

Pinguicula flowers. Photographed and arranged by David Colbourn

THE AUSTRALASIAN CARNIVOROUS PLANTS SOCIETY INC.

CARNIFLORA NEWS

A.B.N. 65 467 893 226

AUGUST 2019

Welcome to *Carniflora News*, a newsletter produced by the Australasian Carnivorous Plants Society Inc. that documents the meetings, news and events of the Society.

The current committee of the Australasian Carnivorous Plant Society Inc. comprises:

COMMITTEE

President - Wesley Fairhall
wesleyfairhall7@gmail.com

Vice President - Barry Bradshaw
barry.bradshaw1@bigpond.com

Treasurer - David Colbourn
davecolbourn@gmail.com

Secretary - Kirk 'Fuzzy' Hirsch
mijmark@ihug.com.au

General Committee Member - Sean Polivnick
spolivnick@hotmail.com

DELEGATES

Journal Editor - Dr. Robert Gibson

Sydney Coordinator - Wesley Fairhall
wesleyfairhall7@gmail.com

Newsletter Editor - David Colbourn
davecolbourn@gmail.com

Sydney Coordinator - Kirk Hirsch
mijmark@ihug.com.au

Public Officer - Kirk Hirsch
mijmark@ihug.com.au

Brisbane Coordinator - Brent Jones
brent.jones@outlook.com

Website Manager - Marina Chong

Brisbane Coordinator - Vacant

Social Media Coordinator - Glen Moss

Canberra Coordinator - Barry Bradshaw
barry.bradshaw1@bigpond.com

Merchandise Manager - David Colbourn
davecolbourn@gmail.com

Canberra Coordinator - Chris Duffy

Events Coordinator - Jeremy Aitken

Canberra Coordinator - Robert Little

Seed Bank Manager - Ian Woolf
iwoolf@gmail.com

Library Manager - Glenn Carson
glennncarson@iinet.net.au

CALENDAR

AUGUST

2nd August 2019 - AUSCPS meeting - Canberra featuring *Cephalotus* and *Heliamphora*
9th August 2019 - AUSCPS meeting - Sydney featuring *Pinguicula*

SEPTEMBER

6th September 2019 - AUSCPS meeting - Canberra featuring *Pinguicula* and *Utricularia*
13th September 2019 - AUSCPS meeting - Sydney featuring *Nepenthes*

OCTOBER

5th October 2019 - AUSCPS meeting - Canberra featuring *Nepenthes*
11-13th October 2019 - Southern Orchid Spectacular
12th October 2019 - AUSCPS meeting - Sydney featuring Summer growing *Drosera*

NOVEMBER

1st November 2019 - AUSCPS meeting - Canberra featuring *Sarracenia*
8th November 2019 - AUSCPS meeting - Sydney featuring *Sarracenia* and *Darlingtonia*
TBA - Triffid Park open day

DECEMBER

TBA - December 2019 - VCPS annual show, Collector's Corner, Melbourne
6th December 2019 - AUSCPS meeting - Canberra - Christmas Party and Plant Show
13th December 2019 - AUSCPS meeting - Sydney - Christmas Party and Plant Show

JANUARY

3rd January 2020 - AUSCPS meeting - Canberra

FEBRUARY

7th February 2020 - AUSCPS meeting - Canberra
14th February 2020 - AUSCPS meeting - Sydney featuring *Dionaea* (VFT)

MARCH

6th March 2020 - AUSCPS meeting - Canberra
13th March 2020 - AUSCPS meeting - Sydney featuring *Byblis*, *Drosophyllum* and *Roridula*

APRIL

3rd April 2020 - AUSCPS meeting - Canberra
10th April 2020 - AUSCPS meeting - Sydney featuring *Utricularia*, *Aldrovanda* and *Genlisea*
TBA - Collectors' Plant Fair, Clarendon, N.S.W.
13th April 2020 - Royal Easter Show - Carnivorous Plant Competition

MAY

1st May 2020 - AUSCPS meeting - Canberra
8th May 2020 - AUSCPS meeting - Sydney featuring *Cephalotus* and *Heliamphora*

JUNE

5th June 2020 - AUSCPS meeting - Canberra
12th June 2020 - AUSCPS meeting - Sydney featuring Carnivorous bromeliads

JULY

3rd July 2019 - AUSCPS meeting - Canberra
10th July 2019 - AUSCPS meeting - Sydney & AGM featuring Winter growing *Drosera*

NEWS

MEMBERSHIP RENEWAL

Membership of the Australasian Carnivorous Plant Society Inc. (AUSCPS) is due now. Membership to the Society is \$25 per calendar year, or \$35 if you require printed journals with your membership. The AUSCPS is a not for profit organisation that promotes the conservation and cultivation of carnivorous plants in Australia and abroad.

JOIN NOW!

Membership entitles you to two editions of our journal, *Carniflora Australis*, 12 editions of our monthly newsletter, *Carniflora News*, subsidised seed from our seed bank, discounts off books and other merchandise, access to our free library and access to sell plants at meetings and fairs attended by the Society. A membership form is attached to this newsletter with instructions on how to make payment.

A.G.M. SUMMARY

The AUSCPS AGM was held on the 12th July at our Sydney meeting. All committee positions were vacated with elections held for new committee members. Wesley Fairhall was returned as President, Kirk Hirsch was returned as Secretary, David Colbourn was returned as Treasurer. Barry Bradshaw is now the Society's Vice President and Sean Polivnick is our new General Committee Member. Thank you to our volunteers and members who voted to ensure the sound operation of the Society. A report from the President and Treasurer is attached to this newsletter.

