Welcome to *Carniflora News*, a newsletter produced by the Australasian Carnivorous Plant Society Inc. (AUSCPS) that documents the meetings, news, and events of the Society.

The current committee of the AUSCPS comprises:

COMMITTEE

President - Wesley Fairhall
wesleyfairhall7@gmail.com

Vice President - Vacant

Treasurer - David Colbourn
davecolbourn@gmail.com

Secretary - Kirk 'Füzzzy' Hirsch
mijmark@ihug.com.au

General Committee Member - Sean Polivnick
spolivnick@hotmail.com

DELEGATES

Journal Editor - Dr. Robert Gibson

Sydney Coordinator - Wesley Fairhall
wesleyfairhall7@gmail.com

Newsletter Editor – Glenn Carson
glenncarson@inet.net.au

Sydney Coordinator- Kirk 'Füzzzy' Hirsch
mijmark@ihug.com.au

Public Officer - Kirk 'Füzzzy' Hirsch
mijmark@ihug.com.au
0421 271 888

Brisbane Coordinator - Vacant

Website Manager - Marina Chong

Brisbane Coordinator - Vacant

Social Media Manager - Glen Moss

Canberra Coordinator - Robert Little
robertjameslittle@yahoo.com.au
0402 130 171

Merchandise Manager - David Colbourn
davecolbourn@gmail.com

Canberra Coordinator - Vacant

Events Coordinator - Vacant

Library Manager - Glenn Carson
glenncarson@inet.net.au

Seed Bank Manager - Marlon Maclean
marlonjamesmaclean@gmail.com

CALENDAR

MAY

6th May 2022 AUSCPS meeting - Canberra Australia *Drosera*
13th May 2022 AUSCPS meeting - Sydney featuring *Nepenthes*

JUNE

3rd Jun 2022 AUSCPS meeting - Canberra Australian *Drosera*
10th Jun 2022 AUSCPS meeting - Sydney featuring *Cephalotus*, *Heliamphora* and
Carnivorous Bromeliads

JULY

1st Jul 2022 AUSCPS meeting - Canberra
8th Jul 2022 AUSCPS meeting - Sydney featuring Winter growing *Drosera* and
Utricularia
8th Jul 2022 **Annual General Meeting**

AUGUST

5th Aug 2022 AUSCPS meeting - Canberra
12th Aug 2022 AUSCPS meeting - Sydney featuring *Drosophyllum*, *Roridula* and perennial *Byblis*

SEPTEMBER

2nd Sep 2022 AUSCPS meeting - Canberra
9th Sep 2022 AUSCPS meeting - Sydney featuring Australian native carnivorous plants

OCTOBER

1st Oct 2022 AUSCPS meeting - Canberra
8th Oct 2022 AUSCPS meeting - Sydney featuring *Utricularia* and *Genlisea*

NOVEMBER

4th Nov 2022 AUSCPS meeting - Canberra
11th Nov 2022 AUSCPS meeting - Sydney featuring *Sarracenia*

DECEMBER

2nd Dec 2022 AUSCPS meeting - Canberra
9th Dec 2022 **AUSCPS meeting - Sydney - Annual Show**
TBA Carnivorous Plant Day - Canberra

JANUARY

6th Jan 2023 AUSCPS meeting - Canberra featuring *Darlingtonia*
13th Jan 2023 AUSCPS meeting - Sydney featuring *Dionaea* & *Aldrovanda*

FEBRUARY

3rd Feb 2023 AUSCPS meeting - Canberra featuring *Nepenthes*
10th Feb 2023 AUSCPS meeting - Sydney featuring Summer growing *Drosera* and Annual *Byblis*

MARCH

3rd Mar 2023 AUSCPS meeting - Canberra featuring *Sarracenia leucophylla* + hybrids
10th Mar 2023 AUSCPS meeting - Sydney featuring *Pinguicula*

APRIL

7th Apr 2023 AUSCPS meeting - Canberra featuring Tuberosus *Drosera* and general plants
14th Apr 2023 AUSCPS meeting - Sydney featuring *Sarracenia* and *Darlingtonia*
16th Apr 2023 **The Royal Easter Show at Homebush - Carnivorous Plants Competition**

NEWS

MEMBERSHIP RENEWAL

Membership of the Australasian Carnivorous Plant Society Inc. (AUSCPS) is \$20 per calendar year, or \$35 if you require printed journals with your membership. The AUSCPS is a not for profit organisation that promotes the conservation and cultivation of carnivorous plants in Australia and abroad.

JOIN NOW!

Membership entitles you to two editions of our journal, *Carniflora Australis*, 12 editions of our monthly newsletter, *Carniflora News*, subsidised seed from our seed bank, discounts on books and other merchandise, access to our free library and access to sell plants at fairs and events attended by the Society. A membership form is included in this newsletter with instructions on how to make payment.

