July 2020

*Drosera pauciflora*. Photographed by Robert Gibson

Welcome to *Carniflora News*, a newsletter produced by the Australasian Carnivorous Plants Society Inc. that documents the meetings, news and events of the Society.

The current committee of the Australasian Carnivorous Plant Society Inc. comprises:

### COMMITTEE

**President** - Wesley Fairhall  
[wesleyfairhall7@gmail.com](mailto:wesleyfairhall7@gmail.com)

**Vice President** - Vacant

**Treasurer** - David Colbourn  
[davecolbourn@gmail.com](mailto:davecolbourn@gmail.com)

**Secretary** - Kirk 'Fuzzy' Hirsch  
[mijmark@ihug.com.au](mailto:mijmark@ihug.com.au)

**General Committee Member** - Sean Polivnick  
[spolivnick@hotmail.com](mailto:spolivnick@hotmail.com)

### DELEGATES

**Journal Editor** - Dr. Robert Gibson

**Sydney Coordinator** - Wesley Fairhall  
[wesleyfairhall7@gmail.com](mailto:wesleyfairhall7@gmail.com)

**Newsletter Editor** - David Colbourn  
[davecolbourn@gmail.com](mailto:davecolbourn@gmail.com)

**Sydney Coordinator** - Kirk Hirsch  
[mijmark@ihug.com.au](mailto:mijmark@ihug.com.au)

**Public Officer** - Kirk Hirsch  
[mijmark@ihug.com.au](mailto:mijmark@ihug.com.au)

**Brisbane Coordinator** - Vacant

**Website Manager** - Marina Chong

**Brisbane Coordinator** - Vacant

**Social Media Manager** - Glen Moss

**Canberra Coordinator** - Robert Little

**Merchandise Manager** - David Colbourn  
[davecolbourn@gmail.com](mailto:davecolbourn@gmail.com)

**Canberra Coordinator** - Chris Duffy

**Events Coordinator** - Vacant

**Library Manager** - Glenn Carson  
[glenncarson@iinet.net.au](mailto:glenncarson@iinet.net.au)

**Seed Bank Manager** - Ian Woolf  
[iwoolf@gmail.com](mailto:iwoolf@gmail.com)

## CALENDAR

### JULY

3rd July 2020 - AUSCPS meeting - Canberra - Cancelled  
10th July 2020 - AUSCPS meeting - Sydney - Cancelled

### AUGUST

7th August 2020 - AUSCPS meeting - Canberra - Pests, diseases, terrariums & lights.  
14th August 2020 - AUSCPS meeting - Sydney featuring *Drosophyllum*, *Roridula* & *Byblis*

### SEPTEMBER

4th September 2020 - AUSCPS meeting - Canberra;  
11th September 2020 - AUSCPS meeting - Sydney featuring Australian Native CPs  
26-27th September 2020 - Collectors Plant Fair, Clarendon

### OCTOBER

2nd October 2020 - AUSCPS meeting - Canberra  
9th October 2020 - AUSCPS meeting - Sydney featuring *Utricularia* & *Genlisea*

### NOVEMBER

6th November 2020 - AUSCPS meeting - Canberra - *Nepenthes*; *Sarracenia* display  
13th November 2020 - AUSCPS meeting - Sydney - *Sarracenia*  
TBA - VCPS annual show, Collector's Corner, Melbourne  
TBA - Triffid Park open day

### DECEMBER

TBA- VCPS annual show, Collectors Corner, Melbourne  
4th December 2020 - AUSCPS meeting - Canberra - Christmas Party  
11th December 2020 - AUSCPS - Sydney - Annual Show

### JANUARY

1st January 2021 - AUSCPS meeting - Canberra  
8th January 2021 - AUSCPS meeting - Sydney featuring *Dionaea* & *Aldrovanda*

### FEBRUARY

7th February 2021 - AUSCPS meeting - Canberra  
14th February 2021 - AUSCPS meeting - Sydney featuring Summer growing *Drosera* and *Byblis*

### MARCH

5th March 2021 - AUSCPS meeting - Canberra featuring Carnivorous Plants 101  
12th March 2021 - AUSCPS meeting - Sydney featuring *Pinguicula*  
TBA - Collectors' Plant Fair, Clarendon, N.S.W.