FUND RAISING RAFFLE

The AUSCPS is holding a new raffle for 2019. The prize is a copy of Redfern Natural History's limited edition *Cephalotus* - the Albany Pitcher Plant. Tickets are \$2 each or three for \$5. Sales will be available at our meetings or online via PayPal. Just use the payment instructions on our membership form and indicate the purchase is for raffle tickets. The raffle will be drawn at the Sydney meeting next February.

MEETINGS IN PERTH

The AUSCPS has been informally seeking interest from members and friends in Western Australia to participate in the establishment of meetings in the Perth area. We have received significant interest from people wanting to attend such meetings on a regular basis. The Committee has given approval to formally seek a team of members to find a suitable venue and commence monthly meetings under the banner of the AUSCPS. To date, no one has made themselves available. If you would like to be involved in the commencement and establishment of meetings in Perth, please contact David at auscps@gmail.com.

NEWSLETTER PHOTOS

We are looking to expand our file of quality photographs used in the newsletter. If you have any photos that you think may be suitable for publication in the newsletter, please forward them to auscps@gmail.com

CARNIFLORA AUSTRALIS

The September edition of *Carniflora Australis*, our bi-yearly journal, is currently being compiled. If you would like to contribute to the journal with articles, letters, photographs and drawings, please contact Dr. Robert Gibson at auscps@gmail.com or via our postal address. Contributions to the journal may be submitted on CD, DVD, pen drive or by email. Use Microsoft Word whenever possible.

ICPS CONFERENCE

The ICPS Conference 2020 will be held in Himeji City, Hyogo Prefecture from Friday, May 22 to Sunday, May 24, 2020. It will be a three day conference covering a wide range of topics such as scientific/academic research, horticulture, conservation, etc. There will be plant displays and sales booths, including a Japanese top-class CP nursery, will be available in the same building during the conference.

The conference banquet is to be held on May 23 at a near-by restaurant, where you can enjoy a good mix of Japanese and Western cuisines together with an impressive nighttime view of Himeji Castle.

The conference will also have a number of trips planned. On May 25, a special day trip is planned to the Hyogo Prefectural Flower Center. On May 26, attendees will be treated to an excursion to see the local habitats of *Drosera rotundifolia*, *D. tokaiensis*, and *D. lunata*, and maybe a few *Utricularia*, and then a trip to Tokyo for an overnight stay. On the following day (May 27), attendees will visit the habitat of *Pinguicula ramosa*, the Japanese endemic butterwort, on Mt. Nyoho, Nikko City. The 2020 ICPS Conference will be hosted by the three Japanese CP societies: The Japanese Carnivorous Plant Society (JCPS), The Carnivorous Plant Exploration Society (CPES), and The Tokai Carnivorous Plant Society (TCPS). These 3 societies mainly cover the Kanto, Kansai, and Tokai regions, respectively, and have been collaborating with each other and contributing to the prevalence and awareness of carnivorous plants in Japan. More information may be found at <https://www.carnivorousplants.org>

RECOMMENCEMENT OF THE LIBRARY

The Society has a vast collection of journals from around the world along with a couple of books about carnivorous plants. As such we are bringing back our library available to members on a trial basis. It is expected the library will visit our branches on a rotation basis. If you have any books that you would like to donate, please contact your branch co-ordinators or David at auscps@gmail.com.

DONATION OF STAINED GLASS TERRARIUM FEATURING NEPENTHES

Kirstie Wulf has donated a stained glass terrarium to the Society to go to a member who will be able to restore it. The terrarium is 70cm long, 30cm wide and 45cm tall. It has a large hinging lid and side vent that needs to be restored with the hinges requiring to be reset into the lead. If you are interested in this terrarium, contact Dave at auscps@gmail.com. The recipient will be determined by raffle ticket drawn at the August Sydney meeting where the terrarium may be collected. The terrarium may be delivered to Canberra in September if required. Photos of the terrarium have been posted to our Facebook page.