INSTAGRAM PHOTOS

We are looking to expand our file of quality photographs used in the newsletter and on our Social Media platforms. If you have any photos that you think may be suitable for publication, please forward them to glenncarson@iinet.net.au

ARTICLES FOR CARNIFLORA AUSTRALIS

We are getting a little light for articles in forthcoming editions of *Carniflora Australis*. If you have an idea for an article, put pen to paper and send us your contribution. We can help fine tune any article.

Your article may be about the following:

- * particular cultivation techniques,
- * field trips to see carnivorous plants,
- * propagation techniques,
- * your favourite plant and why,
- * how your collection started, and
- * feeding and conditions.

CARNIFLORA AUSTRALIS MARCH 2022

The Journal of the Australian Carnivorous Plant Society Inc. will be available soon. Articles included are:

Roridula - by Barry Bradshaw

Growing terrestrial Utricularia native to eastern Australia - by Kirk 'Fuzzy' Hirsch

Red-leaved form of *Drosera capensis* - by Robert Gibson

Carnivorous plants of the Snowy Mountains - by David Colbourn

Highlights of a trip to SW Australia - by Robert Gibson

Carnivorous plants that feature on postage stamps (2000—2009): Part 1- by David Colbourn

COLLECTORS' PLANT FAIR

The Collectors' Plant Fair was held at the Hawkesbury Race Club in Clarendon on the 9th and 10th April. A huge selection of carnivorous plants were available for purchase and there were many bargains to be had.

Again this was a huge success for our society. With thanks to Marina, Wesley, David, Kirk, Lyn, Gordon, Robert, Phillipe, Ross, Sean, Brett, Glenn and Harrison

We raised a total of \$16,314 where 10% of the takings was added to the society's bank balance.

Words from the organisers:

After a crazy week of Biblical weather, and a huge job from our Production and Planning Team who spent much of the week in talks with Local Authorities, checking in with the Bureau of Meteorology and the SES, Collectors' Plant Fair 2022 went ahead with gusto - safely and surely!

Sincere thanks must go to our wonderful stallholders, without whom we wouldn't have a show (we honestly love every single one of you).

Huge thanks to our loyal plant lovers who came outside and braved it - the weather ended up putting on a show in true Collectors' style - of blue skies and sunshine! We appreciate you and we hope you were rewarded with thriving planty treasures!

Last but not least, sincere thanks to the Dream Team on the ground, we are forever thankful for your support, hugs, shoulders and resilience. We are so very proud of what we all achieved together.

Onward and upward,

Love Linnie and Dan.

THE ROYAL EASTER SHOW

The AUSCPS sponsors the Carnivorous Plant competition at the Royal Easter Show in Sydney. The Show ran from the 8th to the 19th of April 2022 with the Carnivorous Plant competition being held on Monday the 18th of April. The displays were there until Tuesday the 19th April.

Due to many different circumstances, this year saw only one grower enter the competition. Further information, results and pictures regarding this competition will be found in next month's newsletter.

REDFERN NATURAL HISTORY

After fifteen years of work and climbing 300 mountains, Stewart McPherson's life's work is nearly complete and ready for release in 2022.

Nepenthes - The Tropical Pitcher Plants Volumes 1, 2 & 3 is a complete study of all currently known and recognised species of Nepenthes. It is 1,350 pages long and contains over 3,000 images (more than 1,000 have never been published before).

Nepenthes – The Tropical Pitcher Plants is specifically designed to complement Stewart McPherson's past books: New Nepenthes Volume 1 and New Nepenthes Volume 2.

The New Nepenthes series includes countless expedition reports, conservation assessments and wild observations that underpin the treatment and taxonomy presented here. Available as standard hardback books and limited edition, premium leather-bound, collector's edition volumes.

