Welcome to *Carniflora News*, a newsletter produced by the Australasian Carnivorous Plants Society Inc. (AUSCPS) that documents the meetings, news, and events of the Society.

The current committee of the AUSCPS comprises:

COMMITTEE

President - Wesley Fairhall
wesleyfairhall7@gmail.com

Vice President - Vacant

Treasurer - David Colbourn
davecolbourn@gmail.com

Secretary - Kirk 'Fuzzy' Hirsch
mijmark@ihug.com.au

General Committee Member - Sean Polivnick
spolivnick@hotmail.com

DELEGATES

Journal Editor - Dr. Robert Gibson

Sydney Coordinator - Wesley Fairhall
wesleyfairhall7@gmail.com

Newsletter Editor – Glenn Carson
glenncarson@iinet.net.au

Sydney Coordinator - Kirk Hirsch
mijmark@ihug.com.au

Public Officer - Kirk Hirsch
mijmark@ihug.com.au
0421 271 888

Brisbane Coordinator - Michael Stillman

Website Manager - Marina Chong

Brisbane Coordinator - Vacant

Social Media Manager - Glen Moss

Canberra Coordinator - Robert Little
robertjameslittle@yahoo.com.au
0402 130 171

Merchandise Manager - David Colbourn
davecolbourn@gmail.com

Canberra Coordinator - Vacant

Events Coordinator - Vacant

Library Manager - Glenn Carson
glenncarson@iinet.net.au

Seed Bank Manager - Ian Woolf
iwoolf@gmail.com

CALENDAR

OCTOBER

1st Oct 2021
8th Oct 2021
11th Oct 2021

AUSCPS meeting - Canberra TBA
AUSCPS meeting - Sydney featuring *Utricularia* and *Genlisea* **Cancelled**
Lockdown Ends

NOVEMBER

5th Nov 2021
12th Nov 2021
TBA

AUSCPS meeting - Canberra TBA
AUSCPS meeting - Sydney featuring *Sarracenia* TBA
Triffid Park open day

DECEMBER

3rd Dec 2021
10th Dec 2021
TBA

AUSCPS meeting - Canberra
AUSCPS meeting - Sydney - Annual Show
National Arboretum Carnivorous Plant Day - Canberra

JANUARY

7th Jan 2022
14th Jan 2022

AUSCPS meeting - Canberra
AUSCPS meeting - Sydney featuring *Dionaea* & *Aldrovanda*

FEBRUARY

4th Feb 2022
11th Feb 2022

AUSCPS meeting - Canberra
AUSCPS meeting - Sydney featuring Summer growing *Drosera*

MARCH

4th Mar 2022
11th Mar 2022

AUSCPS meeting - Canberra featuring Carnivorous Plants 101
AUSCPS meeting - Sydney featuring *Pinguicula*

APRIL

1st Apr 2022
8th Apr 2022
8th Apr 2022
TBA Apr 2022

AUSCPS meeting - Canberra (*Good Friday*) Cancelled
AUSCPS meeting - Sydney featuring *Sarracenia* and *Darlingtonia*
Royal Easter Show - Carnivorous Plant Competition
Collectors' Plant Fair

MAY

6th May 2022
13th May 2022

AUSCPS meeting - Canberra
AUSCPS meeting - Sydney featuring *Nepenthes*

JUNE

3rd Jun 2022
10th Jun 2022

AUSCPS meeting - Canberra
AUSCPS meeting - Sydney featuring *Cephalotus*, *Heliamphora* and
Carnivorous Bromeliads

JULY

1st Jul 2022
8th Jul 2022

AUSCPS meeting - Canberra
AUSCPS meeting - Sydney featuring Winter growing *Drosera* and
Utricularia

AUGUST

5th Aug 2022
12th Aug 2022

AUSCPS meeting - Canberra
AUSCPS meeting - Sydney featuring *Drosophyllum*, *Roridula* and
perennial Byblis

SEPTEMBER

2nd Sep 2022
9th Sep 2022

AUSCPS meeting - Canberra
AUSCPS meeting - Sydney featuring Australian native carnivorous plants

NEWS

CORONAVIRUS PRECAUTIONARY MEASURES With the continued emergence of Coronavirus and restrictions put on social gatherings, the Committee of the AUSCPS decided to cancel all meetings until further notice. News about the Society and any announcements will be published via our Facebook site and this newsletter. The AUSCPS Executive thanks you for your understanding and is happy to answer any queries you may have in relation to this announcement.

MEMBERSHIP RENEWAL Membership of the Australasian Carnivorous Plant Society Inc. (AUSCPS) is due now. Membership to the Society is \$20 per calendar year, or \$35 if you require printed journals with your membership. The AUSCPS is a not for profit organisation that promotes the conservation and cultivation of carnivorous plants in Australia and abroad.

JOIN NOW!

Membership entitles you to two editions of our journal, *Carniflora Australis*, 12 editions of our monthly newsletter, *Carniflora News*, subsidised seed from our seed bank, discounts on books and other merchandise, access to our free library and access to sell plants at fairs and events attended by the Society. A membership form is included in this newsletter with instructions on how to make payment.

A CELEBRATION OF LIFE

Dear Friends and Colleagues,

We are deeply saddened to let you know that Allen Lowrie passed away peacefully on the 30th of August 2021, aged 72 years. As one of the most prominent Australian botanists specialising in carnivorous plants, who discovered and described many native species and authored arguably the most comprehensive series of books on Australian carnivorous plants, Allen's passing is a great loss to the CP community and he will be greatly missed.

His wife Pauline, Daughters Trinity and Filicity and Grandchildren Lochlan, Evan and Yana wish to thank you all for your kind words.

His final goodbye was held on the 13th of September at the Pinjarra Memorial Park in Perth Western Australia.

10/10/48 – 30/08/21

FIELD GUIDE

There are now limited numbers left of "The Field Guide to the Carnivorous Plants of Sydney and the Blue Mountains". There has been a resurgence in sales lately. The RRP is \$15. Members may purchase the guide for \$10 (limit of 2 copies per member).

The guide may be purchased from meetings and events and is also available on eBay. Sales have been strong with orders from around the country and internationally.

INSTAGRAM PHOTOS

We are looking to expand our file of quality photographs used in the newsletter and on our Social Media platforms. If you have any photos that you think may be suitable for publication, please forward them to glenncarson@iinet.net.au

BACK ISSUES OF CARNIFLORA AUSTRALIS

The Society has several surplus back issues of *Carniflora Australis*. They will only be for sale at meetings for \$1 each.

ARTICLES FOR CARNIFLORA AUSTRALIS

We are getting a little light for articles in forthcoming editions of *Carniflora Australis*. If you have an idea for an article, put pen to paper and send us your contribution. We can help fine tune any article.

Your article may be about the following:

- * particular cultivation techniques,
- * field trips to see carnivorous plants,
- * propagation techniques,
- * your favourite plant and why,
- * how your collection started, and
- * feeding and conditions

CALL OUT FOR A SPEAKER

Over 2 days at the Collectors' Plant Fair at Clarendon, some members of our society were asked whether we could arrange for a speaker to speak on the topic of carnivorous plants at the Concord Community Centre. This would be an opportunity to promote the society and provide plants for sale. The dates are 26th October or the 23rd November from 7:30 to 8:00pm.

The usual format is a Power Point slide presentation for about 80 people in the room which is also shared by Zoom with members who are not able to attend.

If anyone is interested, please let someone on the committee know.

NEW SPECIES ALERT

Rare carnivorous flower yet to be named after lucky find by WA photographer

A nature photographer has unwittingly stumbled upon a rare and yet-to-be-named wildflower on a walk near Jurien Bay in Western Australia's Mid West. The carnivorous sundew is in the process of being named by the Royal Botanic Gardens Victoria and Blue Mountains Botanical Gardens in New South Wales. Curtin University carnivorous plant researcher Thilo Krueger said it was an exciting find.

For further reading : https://www.abc.net.au/news/2021-09-08/rare-carnivorous-sundew-wildflower-wa/100439560?utm_campaign=abc_news_web&utm_content=link&utm_medium=content_shared&utm_source=abc_news_web

<https://www.dailymail.co.uk/news/article-9971859/Photographer-stumbles-rare-flower-Western-Australia-looks-like-Covid-19-molecule.html#i-d640e993aaedf3af>

MEETINGS

The Australasian Carnivorous Plant Society Inc. holds meetings in New South Wales and the Australian Capital Territory. Meetings are a great place for members and friends to socialise, share experiences, buy, swap, and sell carnivorous plants.

Meetings are friendly and informative and cater for the experienced grower or new collector to the hobby. Occasionally, we have guest presenters who will give a talk on their adventures discovering carnivorous plants in the wild, or how best to cultivate them in your environment.

We hope you can attend one of our meetings and enjoy the fellowship of other enthusiasts for these wonderful plants.