MEETINGS

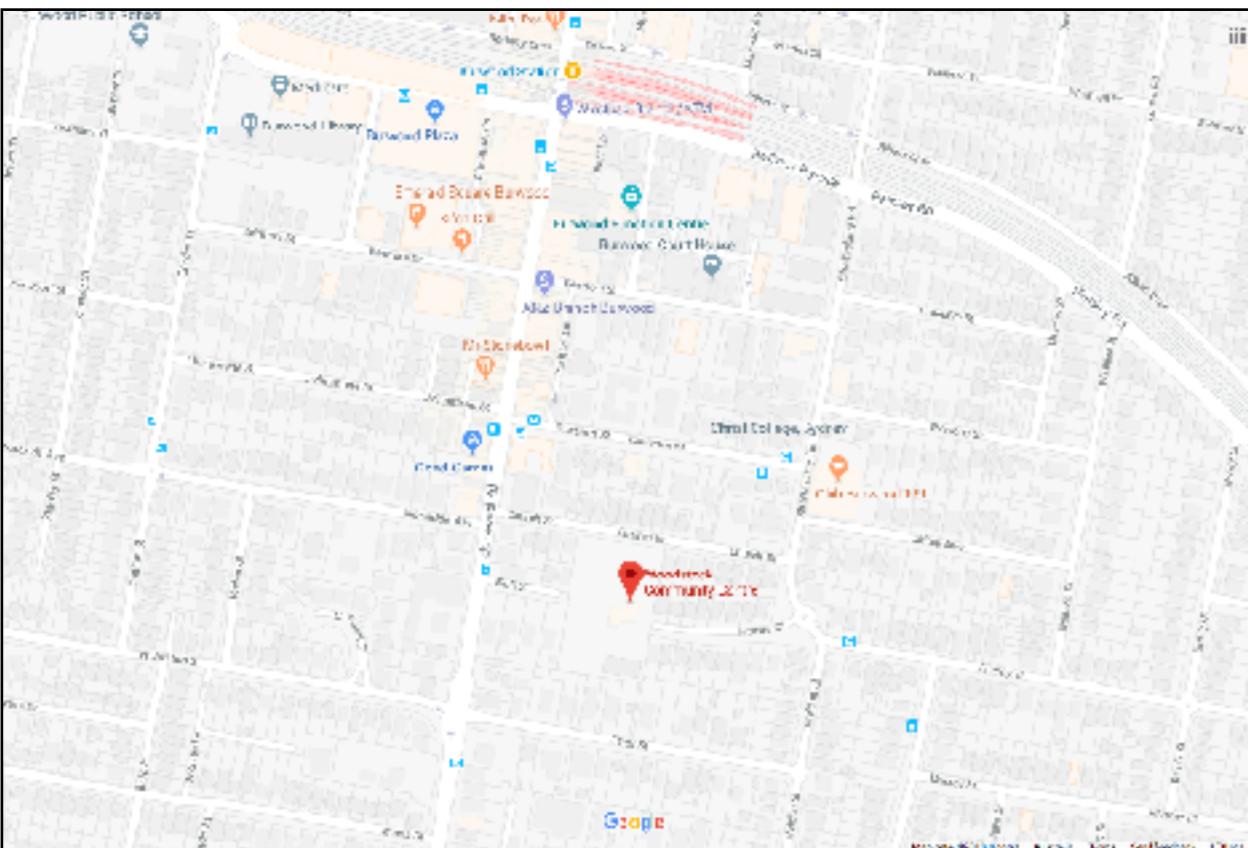

The Australasian Carnivorous Plant Society holds meetings in Queensland, New South Wales and the Australian Capital Territory. Meetings are a great place for members and friends to socialise, share experiences, and buy, swap and sell Carnivorous plants.

Meetings are friendly and informative and cater for the experienced grower or new collector to the hobby. Occasionally, we have guest presenters who will give a talk on their adventures discovering Carnivorous Plants in the wild, or how best to cultivate them in your environment.

We hope you are able to attend one of our meetings and enjoy the fellowship of other enthusiasts for these wonderful plants.

SYDNEY

The Sydney chapter of the AUSCPS meets at 7:30pm on the second Friday of each month at the Woodstock Community Centre, Church Street, Burwood. Free parking is available off Fitzroy Street. Public transport is available with Burwood train station about 1 kilometre to the north. Call Kirk on 0421271888 or David on 0410643531 if you have any questions about attending this meeting.

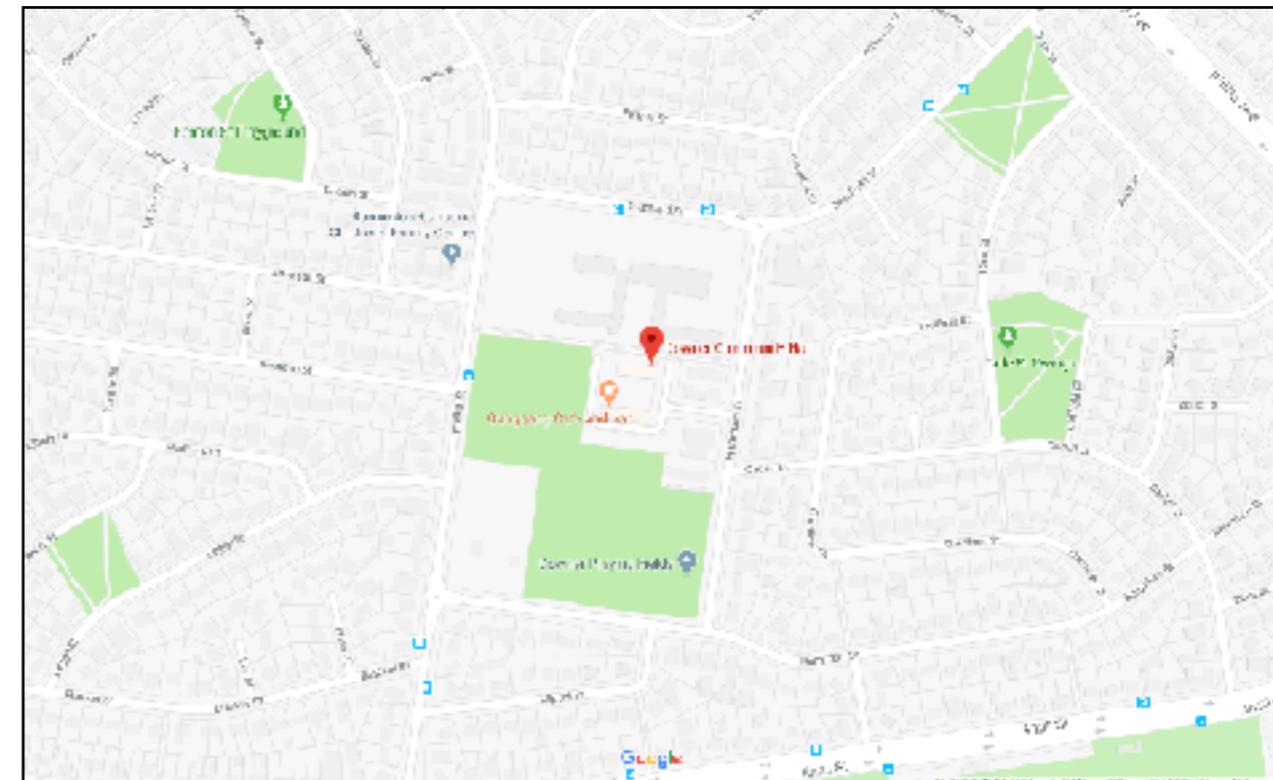

BRISBANE

The Brisbane chapter of the AUSCPS is currently on hold with Alan Haase stepping down due to work commitments. Brent Jones is looking at finding an alternative venue. If you would like to assist in hosting the meetings, please contact Brent at brent.jones@outlook.com