### APRIL

2nd April 2021 - AUSCPS meeting - Canberra (*Good Friday*)  
9th April 2021 - AUSCPS meeting - Sydney featuring *Sarracenia* and *Darlingtonia*

### MAY

7th May 2021 - AUSCPS meeting - Canberra  
14th May 2021 - AUSCPS meeting - Sydney featuring *Nepenthes*

### JUNE

4th June 2021 - AUSCPS meeting - Canberra  
11th June 2021 - AUSCPS meeting - Sydney featuring *Cephalotus*, *Heliamphora* and Carnivorous Bromeliads

## NEWS

### **CORONAVIRUS PRECAUTIONARY MEASURES**

With the emergence of Coronavirus and increasing restrictions put on social gatherings, the Committee of the AUSCPS decided to cancel all meetings until further notice. News about the Society and any announcements will be published via our Facebook site and this newsletter. The AUSCPS Executive thanks you for your understanding and is happy to answer any queries you may have in relation to this announcement.

### **MEMBERSHIP RENEWAL**

Membership of the Australasian Carnivorous Plant Society Inc. (AUSCPS) is due now. Membership to the Society is \$20 per calendar year, or \$35 if you require printed journals with your membership. The AUSCPS is a not for profit organisation that promotes the conservation and cultivation of carnivorous plants in Australia and abroad.

**JOIN NOW!**

Membership entitles you to two editions of our journal, *Carniflora Australis*, 12 editions of our monthly newsletter, *Carniflora News*, subsidised seed from our seed bank, discounts on books and other merchandise, access to our free library and access to sell plants at fairs and events attended by the Society. A membership form is included in this newsletter with instructions on how to make payment.

### **ANNUAL GENERAL MEETING**

Our A.G.M. was to be held at the Sydney meeting on the 10th July. Due to restrictions from COVID19, the AGM will be held on the next meeting when restrictions are lifted. Nominees are listed in an attached ballot paper along with a proxy voting form for those who are unable to attend the A.G.M. Please consider this opportunity to be more involved with the Society and have a say in our future.

### **FIELD GUIDE**

The Field Guide to the Carnivorous Plants of Sydney and the Blue Mountains was released on 13th December and is now available for sale. The RRP is \$15. Members may purchase the guide for \$10 (limit of 2 copies per member). The guide may be purchased from meetings and events, and will also be available on eBay. Sales have been strong with orders from around the country and internationally.

### **INSTAGRAM PHOTOS**

We are looking to expand our file of quality photographs used in the newsletter and on our Social Media platforms. If you have any photos that you think may be suitable for publication, please forward them to [auscps@gmail.com](mailto:auscps@gmail.com)

### **SAVAGE GARDEN**

Our shipment of new Savage Garden books has been delayed by COVID19 and is expected to arrive in Australia in late June.

### **BACK ISSUES OF CARNIFLORA AUSTRALIS**

The Society has a number of surplus back issues of *Carniflora Australis*. They will only be for sale at meetings for \$1 each.

### **NEW SPECIES OF UTRICULARIA**

A new species of *Utricularia* named *U. kamarudeenii*, from the paddy fields of Kottayam district of Kerala, India, is described and illustrated. The new species resembles *U. aurea* but differs from it in the length of spur with respect to the lower lip, deeply bilobed lower lip, presence of one type of trap having basal mouth without appendages and hexagonal shape of the seed.

<https://www.biotaxa.org/Phytotaxa/article/view/phytotaxa.447.1.7>

### **SAVAGE GARDEN**

Copies of Peter D'Amato's Savage Garden are back in stock. There is a small price increase due to increases in publishing and shipping costs. Books are now \$35 for members and \$40 for non-members.

## **IN THE GREENHOUSE**

### **ALDROVANDA**

Plants will now be dormant if grown outside. *Aldrovanda* survive the Winter chills by producing a turion, which either floats on the water surface or sinks to the bottom of the pond. Keep an eye on them so they don't get washed away or eaten by birds and animals.

### **BROCCHINIA / CATOPSIS**

Maintain high light levels and humidity. Apply light foliar fertilisation (Avoid fertilisers high in Urea). Potted plants will produce more pups which may be divided when semi-mature.

### **BYBLIS**

*Byblis gigantea* and *lamellata* are now in active growth. Keep the soil moist to wet. Seed may be sown now. Treat seed with Ga3 or smoke water.

The northern species of *Byblis* are close to the end of their life cycle. Keep moist and humidity high. Harvest and store the seed.

Growth rates for all species of *Byblis* may be accelerated with increased prey capture or fertilisation. Place some rotting fruit around the plants or sprinkle granulated fish food onto the leaves. Pollinate the flowers using the “buzz” technique.