SYDNEY

The Sydney meetings have been cancelled until further notice due to the current COVID-19 restrictions. The Sydney chapter of the AUSCPS meets at 7:30 pm on the second Friday of each month at the Woodstock Community Centre, Church Street, Burwood. Free parking is available off Fitzroy Street. Public transport is available with Burwood train station about 1 kilometre to the north. Call Kirk on 0421 271 888 or David on 0410 643 531 if you have any questions about attending this meeting.

BRISBANE

The Brisbane chapter of the AUSCPS will hopefully resume meeting again soon.

CANBERRA

The Canberra chapter of the AUSCPS meets at 7:30 pm on the first Friday of each month at the Downer Community Hall, Frencham Place, Downer, A.C.T. Call Robert if you have any questions about attending this meeting on 0402 130 171.

Byblis gigantea, seedling - by Sean Polivnick

Cephalotus follicularis - by Sean Polivnick

Drosera binata var. *dichotoma* 'Giant' - by Sean Polivnick

IN THE GREENHOUSE

ALDROVANDA

Plants are in active growth. Consider adding fresh decomposing leaf litter to the water to add CO₂. Keep frogs and tadpoles out of the water, as they may eat the plants. Plants may be grown in shade to reduce algae growth.

BROCCHINIA / CATOPSIS

Maintain high light levels and humidity. Protect from frost. Feed with 1/4 strength urea free liquid fertiliser every 4 weeks or so.

BYBLIS

Byblis gigantea and *lamellata* will be in full growth. Flowering begins. Cross pollinate flowers using the “Buzz” technique. Keep the soil moist.

The northern annual species of *Byblis* may be sown now. Germination commences when temperatures regularly reach 30°C. Artificial heat and/or smoke/GA3 treatment will induce germination.

CEPHALOTUS

Keep the soil moist but well drained. Avoid fungal problems by keeping good air movement around the plants. Flowering occurs in mid to late Spring.

DARLINGTONIA

Darlingtonia are in growth and flower. Keep moist and expose to cold temperatures for as long as possible. Stratified seed will begin to germinate.

DIONAEA

All VFTs are in active growth with fresh leaves and flowers. Consider removing the flower spike and use in vegetative propagation.

DROSERA

Tuberous *Drosera* begin their dormancy with most species becoming dormant with the warmer weather. Reduce watering.

Pygmy *Drosera* will begin to flower as temperatures increase. Keep plants moist to wet.

Other Winter growing species such as *D. ramentacea*, *cistiflora* and *pauciflora* will begin to enter dormancy. Reduce watering.

Tropical and sub-tropical species will be in growth. Keep protected from frost.

Temperate *Drosera* such as *D. filiformis*, *D. intermedia* and *D. rotundifolia* will end their dormancy and begin to grow and flower.

DROSOPHYLLUM

Drosophyllum will be in active growth and requires frequent feeding. In the absence of insect prey, a 1/4 strength urea free liquid fertiliser applied to the leaves is fine. *Drosophyllum* tolerates higher soil moisture levels during the cooler months and may be watered using the tray method. As temperatures increase, reduce watering and keep the soil just moist. Flowering commences in Spring. Flowers are self fertile.

GENLISEA

Genlisea should be in flower and active growth. Keep the water levels high. Keep warm and protect from frost.

HELIAMPHORA

Keep plants in a bright and humid location. Light levels may be increased with the cooler nights. Feed with 1/4 strength urea free liquid fertiliser.

NEPENTHES

Spring is a great time for Nepenthes. Aim to keep the lowland plants above 15°C. Spotting of the leaves is a sign of temperatures being too low. Highland species enjoy the cooler nights and will continue to grow. Keep plants above 5°C.

PINGUICULA

Most Mexican species/hybrids are dormant. Look out for the Summer carnivorous leaves in the coming months. Keep the soil drier until growth resumes. Some of the non-carnivorous leaves may be removed for leaf cuttings.

Warm-temperate species such as *P. primuliflora* and *lusitanica* will continue growth. Flowering occurs in the Spring. Keep the water up to *P. primuliflora* and take leaf cuttings.

RORIDULA

Roridula is in active growth. Flowering occurs in winter and spring. Sow seed now onto moist peat/sand. Germination may take 3-8 weeks. Keep the soil moist and place in very bright situations. Ensure good air circulation to avoid fungal attack of the seedlings.

SARRACENIA

All *Sarracenia* species/hybrids will resume growth with fresh leaf shoots and flowers. *Sarracenia flava* and *oreophila* species look their best in spring. Increase the water level / frequency and keep in full sun.