CANBERRA

The Canberra chapter of the AUSCPS meets at 7:30pm on the first Friday of each month at the Downer Community Hall, Frenchman Place, Downer, A.C.T. Call Barry if you have any questions about attending this meeting (0417 219477).

MINUTES

MINUTES OF THE AUSTRALASIAN CARNIVOROUS PLANT SOCIETY INC. HELD ON FRIDAY, 12 TH JULY 2019 WOODSTOCK COMMUNITY CENTRE, CHURCH STREET, BURWOOD

The meeting opened at 7:54 p.m.

PRESENT

There were 16 members in attendance.

APOLOGIES

Blake Jolley (Costa of Gardening Australia is filming at their place for the show today), Joan Fairhall, Ian Woolf and Glenn Moss.

New members In Attendance: None.

MINUTES OF PREVIOUS MEETING

The minutes of the June 2018 meeting were tabled. Those present were asked to confirm the accuracy of the minutes and to suggest changes, omissions or corrections. In the absence of any corrections, omissions or corrections a motion was raised that the minutes be accepted. Wesley raised a motion that the minutes with updates be accepted by those present

Moved by: Glenn Carson

Seconded by: Marina Chong

Motion: Carried

ANNUAL GENERAL MEETING 2019 (7.57 p.m. – 8.02 p.m.)

All positions were declared vacant. Nominations were called for each position, noting there were nominations for five of the positions. The positions were filled as detailed below:

| Position | Nomination | Nominee | Seconded | Number of votes |
|--------------------------|-----------------|----------------|-----------------|-----------------|
| President | Wesley Fairhall | Robert Gibson | David Colbourn | 15 |
| Vice President | Barry Bradshaw | Barry Bradshaw | Glenn Carson | 16 |
| Treasurer | David Colbourn | David Colbourn | Wesley Fairhall | 15 |
| Secretary | Kirk Hirsch | Kirk Hirsch | Wesley Fairhall | 15 |
| General Committee Member | sean Polivnick | Sean Polivnick | David Colbourn | 15 |

BUSINESS ARISING

The Society has booked a stall at the Plant Lovers Fair at Kariong which will be held over the weekend of 28th - 29th September 2019.

<https://www.plantloversfair.com.au/>

Members are welcome to bring plants to sell at the stall for which the Society will take a 15% commission to cover the cost of being there. Volunteers will also be needed, and this will be discussed at the August and September meetings. Start preparing plants to sell at this event.

Kirk Fuzzy Hirsch paid for the Plant Lovers Fair Stall and two extra passes for more volunteers to help. Fuzzy is seeking reimbursement from the Society for the expense, \$430. This year the Society may be allocated a different location which may offer some more space for the display. Fuzzy has volunteered to give a talk on the Saturday about Carnivorous Plants in general, around 1:00 pm.

The Redfern Natural History Productions book '*Cephalotus – The Albany Pitcher Plant*' has been published with books now in Australia. The AUSCPS has a new fund-raising raffle for which the prize is a copy of this book. Tickets are \$2 each or three for \$5. They may be purchased at meetings or on-line using PayPal. The raffle will be drawn at the February 2020 meeting in Sydney.

The Society's Library is now accepting donations of books, magazines, DVDs etc. Please see Glenn Carson at the meetings in Burwood, your branch coordinator at other meeting venues or contact David on auscps@gmail.com if you have donations or questions about the library.

Attendance at the Southern Orchid Spectacular show on Friday the 11th of October and Saturday the 12th of October is confirmed. Since Fuzzy has an obligation on Saturday the 12th, he has volunteered to man the stall and to show off plants, as well as bog gardens including terrestrial orchids on Friday the 11th. He will appear after his obligation around 3:30 to 4:00 on the Saturday to assist in cleaning up his plants and more. Jan and David, who are organising the event, said we could have that table for the Sunday as well if we wished. Information about the event will be in the monthly newsletter and on various social media.

CORRESPONDENCE

| In-coming | Out-going |
|--|---|
| Berry Gardens Festival flyer. 17th to 20th October 2019. | Printed copies of the July 2019 Carniflora News were posted to Richard Sullivan and Pauline Clemesha. |
| | Two March Journals were posted to new members who opted for a printed copy. |

TREASURER'S REPORT

See attached report. Report passed by Kirk and seconded by Andrew
Paid members = 65.

PRESIDENT'S REPORT

Compared to four years before, the society has become healthy and happy.

GENERAL BUSINESS

Our Insurance Certificate of Currency through the Garden Clubs of Australia has not arrived. Wesley will follow up. The Society needs to send a copy to the conveners of Kariong's fair before the end of August.

Christmas Party or Show: There was a brief discussion about what members want for the meeting in December; whether to have a Christmas Party or a Plant Show. It was decided that the new committee would start to discuss this with the members at the August meeting.