### **CEPHALOTUS**

Keep the soil moist but well drained. Avoid fungal problems by keeping good air movement around the plants. Non-carnivorous Winter leaves should be produced now. Pitchers also colour up nicely with the cooler nights.

### **DARLINGTONIA**

*Darlingtonia* is now dormant. Keep moist and cold as long as possible to ensure a full dormancy is achieved. Sow seed onto moist Sphagnum moss and expose to the cold nights to aid stratification of the seed.

### **DIONAEA**

All VFTs will now be dormant. Sow seed onto your preferred medium and expose to the cold to aid stratification of the seed. Seed will germinate in Spring.

### **DROSERA**

Tuberous *Drosera* are now in active growth with the rosetted species in flower. Keep the pots moist. Add small wire trainers for the stem forming species.

Pygmy *Drosera* will end their gemmae phase and begin to produce carnivorous leaves. Keep plants moist to wet in full sun.

Other Winter growing species such as *D. ramentacea*, *cistiflora* and *pauciflora* will be in full growth. Keep the pots moist to wet.

Tropical and sub-tropical species need to be kept warm to keep them alive. Species such as *D. burmannii* will begin to die. Harvest the seed and sow in Spring.

Petiolearis-complex species may need artificial heating to keep them alive. Aim for a minimum temperature of 25°C. Keep the pots moist to stop the plants entering dormancy.

Temperate species such as *D. filiformis*, *D. intermedia* and *D. rotundifolia* will have formed a winter hibernacula and are now dormant.

### **DROSOPHYLLUM**

*Drosophyllum* is in active growth and may be kept wetter during the cooler months. Seed may be sown onto moist compost after treatment with boiling water for 10 seconds. Soak for 24-48 hours in water. Germination may take from 2-8 weeks. Feed with insects to boost growth.

### **GENLISEA**

*Genlisea* should be in flower and active growth. Keep the water levels high with these species. Leaf and trap production will improve when the water level is at soil level. Artificial heating may be required. Avoid exposure to frosts and ideally keep plants above 10°C.

### **HELIAMPHORA**

Keep plants in a bright and very humid location. Avoid temperatures over 30°C and less than 10°C. Fertilise with a diluted foliar application of urea free fertiliser every 2-4 weeks.

### **NEPENTHES**

Winter sees a dramatic drop in the growth rates and pitcher production of *Nepenthes*. Keep the lowland species above 15°C at night and as warm as possible during the day. Highland species enjoy cooler nights and will continue to grow. Keep highland plants above 5°C at night and between 20-25°C during the day.

### **PINGUICULA**

Mexican species/hybrids are entering dormancy and often flower during this stage. Pollinate the flowers to obtain seed. Most species produce smaller fleshier leaves (heterophyllous). Some species such as *P. gigantea* and *P. emarginata* will produce smaller typical leaves (homophyllous). Keep humidity high but the soil drier for the heterophyllous species and hybrids. Leaf cuttings may be taken by pulling the older leaves from the mother plant. Ensure you get all of the leaf including the white parts close to the roots. Warm-temperate and temperate species such as *P. primuliflora* and *lusitanica* will continue to grow. Keep the water up to *P. primuliflora* and take leaf cuttings.

### **RORIDULA**

*Roridula* growth rates increase with the cooler nights. Seed may be harvested now. Sow onto moist peat/sand. Germination may take 3-8 weeks. Keep the soil moist and ensure good air circulation. Fertilise with a diluted foliar application of urea free fertiliser every 2-4 weeks.

### **SARRACENIA**

All *Sarracenia* species/hybrids will stop producing leaves/phyllodes and enter dormancy. Keep the existing pitchers/leaves on the plants until late Winter. Harvest seed and sow onto your preferred mix. Germination will occur in Spring.

### **UTRICULARIA**

Most terrestrial *Utricularia* will be in active growth and flower. Keep moist to wet. Flowering will resume in Spring.

Aquatic *Utricularia* will slow in growth and may be dormant. Keep an eye out for *U. australis* turions floating on the water's surface.

Winter growing species, such as *U. multifida* and *menziesii* will be in active growth.

Tropical *Utricularia* - Maintain higher temperatures, humidity and air movement. Keep soils moist.

## MERCHANDISE

### CONTACT CARDS

The Society now produces a business sized card with all of our contact details. The cards are free and available for collection from our meetings. Members and visitors are welcome to take a handful of cards to distribute to other Carnivorous Plant enthusiasts.