UTRICULARIA

Most terrestrial *Utricularia* will be in active growth and flower. Keep moist to wet.

Aquatic *Utricularia* will resume growth.

Winter growing species, such as *U. multifida* and *U. menziesii* will begin to end their growing cycle and go dormant as temperatures increase and soils dry out.

Tropical *Utricularia* - Maintain higher temperatures, humidity and air movement. Keep soil moist.

MERCHANDISE

CONTACT CARDS

The Society now produces a business sized card with all our contact details. The cards are free and available for collection from our meetings. Members and visitors are welcome to take a handful of cards to distribute to other Carnivorous Plant enthusiasts.

T-SHIRTS

T-shirts printed with our logo on the front are available for \$35 each. These T-Shirts are a great way to promote and support the Society at functions and shows. To order the T-Shirts, contact David at auscps@gmail.com.

BASEBALL CAPS

Baseball caps printed with our logo on the front and name on the back are now available on order for \$35 each. To order, contact David at auscps@gmail.com

SMOKE DISCS

Smoke discs aid in the germination of difficult species of *Drosera*, *Byblis* etc., that often germinate after a bushfire. The discs are available for \$5.00 each at meetings or contact Ian Woolf on iwoolf@gmail.com

SEED BANK

Seed packets are \$1 each for members. Donations of seed are welcome. Please supply location data if available. Your Seed Bank Officer is Ian Woolf. Email: iwoolf@gmail.com. The seed bank list is contained at the end of this newsletter.

POTTING MIXES

The Society is now selling assorted bags of Carnivorous Plant potting mix to members and friends. We have quality *Sphagnum* Peat Moss, Mexican *Pinguicula*, *Nepenthes* and *Sarracenia* mixes. Each bag is \$5 and may be purchased at meetings or events.

FIELD GUIDE TO THE CARNIVOROUS PLANTS OF SYDNEY AND THE BLUE MOUNTAINS

The Field Guide to the Carnivorous Plants of Sydney and the Blue Mountains is out now. The booklet details all 19 species in the area and contains 44 full colour pages. The guide features a detailed map with specific information on where to find the best population of each species. The price of the guide is \$15 or \$10 for members (limit of 2) and is available at meetings, events and on eBay.

THE SAVAGE GARDEN

The Society is also selling copies of the second edition of "The Savage Garden" for members and friends to purchase. The Savage Garden, by Peter D'Amato, is one of the best books dedicated to the cultivation of Carnivorous Plants, covering more than 300 species, gloriously illustrated with more than 200 colour photographs over 374 pages.

We are offering this book to members for \$35 and to non-members for \$40. The books may be purchased from Society meetings and events, or via PayPal and posted to anywhere in Australia for \$12. Contact David at auscps@gmail.com to order.

CARNIFLORA AUSTRALIS

Various back editions of *Carniflora Australis* will be available for sale at the meetings for \$1 each. Some editions are very limited. Please contact your branch coordinators for edition availability or deals on multiple copies.

The September issue of *Carniflora Australis* is being reviewed and will be sent to members soon. The issue features the following articles:

- *Utricularia aurea*
- *Drosera ramentosa*
- Members of the *Drosera peltata* complex at Lithgow, NSW
- *Pinguicula* in Switzerland and the French Jura
- *Drosera lowriei*

We hope you will enjoy the issue and find the articles of interest.

MEMBERSHIP FORM

The Australasian Carnivorous Plant Society Inc. is a not for profit organisation formed in December 2002 to promote the education, cultivation, and conservation of carnivorous plants. The Society formed from the New South Wales Carnivorous Plant Society Inc. which was established in 1986 and produced the journal *Flytrap News*.

Annual membership entitles you access to our subsidised seed bank, ability to sell plants at official stalls at which the society participates, monthly E-newsletters, and two editions of ***Carniflora Australis***, our high-quality biannual journal. Membership is \$35 per year, however if you wish to receive electronic versions of the journal, membership is only \$20 per year (valid email address is required). Payment options are detailed below:

CASH, MONEY ORDER OR CHEQUE

Please send your money order or cheque, made out to AUSTRALASIAN CARNIVOROUS PLANT SOCIETY INC., along with the completed form below to:

Membership Secretary
Australasian Carnivorous Plant Society Inc.
PO Box 70, Burwood, NSW 1805 AUSTRALIA

DIRECT DEPOSIT

Banking details are below. Please add your email address and name as payment reference. Alternatively, email the Membership Secretary at auscps@gmail.com to advise of your payment and attach the completed form below:
