by Paul Tyerman

5. *Drosera collina* – grown by Barry Bradshaw

6. *Drosera erythrorhiza* – grown by Barry Bradshaw

7. *Drosera eremaea* – grown by Barry Bradshaw

The joint winners were *Nepenthes Suki* grown by Bastien Small and *Drosera collina* grown by Barry Bradshaw.

The meeting closed at 10.00 pm. The next meeting will be held at the Downer Community Centre on Friday July 5th 2019 at 7.30pm – the meeting theme will be Bog Gardens and winter plant maintenance.

IN THE GREENHOUSE

ALDROVANDA

Plants will now be dormant if grown outside. *Aldrovanda* survive the Winter chills by producing a turion, which either floats on the water surface or sinks to the bottom of the pond. Keep an eye on them so they don't get washed away or eaten by birds and animals.

BROCCHINIA / CATOPSIS

Maintain high light levels and humidity. Apply light foliar fertilisation (Avoid fertilisers high in Urea). Potted plants will produce more pups which may be divided when semi-mature.

BYBLIS

Byblis gigantea and *lamellata* are now in active growth. Keep the soil moist to wet. Seed may be sown now. Treat seed with Ga3 or smoke water.

The northern species of *Byblis* are close to the end of their life cycle. Keep moist and humidity high. Harvest and store the seed.

Growth rates for all species of *Byblis* may be accelerated with increased prey capture or fertilisation. Place some rotting fruit around the plants or sprinkle granulated fish food onto the leaves. Pollinate the flowers using the “buzz” technique.

CEPHALOTUS

Keep the soil moist but well drained. Avoid fungal problems by keeping good air movement around the plants. Non-carnivorous Winter leaves should be produced now. Pitchers also colour up nicely with the cooler nights.

DARLINGTONIA

Darlingtonia is now dormant. Keep moist and cold as long as possible to ensure a full dormancy is achieved. Sow seed onto moist Sphagnum moss and expose to the cold nights to aid stratification of the seed.

DIONAEA

All VFTs will now be dormant. Sow seed onto your preferred medium and expose to the cold to aid stratification of the seed. Seed will germinate in Spring.

DROSERA

Tuberous *Drosera* are now in active growth with the rosetted species in flower. Keep the pots moist. Add small wire trainers for the stem forming species.

Pygmy *Drosera* will end their gemmae phase and begin to produce carnivorous leaves. Keep plants moist to wet in full sun.

Other Winter growing species such as *D. ramentacea*, *cistiflora* and *pauciflora* will be in full growth. Keep the pots moist to wet.

Tropical and sub-tropical species need to be kept warm to keep them alive. Species such as *D. burmannii* will begin to die. Harvest the seed and sow in Spring.

Petiolaris-complex species may need artificial heating to keep them alive. Aim for a minimum temperature of 25°C. Keep the pots moist to stop the plants entering dormancy.

Temperate species such as *D. filiformis*, *D. intermedia* and *D. rotundifolia* will have formed a winter hibernacula and are now dormant.

DROSOPHYLLUM

Drosophyllum is in active growth and may be kept wetter during the cooler months. Seed may be sown onto moist compost after treatment with boiling water for 10 seconds. Soak for 24-48 hours in water. Germination may be from 2-8 weeks. Feed with insects to boost growth.

GENLISEA

Genlisea should be in flower and active growth. Keep the water levels high with these species. Leaf and trap production will improve when the water level is at soil level. Artificial heating may be required. Avoid exposure to frosts and ideally keep plants above 10°C.

HELIAMPHORA

Keep plants in a bright and very humid location. Avoid temperatures over 30°C and less than 10°C. Fertilise with a diluted foliar application of urea free fertiliser every 2-4 weeks.

NEPENTHES

Winter sees a dramatic drop in the growth rates and pitcher production of *Nepenthes*. Keep the lowland species above 15°C at night and as warm as possible during the day. Highland species enjoy cooler nights and will continue to grow. Keep highland plants above 5°C at night and between 20-25°C during the day.