### T-SHIRTS

T-shirts printed with our logo on the front are available for \$35 each. These T-Shirts are a great way to promote and support the Society at functions and shows. To order the T-Shirts, contact David at [auscps@gmail.com](mailto:auscps@gmail.com).

### BASEBALL CAPS

Baseball caps printed with our logo on the front and name on the back are now available on order for \$35 each. To order, contact David at [auscps@gmail.com](mailto:auscps@gmail.com)

### SMOKE DISCS

Smoke discs aid in the germination of difficult species of *Drosera*, *Byblis* etc, that often germinate after a bushfire. The discs are available for \$5.00 each at meetings or contact Ian Woolf on [iwoolf@gmail.com](mailto:iwoolf@gmail.com)

### POTTING MIXES

The Society is now selling assorted bags of Carnivorous Plant potting mix to members and friends. We have quality *Sphagnum* Peat Moss, Mexican *Pinguicula*, *Nepenthes* and *Sarracenia* mixes. Each bag is \$5 and may be purchased at meetings or events.

### SEED BANK

Seed packets are \$1 each for members. Donations of seed are welcome. Please supply location data if available. Your Seed Bank Officer is Ian Woolf. Email: [iwoolf@gmail.com](mailto:iwoolf@gmail.com). The seed bank list is contained at the end of this newsletter.

### LIVE SPHAGNUM MOSS

The Society has sourced some live Sphagnum moss for sale at meetings and events for \$10 per bag.

### FIELD GUIDE TO THE CARNIVOROUS PLANTS OF SYDNEY AND THE BLUE MOUNTAINS

The Field Guide to the Carnivorous Plants of Sydney and Blue Mountains is out now. The booklet details all 19 species in the area and contains 44 full colour pages. The guide features a detailed map with specific information on where to find the best population of each species. The price of the guide is \$15 or \$10 for members (limit of 2) and is available at meetings, events and on ebay.

### GROWING CARNIVOROUS PLANTS

The Society has a few hardback copies of Barry Rice's book for members and friends to purchase.

We are offering this book to members for \$30 and to non-members for \$35. The books may be purchased from the Society at meetings and events.

### THE SAVAGE GARDEN

The Society is also selling copies of the second edition of "The Savage Garden" for members and friends to purchase. The Savage Garden, by Peter D'Amato, is one of the best books dedicated to the cultivation of Carnivorous Plants, covering more than 300 species, gloriously illustrated with more than 200 colour photographs over 374 pages.

We are offering this book to members for \$35 and to non-members for \$40. The books may be purchased from Society meetings and events, or via PayPal and posted to anywhere in Australia for \$12. Contact David at [auscps@gmail.com](mailto:auscps@gmail.com) to order.

### CARNIFLORA AUSTRALIS

Various back editions of *Carniflora Australis* will be available for sale at the meetings for \$1 each. Some editions are very limited. Please contact your branch coordinators for edition availability or deals on multiple copies.

## MEMBERSHIP FORM

The Australasian Carnivorous Plant Society Inc. is a not for profit organisation formed in December 2002 to promote the education, cultivation and conservation of carnivorous plants. The Society formed from the New South Wales Carnivorous Plant Society Inc. which was established in 1986 and produced the journal *Flytrap News*.

Annual membership entitles you access to our subsidised seed bank, ability to sell plants at official stalls at which the society participates, monthly E-newsletters, and two editions of ***Carniflora Australis***, our high quality biannual journal. Membership is \$35 per year, however if you wish to receive electronic versions of the journal, membership is only \$25 per year (valid email address is required). Payment options are detailed below:

### CASH, MONEY ORDER OR CHEQUE

Please send your money order or cheque, made out to AUSTRALASIAN CARNIVOROUS PLANT SOCIETY INC., along with the completed form below to:

Membership Secretary  
Australasian Carnivorous Plant Society Inc.  
PO Box 70, Burwood, NSW 1805 AUSTRALIA

### DIRECT DEPOSIT

Banking details are below. Please add your email address and name as payment reference. Alternatively, email the Membership Secretary at [auscps@gmail.com](mailto:auscps@gmail.com) to advise of your payment and attach the completed form below:

Acc. Name: Australasian Carnivorous Plant Society Inc.  
Acc. BSB: 112879  
Acc. Number: 195074412  
Ref: Use your name and email address

### PAYPAL

Use the "Send Money" tab to make your payment. Use the current PayPal email address [auscps@gmail.com](mailto:auscps@gmail.com). Set your fee (depending upon membership option). Add your name, mailing address, email address and phone number in the notes tab. You will receive an automatic receipt from Paypal.