PLANT OF THE MONTH

The following plants were brought in for the 'Plant of the Month' (Tuberous *Drosera*) Competition:

1. *D. browniana* (Sean) 1
2. *D. macrophylla* ssp. *monantha* (Sean) 0
3. *D. erythrorhiza* ssp. *squamosa* (Sean) 5
4. *D. macrantha* (Sean) 0
5. *D. gigantea* (Sean) 0
6. *D. erythrorhiza* ssp. *collina* (Sean) 0
7. *D. zonaria* (Sean) 0
8. *D. tubeastylis* (Sean) 0
9. *D. whittakeri* (Sean) 0
10. *D. menziesii* (in bud) (Sean) 3
11. *D. ramellosa* (Sean) 0
12. *D. bulbosa* ssp. *coronata* (Sean) 0
13. *D. zigzagia* (Dave) 1
14. *D. erythrorhiza* ssp. *collina* (Dave) 0
15. *D. heterophylla* (Dave) 1
16. *D. macrophylla* ssp. *macrophylla* (Rob Fuzzy) 0
17. *D. marchantii* ssp. *prophylla* (Rob Fuzzy) 0
18. *D. hirsuta* (Rob Fuzzy) 0
19. *D. macrantha* 'Rock Outcrop Form' (Glenn) 0
20. *D. peltata* (Glenn) 0
21. *D. rosulata* (Sean) 0
22. *D. platypoda* (Sean) 0
23. *D. lowriei* (Sean) 0

The winner was *Drosera squamosa* grown by Sean. Sean grows it in 1cm of water under artificial lights. Liquid fertiliser every second week. Keep barely moist when dormant in summer. Feed heavily when they first emerge. Can use fish flakes. Plants respond positively to fire; even a sprinkling of ash from a fire place.

Other plants:

D. pauciflora (Glenn)
D. pauciflora (Rob & Fuzzy)
D. pauciflora (Sean)
D. alba (Rob & Fuzzy)

N. x Emmarene (= *N. khasiana* x *ventricosa*) (Dave)

N. spathulata x *maxima* (Dave)

Byblis gigantea (Dave)

The meeting closed at 8.57p.m. and members adjourned for supper provided by Marina and Wesley.

The next meeting will be held at Woodstock Community Centre on Friday 9th August 2019 starting at 7.30 p.m. The next 'Plant of the month' is *Pinguicula*.

CANBERRA MINUTES

MINUTES OF THE AUSTRALASIAN CARNIVOROUS PLANT SOCIETY INC. HELD ON FRIDAY, JULY 5TH 2019 DOWNER COMMUNITY CENTRE (DCC), CANBERRA, ACT

The meeting opened at 7.30 pm

PRESENT

There were 12 members and 2 guests in attendance.

APOLOGIES

Ross Rowe, Anthony Field, Denise Palmer, Rod Thomson and Justin May.

GENERAL BUSINESS

Money collected at the meeting included \$31.35 in gold coin donations. Venue hire (\$60) for April, May and June was paid to the DCC on June 26th. Revenue from gold coin donations and plant sales now totals \$635 – note that \$20 from revenue is allocated to venue hire for the July meeting leaving a sub-total of \$615.

The DCC has notified the Society that there will be an increase in room venue hire in 2019 to \$24 per meeting.

BUSINESS ARISING

The meeting began with a welcome to the newest member – Andy Do.

Canberra members were reminded of the upcoming AusCPS AGM in Sydney on July 12th. There was a brief discussion on planning for an end of year show and dinner, and liaising with the Sydney branch to maintain synergies with prizes etc. The Canberra Branch will seek volunteers to begin planning at the September meeting.

John Nielsen will be presenting a talk on growing carnivorous plants in Canberra to the Horticultural Society on July 15th.

Chris Duffy is currently liaising with the Horticultural Society to organise some dates where AusCPS will participate in the carnivorous plant section of their shows.

Following general business, John Nielsen gave a presentation on Growing Carnivorous Plants in Bog Gardens. John provided members with valuable information on planning and building a bog garden using pre-formed ponds, plants that work well in bog gardens under Canberra's climatic conditions, and how to subsequently maintain a bog garden. A copy of John's presentation is available on the AusCPS Facebook page.

Owen O'Neil then led an informative discussion on winter maintenance of Sarracenia and VFT's.

PLANT OF THE MONTH

The following plants were bought in for the 'Plant of the Month' competition.

1. *Drosera macrantha* – grown by Bastien Small
2. *Drosera squamosa* – grown by Bob Little
3. *Drosera zonaria* – grown by Barry Bradshaw
4. *Drosera rupicola* – grown by Barry Bradshaw
5. *Drosera latifolia* – grown by Barry Bradshaw
6. *Drosera banksii* – grown by Chris Duffy
7. *Drosera aff ordensis*, – grown by Chris Duffy
8. *Drosera aff ordensis x darwiniensis* – grown by Chris Duffy
9. *Drosera ordensis* – grown by Chris Duffy

The winner was *Drosera macrantha* grown by Bastien Small.

The meeting closed at 9.30 pm. The next meeting will be held at the Dower Community Centre on Friday August 2nd 2019 at 7.30pm – the meeting theme will be *Cephalotus* and *Heliamphora*.

IN THE GREENHOUSE

ALDROVANDA

Plants are still dormant if grown outside. *Aldrovanda* survives the Winter chills by producing a turion, which either floats on the water surface or sinks to the bottom of the pond. Keep an eye on them so they don't get washed away or eaten by birds and animals.

BROCCHINIA / CATOPSIS

Maintain high light levels and humidity. Apply light foliar fertilisation (Avoid fertilisers high in Urea). Potted plants will produce more pups which may be divided when semi-mature.

BYBLIS

Byblis gigantea and *lamellata* are in active growth. Seeds may be sown after treatment with smoke or GA3. Germination is usually 2-3 weeks. Keep the soil moist. The northern species of *Byblis* should have ended their life cycle. Keep the seed in a warm and dry place in preparation of the coming Spring.

CEPHALOTUS

Keep the soil moist but well-drained. Avoid fungal problems by keeping good air movement around the plants. Non-carnivorous Winter leaves should be produced now. Pitchers also colour up nicely with the cooler nights.

DARLINGTONIA

Darlingtonia is now dormant. Keep moist and cold as long as possible to ensure a full dormancy is achieved. Sow seed onto moist Sphagnum moss and expose to the cold nights to aid stratification of the seed.

DIONAEA

All VFTs will now be dormant. Sow seed onto your preferred medium and expose to the cold to aid stratification of the seed. Seed will germinate in Spring.

DROSERA

Tuberous *Drosera* are now in active growth. Keep the pots moist. Add small wire trainers for the stem forming species.

Pygmy *Drosera* will begin to produce carnivorous leaves. Keep plants moist to wet in full sun.

Other Winter growing species such as *D. ramentacea*, *cistiflora* and *pauciflora* will be in full growth and flower. Keep the pots moist to wet. Leaf cuttings of *D. pauciflora* may be taken now.

Tropical and sub-tropical species need to be kept warm to keep them alive. Species such as *D. burmannii* will begin to die. Harvest the seed and sow in Spring.

Petiolaris-complex species may need artificial heating to keep them alive. Aim for a minimum temperature of 25°C. Keep the pots moist to stop the plants entering dormancy.

Temperate *Drosera* such as *D. filiformis*, *intermedia* and *rotundifolia* may resume growth from their Winter dormancy. Increase sunlight and water.

DROSOPHYLLUM

Drosophyllum is in active growth and may be kept wetter during the cooler months. Seed may be sown onto moist compost after treatment with boiling water for 10 seconds. Germination may be from 2-8 weeks. Feed with insects to boost growth.

GENLISEA

Genlisea should be in flower and active growth. Keep the water levels high with these species. Leaf and trap production will improve when the water level is at soil level. Artificial heating may be required. Avoid exposure to frosts and ideally keep plants above 10°C.

HELIAMPHORA

Keep plants in a bright but cool location. Mist regularly to help keep the pots cool. Light levels may be increased with the cooler nights.

NEPENTHES

Winter sees a dramatic drop in the growth rates and pitcher production of *Nepenthes*. Keep the lowland species above 15°C at night and as warm as possible during the day. Highland species enjoy cooler nights and will continue to grow. Keep highland plants above 5°C at night and between 20-25°C during the day.

PINGUICULA

Mexican species/hybrids are entering dormancy and often flower during this stage. Pollinate the flowers to obtain seed. Most species produce smaller fleshier leaves (heterophyllous). Some species such as *P. gigantea* will produce smaller typical leaves (homophyllous). Keep humidity high but the soil drier. Leaf cuttings may be taken by pulling the older leaves from the mother plant. Ensure you get all of the leaf including the white parts close to the roots.

Warm-temperate and temperate species such as *P. primuliflora* and *P. lusitanica* will continue to grow. Keep the water up to *P. primuliflora* and take leaf cuttings.

RORIDULA

Roridula growth rates increase with the cooler nights. Seed may be harvested now. Sow onto moist peat/sand. Germination may take 3-8 weeks. Keep the soil moist and ensure good air circulation.

SARRACENIA

Sarracenia may start to end their dormancy in warmer climates. Ensure you remove all of the dead, and dying pitchers and phyllodes. Increase plants exposure to the sun and watch for caterpillar, scale and mealy bug attack. Germination of seed will occur in warmer weather.

UTRICULARIA

Most terrestrial *Utricularia* will be in active growth and flower. Keep moist to wet. Flowering will resume in Spring.

Aquatic *Utricularia* will slow in growth and may be dormant. Keep an eye out for *U. australis* turions floating on the water's surface.

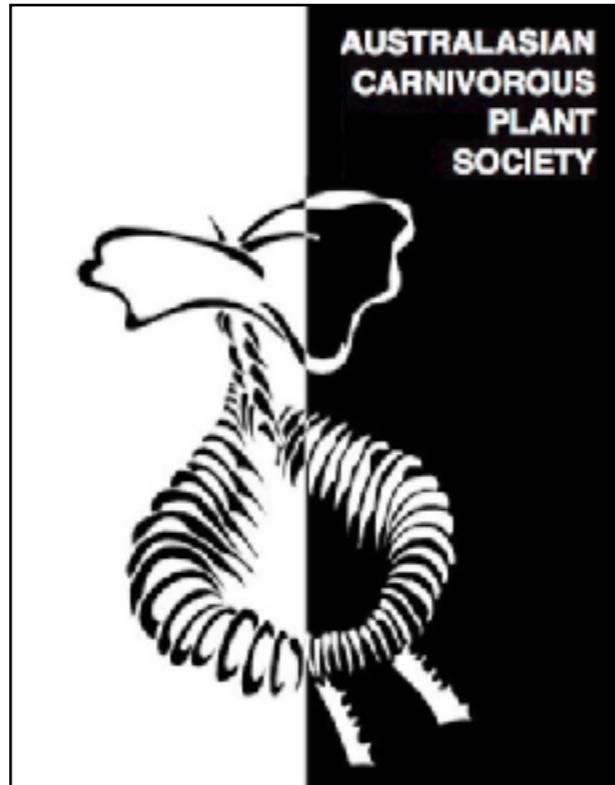

Winter growing species, such as *U. multifida* and *menziesii* will be in active growth.

Tropical *Utricularia* - Maintain higher temperatures, humidity and air movement. Keep soils moist.

MERCHANDISE

CONTACT CARDS

The Society now produces a business sized card with all of our contact details. The cards are free and available for collection from our meetings. Members and visitors are welcome to take a handful of cards to distribute to other Carnivorous Plant enthusiasts.

SEED BANK

There currently is a good range of seed available in the Seed Bank. Seed packets are \$1 each for members. Donations of seed are welcome. Please supply location data if available. Your Seed Bank Officer is Ian Woolf. Email: iwoolf@gmail.com. The seed bank list is contained at the end of this newsletter.

T-SHIRTS

T-shirts printed with our logo on the front are available for \$35 each. These T-Shirts are a great way to promote and support the Society at functions and shows. To order the T-Shirts, contact David at auscps@gmail.com.

SMOKE DISCS

Smoke discs aid in the germination of difficult species of *Drosera*, *Byblis* etc, that often germinate after a bushfire. The discs are available for \$5.00 each at meetings or contact Ian Woolf on iwoolf@gmail.com

BASEBALL CAPS

Baseball caps printed with our logo on the front and name on the back are now available on order for \$35 each. To order, contact David at auscps@gmail.com

POTTING MIXES

The Society is now selling assorted bags of Carnivorous Plant potting mix to members and friends. We have quality *Sphagnum* Peat Moss, Mexican *Pinguicula*, *Nepenthes* and *Sarracenia* mixes. Each bag is \$5 and may be purchased from meetings or events.

FIELD GUIDE TO THE CARNIVOROUS PLANTS OF SYDNEY AND THE BLUE MOUNTAINS

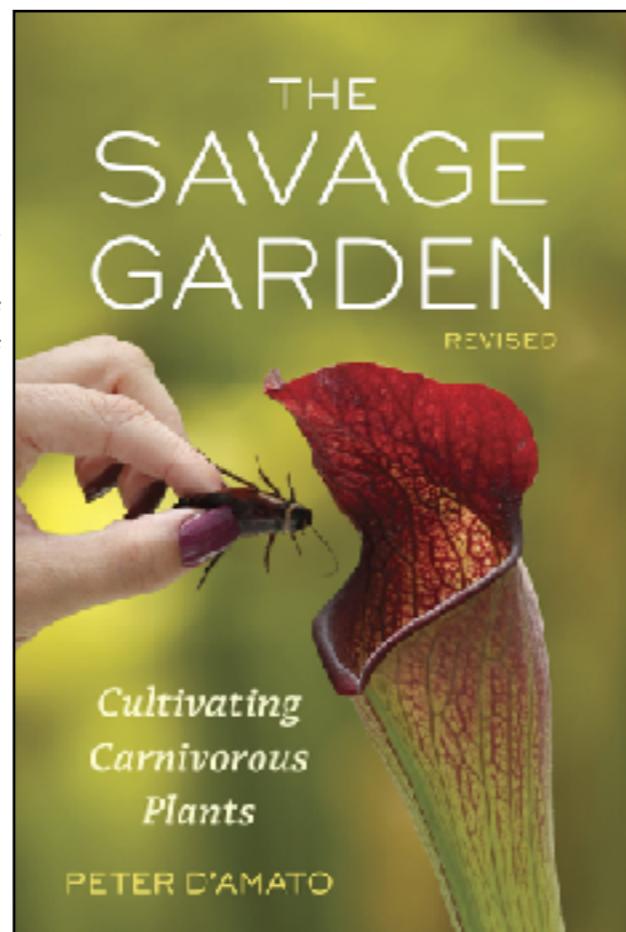

The Society is currently developing a field guide for the Carnivorous Plants of the Sydney and Blue Mountains region. The booklet details all 19 species in the area and will be about 44 pages long. The booklet will feature a detailed map with specific information on where to find the best population of each species. The price of the book has not yet been determined but is expected to be less than \$25.

THE SAVAGE GARDEN

The Society is also selling copies of the second edition of "The Savage Garden" for members and friends to purchase. The Savage Garden, by Peter D'Amato, is one of the best books dedicated to the cultivation of Carnivorous Plants, covering more than 300 species, gloriously illustrated with more than 200 colour photographs over 374 pages.

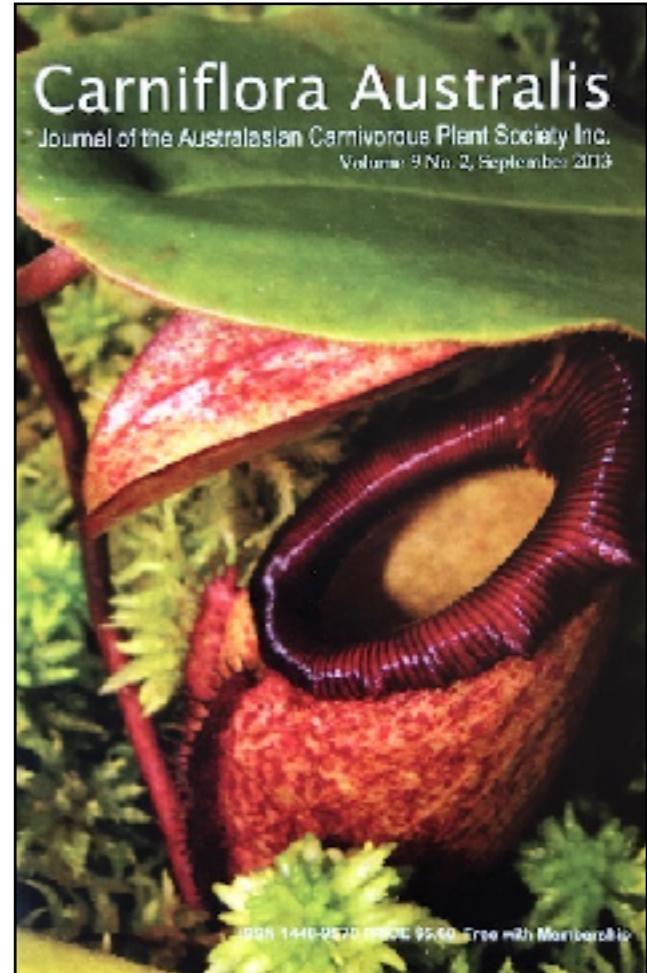

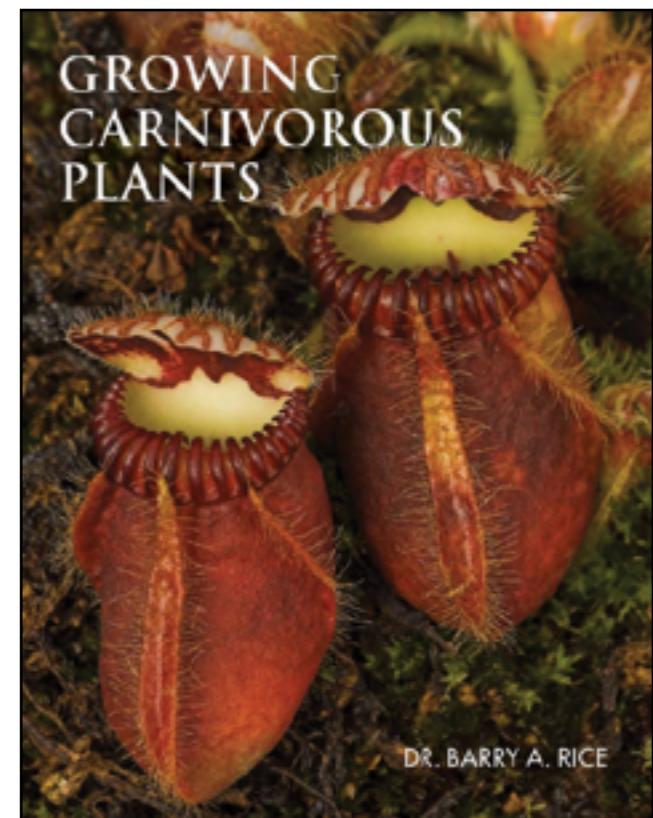

We are offering this book to members for \$30 and to non-members for \$35. The books may be purchased from Society meetings and events, or via PayPal and posted to anywhere in Australia for \$12. Contact David at auscps@gmail.com to order.

GROWING CARNIVOROUS PLANTS

The Society has a few hardback copies of Barry Rice's book for members and friends to purchase.

We are offering this book to members for \$30 and to non-members for \$35. The books may be purchased from the Society at meetings and events.

CARNIFLORA AUSTRALIS

Various back editions of *Carniflora Australis* will be available for sale at the meetings for \$5. Some editions are very limited. Please contact your branch coordinators for edition availability or deals on multiple copies.

CLASSIFIEDS

Cephalotus
the Albany Pitcher Plant

"Cephalotus—the Albany Pitcher Plant" is the first monograph of the monotypic *Cephalotus follicularis*, a species that is instantly recognisable for its distinctive and charismatic insect trapping leaves. This generously illustrated volume features original botanical art and photographs, documenting this remarkable Australian endemic in unprecedented detail, with the most up to date summary of its status in the wild along with new genetic analyses of the majority of known populations.

Only 500 copies of this limited edition work will be produced, all signed by the co-authors and priced at £32.99. Expected to ship in the 4th quarter of 2018.

Visit www.redfernnaturalhistory.com/books/cephalotus to reserve your copies!

LIBRARY

The AUSCPS Library is managed by Glenn Carson. Members may borrow journals and books for free by placing a small monetary deposit as security. Please contact Glenn on glenncarson@iinet.net.au to organise your loan or to donate books.

MEMBERSHIP FORM

The Australasian Carnivorous Plant Society Inc. is a not for profit organisation formed in December 2002 to promote the education, cultivation and conservation of carnivorous plants. The Society formed from the New South Wales Carnivorous Plant Society Inc. which was established in 1986 and produced the journal *Flytrap News*.

Annual membership entitles you access to our subsidised seed bank, ability to sell plants at official stalls at which the society participates, monthly E-newsletters, and two editions of ***Carniflora Australis***, our high quality biannual journal. Membership is \$35 per year, however if you wish to receive electronic versions of the journal, membership is only \$25 per year (valid email address is required). Payment options are detailed below:

CASH, MONEY ORDER OR CHEQUE

Please send your money order or cheque, made out to AUSTRALASIAN CARNIVOROUS PLANT SOCIETY INC., along with the completed form below to:

Membership Secretary
Australasian Carnivorous Plant Society Inc.
PO Box 70, Burwood, NSW 1805 AUSTRALIA