PINGUICULA

Mexican species/hybrids are entering dormancy and often flower during this stage. Pollinate the flowers to obtain seed. Most species produce smaller fleshier leaves (heterophyllous). Some species such as *P. gigantea* and *P. emarginata* will produce smaller typical leaves (homophyllous). Keep humidity high but the soil drier. Leaf cuttings may be taken by pulling the older leaves from the mother plant. Ensure you get all of the leaf including the white parts close to the roots.

Warm-temperate and temperate species such as *P. primuliflora* and *Iusitanica* will continue to grow. Keep the water up to *P. primuliflora* and take leaf cuttings.

RORIDULA

Roridula growth rates increase with the cooler nights. Seed may be harvested now. Sow onto moist peat/sand. Germination may take 3-8 weeks. Keep the soil moist and ensure good air circulation.

SARRACENIA

All *Sarracenia* species/hybrids will stop producing leaves/phyllodes and enter dormancy. Keep the existing pitchers/leaves on the plants until late Winter. Harvest seed and sow onto your preferred mix. Germination will occur in Spring.

UTRICULARIA

Most terrestrial *Utricularia* will be in active growth and flower. Keep moist to wet. Flowering will resume in Spring.

Aquatic *Utricularia* will slow in growth and may be dormant. Keep an eye out for *U. australis* turions floating on the water's surface.

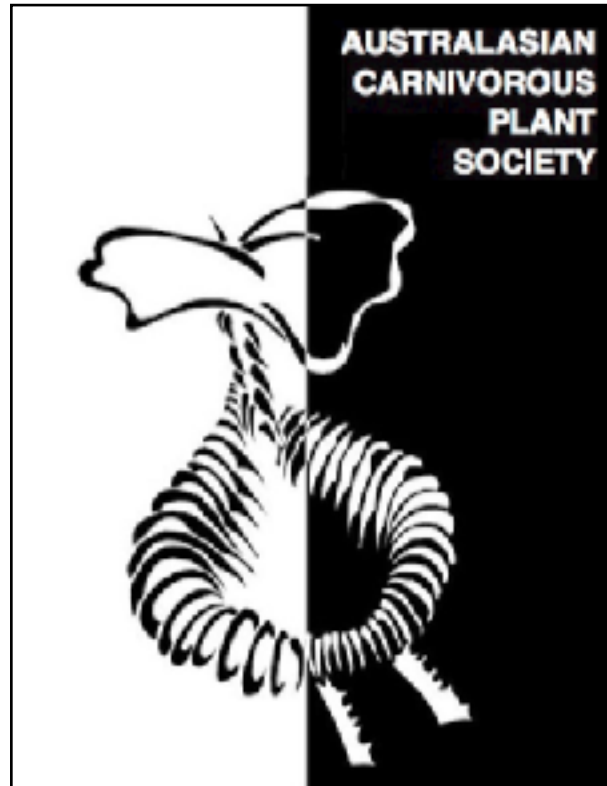

Winter growing species, such as *U. multifida* and *menziesii* will be in active growth.

Tropical *Utricularia* - Maintain higher temperatures, humidity and air movement. Keep soils moist.

MERCHANDISE

CONTACT CARDS

The Society now produces a business sized card with all of our contact details. The cards are free and available for collection from our meetings. Members and visitors are welcome to take a handful of cards to distribute to other Carnivorous Plant enthusiasts.

SEED BANK

There currently is a good range of seed available in the Seed Bank. Seed packets are \$1 each for members. Donations of seed are welcome. Please supply location data if available. Your Seed Bank Officer is Ian Woolf. Email: iwoolf@gmail.com. The seed bank list is contained at the end of this newsletter.