www.redfernnaturalhistory.com

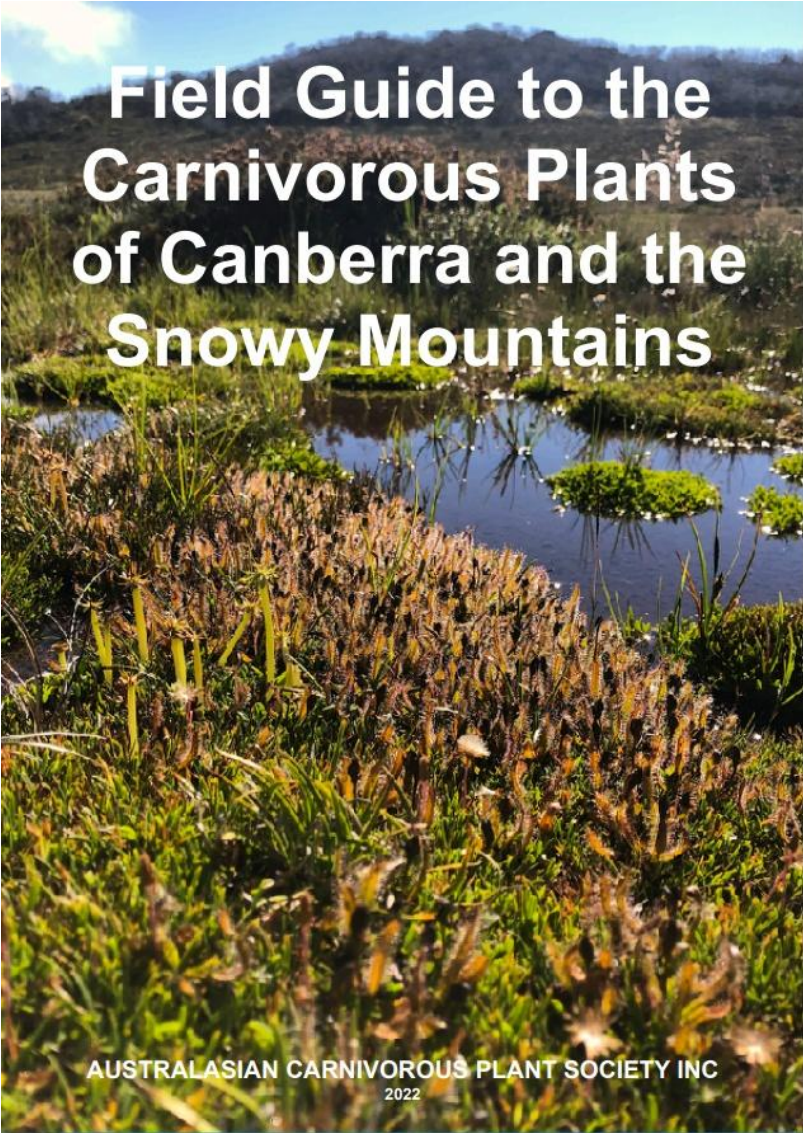

SEED BANK

New additions to the seed bank include *Cephalotus follicularis* donated by Phillippe Reyter and *Drosera lanata*, *D. aliciae*, *D. capensis* 'wide leaf' and *D. glanduligera* donated by David Colbourn

PRESENTATION TALKS

David Colbourn may hold a presentation and talk at the monthly meetings on the following:

June 2022 - Carnivorous Plants of Canberra
July 2022 - Tuberous drosera propagation
August 2022 - Carnivorous plants of Cairns

Field Guide to the Carnivorous Plants of Canberra and the Snowy Mountains

AUSTRALASIAN CARNIVOROUS PLANT SOCIETY INC
2022

FIELD GUIDE TO THE CARNIVOROUS PLANTS OF CANBERRA AND THE SNOWY MOUNTAINS

After our very popular Field Guide to the Carnivorous Plants of Sydney and the Blue Mountains, we are proud to be releasing this new guide which will most likely be ready for release in Spring 2022.

ACKNOWLEDGEMENTS

The Australasian Carnivorous Plant Society Inc. would like to acknowledge the following organisations and contributors: National Herbarium of New South Wales, Royal Botanic Garden, Sydney for the use of their key, glossary, description, habitat and location data, from which this field guide has largely been based.

David Colbourn for his inspiration and collaboration in compiling and presenting the information along with photographs contained within this guide.

Glen Moss, Damien Porombka and Glenn Carson for their field work and contribution of photographs in this guide.

The committee of the Australasian Carnivorous Plant Society Inc for their support and editing of this guide.

ANNUAL GENERAL MEETING

NOMINATIONS FOR THE COMMITTEE

Our A.G.M. is planned for 8th July, 2022 meeting in Sydney. One of the objectives at this meeting is to elect committee members. We are now a national society, and as such, members from across Australia are eligible to be nominated for each position. A description of each elected position is contained below. Included with this newsletter are instructions on how to nominate members for the listed positions and a nomination form.

A list of nominations will then be published in June and voted on at the A.G.M. Interstate / international members will be able to make their vote via proxy. Please consider volunteering for the Society by standing for one of the roles.

The roles and their descriptions are:

President - The President oversees all the Society's activities and will chair General, Extraordinary, and Annual General meetings in accordance with proper business meeting etiquette. The President

casts the 'Deciding Vote' in the event of a deadlock arising from a motion or other matters requiring a vote at Committee level. The President will need good communication, people management, motivational, organisational and delegation skills.

Vice President - The Vice President is responsible for the overall operation of the Society in the absence or otherwise incapacity of the President. The Vice President requires good communication, teamwork and organisational skills.

Treasurer -The Treasurer shall ensure that correct books and accounts are kept showing the financial affairs of the Society. These records shall be available for inspection by any member and shall be held in the custody of the Treasurer. A financial report is to be presented at the A.G.M. The Treasurer will need good accounting and communication skills.

Secretary - The Secretary shall ensure that records of the rules of the Society, the register of members, and minutes of all general and committee meetings are kept. These records shall be available for inspection by any member and shall be held in the custody of the Secretary. The Secretary will need good organisational and communication skills.

NOMINATIONS for the COMMITTEE received so far:

General Committee Member	Marlon MacLean
General Committee Member	Glenn Carson
President	David Colbourn
Vice President	Robert Little
Treasurer	Wesley Fairhall
Secretary	Kirk 'Füzzzy' Hirsch

Some of these nominations require proxy votes as they cannot attend the meeting.

MEETINGS

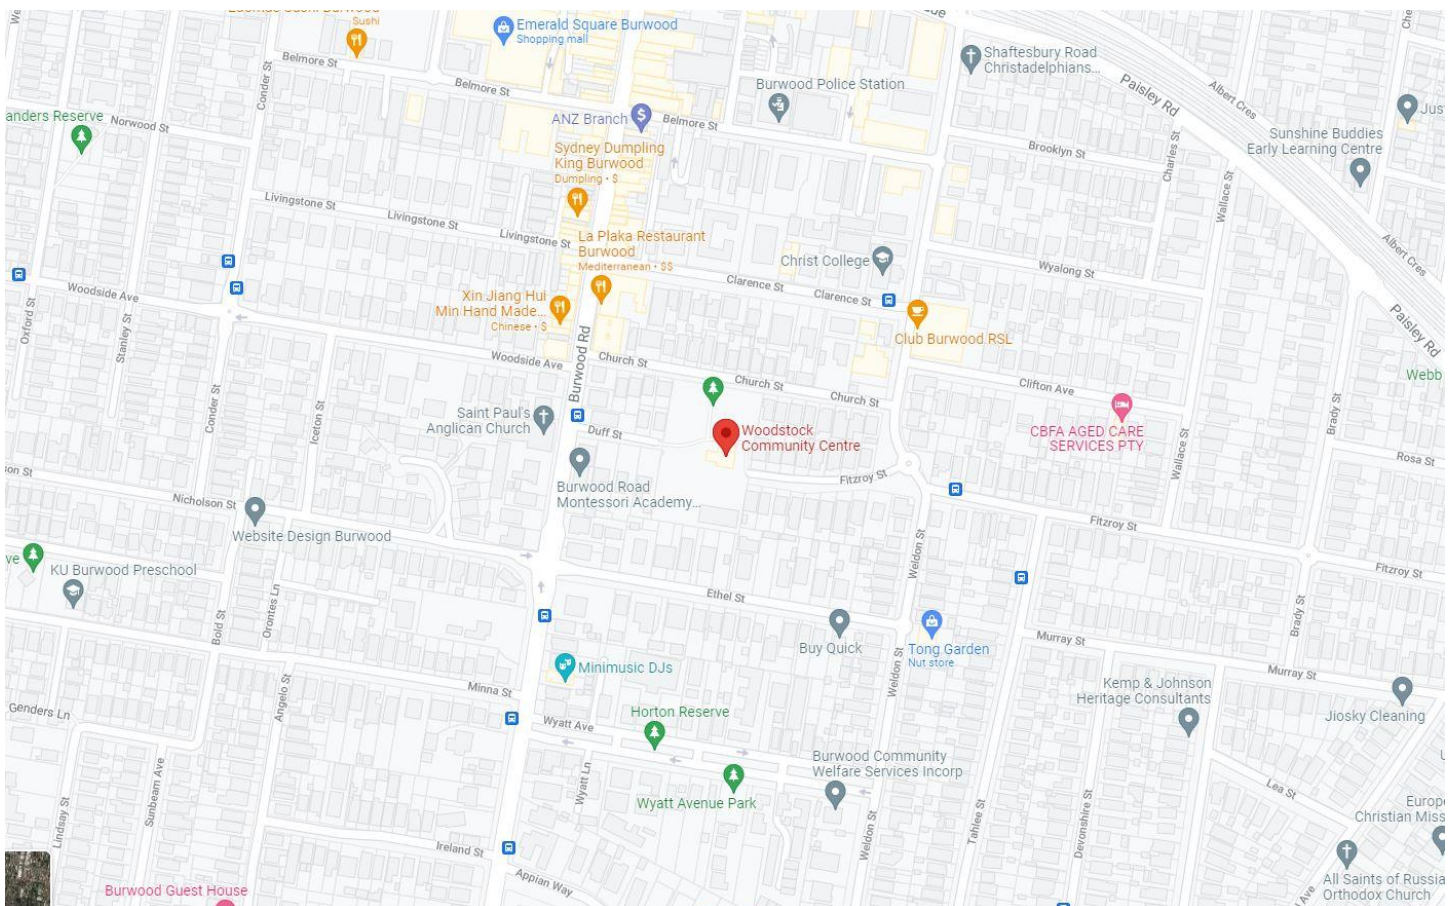

The Australasian Carnivorous Plant Society Inc. currently holds meetings in New South Wales and the Australian Capital Territory. Meetings are a great place for members and friends to socialise, share experiences, buy, swap, and sell carnivorous plants.

Meetings are friendly and informative and cater for the experienced grower or new collector to the hobby. Occasionally, we have guest presenters who will give a talk on their adventures discovering carnivorous plants in the wild, or how best to cultivate them in your environment.

We hope you can attend one of our meetings and enjoy the fellowship of other enthusiasts for these wonderful plants.

SYDNEY

The Sydney chapter of the AUSCPS meets at 7:30 pm on the second Friday of each month at the Woodstock Community Centre, Church Street, Burwood, NSW. Free parking is available off Fitzroy Street. Public transport is available with Burwood train station about 1 kilometre to the north. Call Kirk on 0421 271 888 or David on 0410 643 531 if you have any questions about attending meetings.

CANBERRA

MINUTES OF THE AUSTRALASIAN CARNIVOROUS PLANT SOCIETY INC.

HELD ON FRIDAY, 1ST APRIL, 2022

DOWNER COMMUNITY CENTRE

Attendees:

There were 16 attendees at the meeting.

The meeting opened at 7:30 pm.

Members obeyed social distancing and utilised hand sanitiser at the venue.

It was proposed that this month's theme was to be Tuberous Drosera but they were not ready, so the agreed theme became *general plants*.

Ross Rowe gave a talk on wild collected seed grown *Sarracenia Alata x Leucophylla*

Plants shown were:

Robert Little - *Sarracenia leucophylla* 'Big Mouth White'

Robert Little - *Sarracenia leucophylla*

Robert Little – *Cephalotus follicularis*

Ross Hetherington – *Drosera lasiantha*

Ross Hetherington - *Drosera scorpiodes*

Sue Newman – Venus Fly Trap (*Dionaea muscipula*)

Ross Rowe – various *Sarracenia*

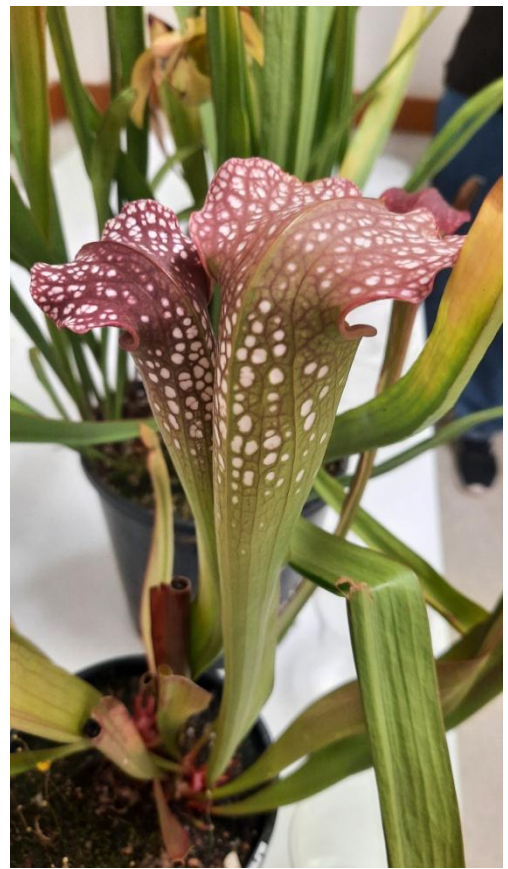

Bastien Small – *Pinguicula*, *Darlingtonia californica*

Bastien Small won plant of the month for his *Darlingtonia californica*

The meeting closed at approximately 9:30 pm. It was decided that the theme for May and June would be Australian Drosera.

Plant of the Month - Bastien Small with his *Darlingtonia californica*, Cobra Lily.

Sarracenia hybrid - by Ross Rowe

Cephalotus follicularis - by Robert Little

Drosera lasiantha - by Ross Hetherington

Range of *Pinguicula* and *Drosera* for sale - by David Colbourn

Sarracenia leucophylla 'Big Mouth' - by Robert Little

Range of *Sarracenia* for sale - by Ross Rowe

Dionaea muscipula - by Sue Newman

MINUTES OF THE AUSTRALASIAN CARNIVOROUS PLANT SOCIETY INC.

HELD ON FRIDAY, 8TH APRIL, 2022

WOODSTOCK COMMUNITY CENTRE, CHURCH STREET, BURWOOD

The meeting opened at 7:35 p.m.

PRESENT

There were 12 members in attendance.

APOLOGIES

David Colbourn, Glen Moss, Kirk Hirsch, Robert Gibson, Marina Chong

MINUTES OF PREVIOUS MEETING

The minutes of the 14th January, 2022 meeting were tabled. Those present were asked to confirm the accuracy of the minutes and to suggest changes, omissions or corrections. In the absence of any corrections, omissions or changes a motion was raised that the minutes be accepted.

Moved by: Glenn Carson
Seconded by: Ian Wolfe
Motion: Carried

BUSINESS ARISING

The stalls at the Collectors' Plant Fair will be on hard ground this year to prevent damage to the grass area due to the heavy rains.

The map is available in last month's newsletter showing where all the stalls are. Our stall is number 76. Opening hours Saturday 8am to 4pm and Sunday 9am to 4pm
Entry fee is \$17 and you can use your Discover voucher for the 2 days

The March issue of *Carniflora Australis* is currently being reviewed and is likely to be sent out late May.

CORRESPONDENCE

Incoming:

Need to check PO Box

Outgoing:

None

TREASURER'S REPORT

\$8341 total in the bank

MEMBERSHIP REPORT

There are currently 76 members.

GENERAL BUSINESS

1. Royal Easter Show is on Monday 18th and Tuesday 19th April. Glenn Carson, Wesley Fairhall, Robert Gibson and Kirk Hirsch will be attending. Kirk will be doing a talk on Monday at 3pm.
2. David Colburn and Glen Moss are going on a field trip in Cairns to put together a guide
3. Marina is still looking into an Eftpos machine

PLANT OF THE MONTH: *Sarracenia*

The two members who brought plants in gave a short talk.

Marlon Mclean:

Sarracenia psittacina 'Giant form'

This plant sits in a tray of water at a very high level. In the wild *psittacina* seems to enjoy very wet and boggy conditions, much more than most other *sarracenia*. They are in full sun between 10am to 6pm. The media is 4 parts spagnum to 1 part perlite. They were sprayed with a little seasol solution when first purchased. The main pest found on the plants are caterpillars which are picked off and fed to other plants.

Sean Polivnick:

Sarracenia umlauftiana (*leucophylla* x *purpurea*)

Sarracenia excellens (*leucophylla* x *minor*)

Sarracenia 'Yellow Eel' (3 *alata* x 1 *psittacina*)

They all sit in full sun with around 50% water height. Most *sarracenia* are looking bad at the moment due to the time of the year. The media consists of 50 parts peat to 50 parts sand. There can be problems with worms which are difficult to remove.

The meeting closed at 8.35 p.m.

The next meeting to be held at Burwood Community Centre on Friday 13th May, 2022 starting at 7:30 pm. at which the plant of the month is *Nepenthes*. Confirming that these minutes are a true and accurate record of the meeting

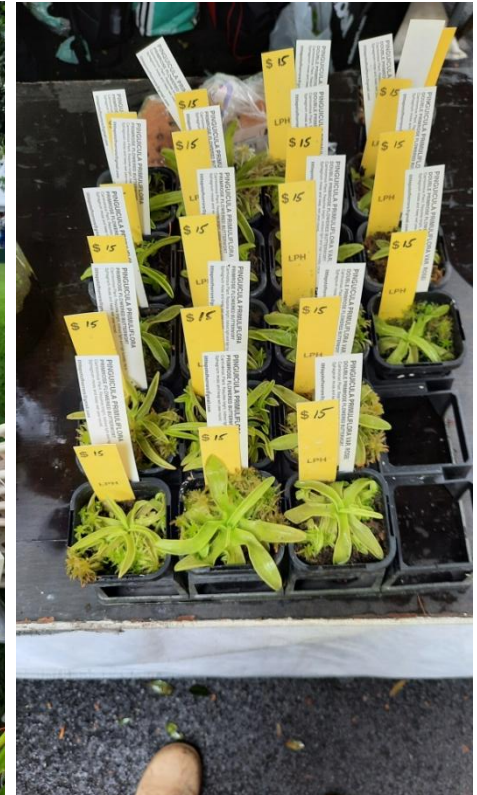

.....
Wesley Fairhall

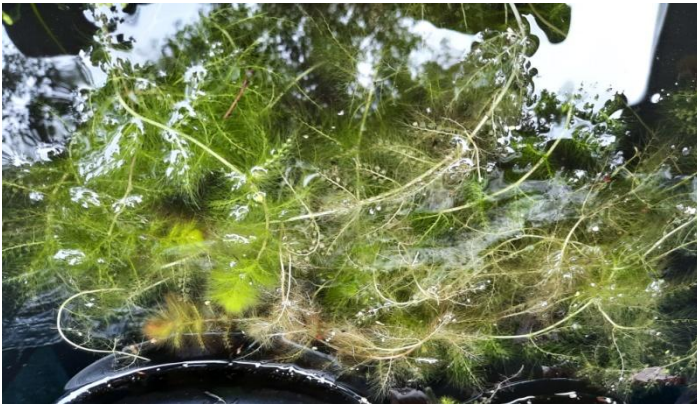

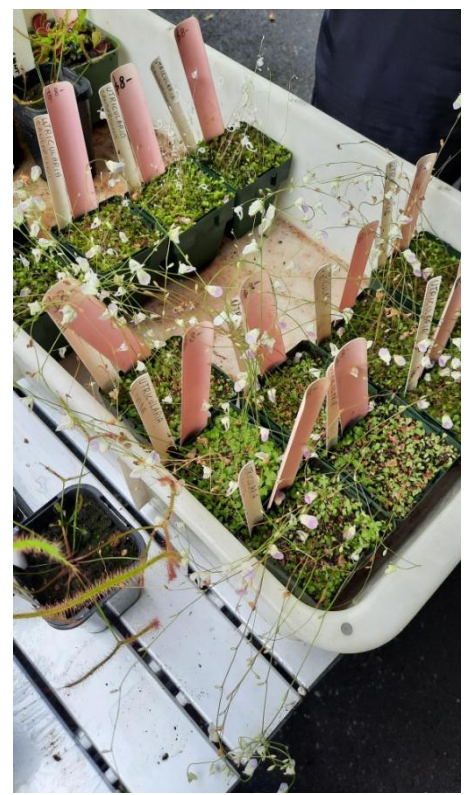

Date:

President

Photos from The Collectors' Plant Fair

With thanks to Robert Gibson and Glenn Carson for photo contributions

IN THE GREENHOUSE

ALDROVANDA

Plants will enter dormancy soon and survive winter as floating turion in cold climates.

BROCCHINIA / CATOPSIS

Maintain high light levels and humidity. Fertilise with a diluted foliar application of urea free fertiliser.

BYBLIS

Byblis gigantea and lamellata are now in active growth. Keep the soil moist to wet. Treat seed with Ga3 or smoke water and sow in early autumn.

The northern annual species of Byblis will soon finish their life cycle. Harvest seed.

Growth rates for all species of Byblis may be accelerated with increased prey capture or fertilisation. Place some rotting fruit around the plants or sprinkle granulated fish food onto the leaves. Pollinate the flowers using the “buzz” technique.

CEPHALOTUS

Keep the soil moist but well drained. Avoid fungal problems by keeping good air movement around the plants. Leaf production will soon replace trap production.

DARLINGTONIA

Darlingtonia will soon enter dormancy. Keep the plants cold to prolong the dormancy.

DIONAEA

All VFTs will soon enter dormancy. Dead traps can be removed to allow top soil to breathe. Reduce water but keep moist.

DROSERA

Tuberous Drosera begin to break dormancy. Increase watering and expose to bright or direct light. Treat seed with Ga3 or smoke water and sow in early autumn.

Pygmy Drosera begin to produce gemmae. Harvest and place the gemmae on a peat:sand mix (1:1). Mist spray until the tap root forms.

Other Winter growing species such as *D. cistiflora* and *D. pauciflora* commence growth. Treat seed with Ga3 or smoke water and sow in early autumn.

Tropical and sub-tropical species will be in full growth and flower. Keep the soil very moist. and keep the plants warm. Collect seed and sow onto a peat-based media.

Temperate Drosera such as *D. filiformis*, *D. intermedia* and *D. rotundifolia* enter dormancy and form a winter hibernacula.

DROSOPHYLLUM

Drosophyllum will be in active growth. Growth rates increase with increased prey capture and the cooler weather. Seed may be sown now. Scarify the hard seed coat or pour boiling water over the seed for a few seconds and then soak in water for 24 hours before sowing.

GENLISEA

Genlisea should be in flower and active growth. Keep warm and the water levels high.

HELIAMPHORA

Keep plants in a bright and very humid location. Avoid temperatures over 30°C. Fertilise with a diluted foliar application of urea free fertiliser every 2-4 weeks.

NEPENTHES

Autumn is a good time for Nepenthes. Aim to keep the lowland plants warm to hot and in high humidity. Highland species will enjoy the cooler nights. Mist in the afternoon to reduce air temperatures and increase humidity.

PINGUICULA

Mexican species/hybrids begin to enter dormancy and produce small succulent rosettes. Reduce watering and humidity.

Warm-temperate species such as *P. primuliflora* and *lusitanica* will continue growth. Keep the water up to *P. primuliflora* and take leaf cuttings.

RORIDULA

Roridula is in active growth. Flowering ends. Harvest any seed and sow in autumn. Keep the soil moist and place in a very bright and airy situation with low humidity.

SARRACENIA

Sarracenia will soon enter dormancy. Leave the old trap on the plant. Keep moist.

UTRICULARIA

Most terrestrial Utricularia will be in active growth and flower. Keep moist to wet. Aquatic Utricularia are in active growth. Keep algae under control.

Winter growing species, such as *U. multifida* and *U. menziesii* resume growth. Keep moist to wet.

Tropical Utricularia - Maintain higher temperatures, humidity and air movement. Keep soils moist.

MERCHANDISE

CONTACT CARDS

The Society now produces a business sized card with all our contact details. The cards are free and available for collection from our meetings. Members and visitors are welcome to take a handful of cards to distribute to other Carnivorous Plant enthusiasts.

BASEBALL CAPS

Baseball caps printed with our logo on the front and name on the back are now available on order for \$35 each. To order, contact David at auscps@gmail.com

T-SHIRTS

T-shirts printed with our logo on the front are available for \$35 each. These T-Shirts are a great way to promote and support the Society at functions and shows. To order the T-Shirts, contact David at auscps@gmail.com.

SMOKE DISCS

Smoke discs aid in the germination of difficult species of *Drosera*, *Byblis* etc., that often germinate after a bushfire. The discs are available for \$5.00 each at meetings or contact Marlon Maclean at marlonjamesmaclean@gmail.com

SEED BANK

Seed packets are \$1 each for members. Donations of seed are welcome. Please supply location data if available. Your Seed Bank Manager is Marlon Maclean at marlonjamesmaclean@gmail.com. The seed bank list is contained at the end of this newsletter.

POTTING MIXES

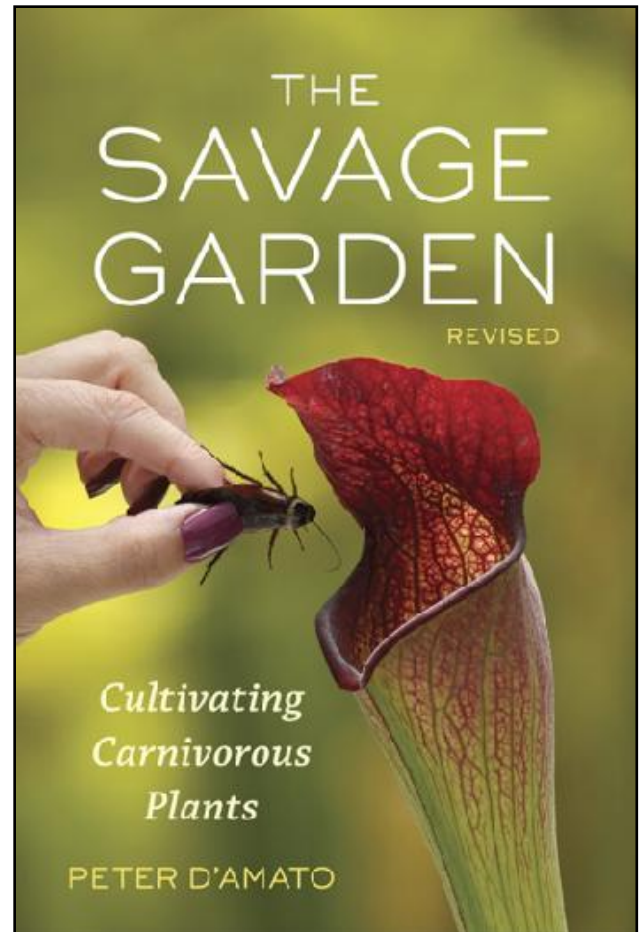

The Society is now selling assorted bags of Carnivorous Plant potting mix to members and friends. We have quality *Sphagnum* Peat Moss, Mexican *Pinguicula*, *Nepenthes* and *Sarracenia* mixes. Each bag is \$5 and may be purchased at meetings or events.

THE SAVAGE GARDEN

The Society is also selling copies of the second edition of "The Savage Garden" for members and friends to purchase. The Savage Garden, by Peter D'Amato, is one of the best books dedicated to the cultivation of Carnivorous Plants, covering more than 300 species, gloriously illustrated with more than 200 colour photographs over 374 pages.

We are offering this book to members for \$35 and to non-members for \$40. The books may be purchased from Society meetings and events, or via PayPal and posted to anywhere in Australia for \$12. Contact David at auscps@gmail.com to order.

MEMBERSHIP FORM

The Australasian Carnivorous Plant Society Inc. is a non-profit organisation formed in December 2002 to promote the education, cultivation and conservation of carnivorous plants. The Society formed from the New South Wales Carnivorous Plant Society Inc. which was established in 1986 and produced the journal *Flytrap News*.

Annual membership entitles you access to our subsidised seed bank and merchandise, ability to sell plants at official stalls at which the society participates, free entry to our Annual Show competition, monthly E-newsletters, and two editions of ***Carniflora Australis***, our high quality biannual journal. Membership is \$35 per year, however if you wish to receive electronic versions of the journal, membership is only \$25 per year (valid email address is required). Payment options are detailed below:

CASH, MONEY ORDER OR CHEQUE

Please send your money order or cheque, made out to AUSTRALASIAN CARNIVOROUS PLANT SOCIETY INC., along with the completed form below to:

Membership Secretary
Australasian Carnivorous Plant Society Inc.