T-SHIRTS

T-shirts printed with our logo on the front are available for \$35 each. These T-Shirts are a great way to promote and support the Society at functions and shows. To order the T-Shirts, contact David at auscps@gmail.com.

SMOKE DISCS

Smoke discs aid in the germination of difficult species of *Drosera*, *Byblis* etc, that often germinate after a bushfire. The discs are available for \$5.00 each at meetings or contact Ian Woolf on iwoolf@gmail.com

BASEBALL CAPS

Baseball caps printed with our logo on the front and name on the back are now available on order for \$35 each. To order, contact David at auscps@gmail.com

POTTING MIXES

The Society is now selling assorted bags of Carnivorous Plant potting mix to members and friends. We have quality *Sphagnum* Peat Moss, Mexican *Pinguicula*, *Nepenthes* and *Sarracenia* mixes. Each bag is \$5 and may be purchased from meetings or events.

FIELD GUIDE TO THE CARNIVOROUS PLANTS OF SYDNEY AND THE BLUE MOUNTAINS

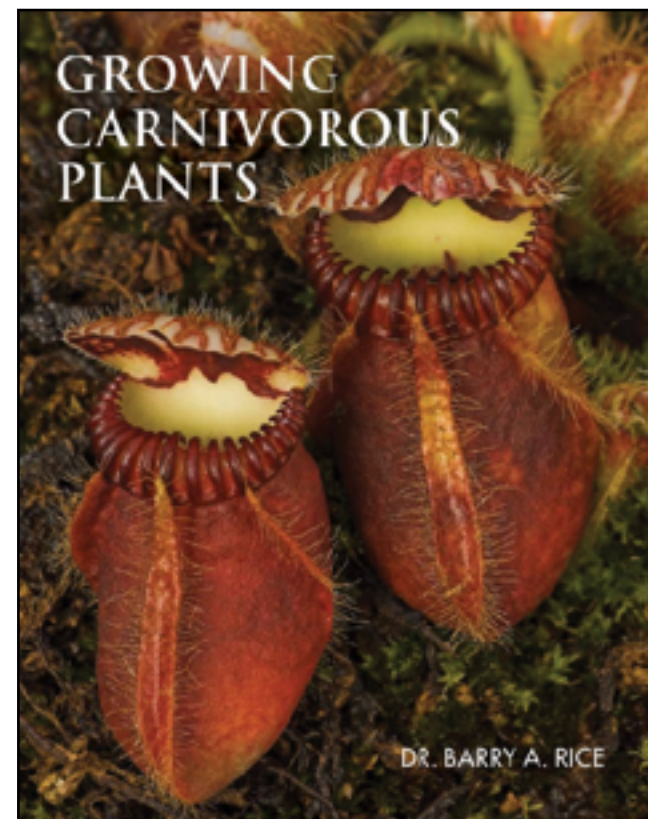

The Society is currently developing a field guide for the Carnivorous Plants of the Sydney and Blue Mountains region. The booklet details all 19 species in the area and will be about 44 pages long. The booklet will feature a detailed map with specific information on where to find the best population of each species. The price of the book has not yet been determined but is expected to be less than \$25.

GROWING CARNIVOROUS PLANTS

The Society has a few hardback copies of Barry Rice's book for members and friends to purchase.

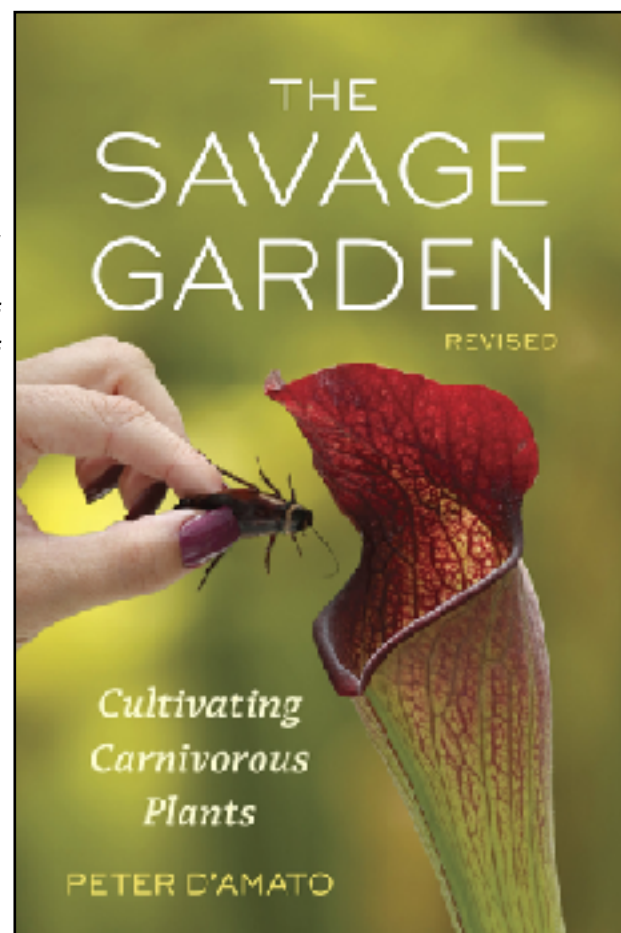

We are offering this book to members for \$30 and to non-members for \$35. The books may be purchased from the Society at meetings and events.

THE SAVAGE GARDEN

The Society is also selling copies of the second edition of "The Savage Garden" for members and friends to purchase. The Savage Garden, by Peter D'Amato, is one of the best books dedicated to the cultivation of Carnivorous Plants, covering more than 300 species, gloriously illustrated with more than 200 colour photographs over 374 pages.

We are offering this book to members for \$30 and to non-members for \$35. The books may be purchased from Society meetings and events, or via PayPal and posted to anywhere in Australia for \$12. Contact David at auscps@gmail.com to order.

CARNIFLORA AUSTRALIS

Various back editions of *Carniflora Australis* will be available for sale at the meetings for \$5. Some editions are very limited. Please contact your branch coordinators for edition availability or deals on multiple copies.

CLASSIFIEDS

Cephalotus the Albany Pitcher Plant

"*Cephalotus*—the Albany Pitcher Plant" is the first monograph of the monotypic *Cephalotus follicularis*, a species that is instantly recognisable for its distinctive and charismatic insect trapping leaves. This generously illustrated volume features original botanical art and photographs, documenting this remarkable Australian endemic in unprecedented detail, with the most up to date summary of its status in the wild along with new genetic analyses of the majority of known populations.

Only 500 copies of this limited edition work will be produced, all signed by the co authors and priced at £32.99. Expected to ship in the 4th quarter of 2018.

Visit www.redfernaturalhistory.com/books/cephalotus
to reserve your copies!

LIBRARY

The AUSCPS Library is managed by Glenn Carson. Members may borrow journals and books for free by placing a small monetary deposit as security. Please contact Glenn on glenncarson@iinet.net.au to organise your loan or to donate books.

MEMBERSHIP FORM

The Australasian Carnivorous Plant Society Inc. is a not for profit organisation formed in December 2002 to promote the education, cultivation and conservation of carnivorous plants. The Society formed from the New South Wales Carnivorous Plant Society Inc. which was established in 1986 and produced the journal *Flytrap News*.

Annual membership entitles you access to our subsidised seed bank, ability to sell plants at official stalls at which the society participates, monthly E-newsletters, and two editions of ***Carniflora Australis***, our high quality biannual journal. Membership is \$35 per year, however if you wish to receive electronic versions of the journal, membership is only \$25 per year (valid email address is required). Payment options are detailed below:

CASH, MONEY ORDER OR CHEQUE

Please send your money order or cheque, made out to AUSTRALASIAN CARNIVOROUS PLANT SOCIETY INC., along with the completed form below to:
