## **MEMBERSHIP RENEWAL**

Membership of the Australasian Carnivorous Plant Society Inc. (AUSCPS) is \$20 per calendar year, or \$35 if you require printed journals with your membership. The AUSCPS is a not for profit organisation that promotes the conservation and cultivation of carnivorous plants in Australia and abroad.

**JOIN NOW!**

Membership entitles you to two editions of our journal, *Carniflora Australis*, 12 editions of our monthly newsletter, *Carniflora News*, subsidised seed from our seed bank, discounts on books and other merchandise, access to our free library and to sell plants at fairs and events attended by the Society. A membership form is included in this newsletter with instructions on how to make payment.

## **INSTAGRAM PHOTOS**

We are looking to expand our file of quality photographs used in the newsletter and on our Social Media platforms. If you have any photos that you think may be suitable for publication, please forward them to [glenncarson@iinet.net.au](mailto:glenncarson@iinet.net.au)

## **BACK ISSUES OF CARNIFLORA AUSTRALIS**

The Society has several surplus back issues of *Carniflora Australis*. They will only be for sale at meetings for \$1 each.

## **ARTICLES FOR CARNIFLORA AUSTRALIS**

We are getting a little light for articles in forthcoming editions of *Carniflora Australis*. If you have an idea for an article, put pen to paper and send us your contribution. We can help fine tune any submission.

You may like to write about the following:

- \* particular cultivation techniques,
- \* field trips to see carnivorous plants,
- \* propagation techniques,
- \* your favourite plant and why,
- \* how your collection started, and
- \* feeding and conditions.

## **SEEDBANK**

The current list of seeds in the Seedbank is very large. Rather than bring it to every meeting, which can be difficult, it is recommended that seeds are ordered via email. After payment has been received the specific order can be brought along to the meetings or posted in the normal way.

## **INTERNATIONAL CARNIVOROUS PLANT SOCIETY**

The ICPS are excited to announce new Virtual Happy Hours and Webinars. ICPS members can attend these sessions LIVE as part of their membership. This is your chance to interact and ask the experts questions.

The happy hours serve as a digital pub where members can discuss problems and come up with solutions on the growing of carnivorous plants. Recently the happy hours have been turning into happy two-hours with so much great information, including field sightings, being shared.

## THE AUSCPS ANNUAL SHOW 9th DECEMBER

There will be 6 categories in the competition (*Dionaea*, *Drosera*, *Sarracenia*, *Nepenthes*, Native, Other CP). First prize winners in each category will receive a \$20 Bunnings gift card and ribbon. 2<sup>nd</sup> and 3<sup>rd</sup> place winners will receive ribbons. Judging will be done via a packet of beans which will be handed to every visitor. A Judge will be selected to announce the **Grand Champion** plant.

- 7:00 p.m. Plant show set up
- 8:00 p.m. Shut of time for show entries
- 8:30 p.m. Counting the Votes and announcing winners
- 9:00 p.m. Dismantle time will be before 9:00 p.m.

## **MEETINGS**

The Australasian Carnivorous Plant Society Inc. holds meetings in New South Wales and the Australian Capital Territory. Meetings are a great place for members and friends to socialise, share experiences, buy, swap, and sell carnivorous plants.

Meetings are friendly and informative and cater for the experienced grower or new collector to the hobby. Occasionally, we have guest presenters who will give a talk on their adventures discovering carnivorous plants in the wild, or how best to cultivate them in your environment.

We hope you can attend one of our meetings and enjoy the fellowship of other enthusiasts for these wonderful plants.

### **SYDNEY**

The Sydney chapter of the AUSCPS meets at 7:30 pm on the second Friday of each month at the Woodstock Community Centre, Church Street, Burwood. Free parking is available off Fitzroy Street. Public transport is available with Burwood train station about 1 kilometre to the north. Call Kirk on 0421 271 888 or David on 0410 643 531 if you have any questions about attending this meeting.

### **BRISBANE**

There has been recent interest in the Brisbane chapter of the AUSCPS, so hopefully meetings will resume again soon.

## CANBERRA

The Canberra chapter of the AUSCPS meets at 7:30 pm on the first Friday of each month at the Downer Community Hall, Frencham Place, Downer, A.C.T. Call Robert if you have any questions about attending this meeting on 0402 130 171.

lovely specimens in the background

**MINUTES FRIDAY, 11<sup>TH</sup> of NOVEMBER, 2022**

**AT**

**WOODSTOCK COMMUNITY CENTRE, CHURCH STREET, BURWOOD**

The meeting opened at 7:30 p.m.

**PRESENT**

There were 18 members in attendance.

**APOLOGIES**

Dr Robert Gibson, Kirk 'Fuzzy' Hirsch, Glen Moss, Glenn Carson, Brett Daly

**MINUTES OF PREVIOUS MEETING**

The minutes of the previous meeting were tabled for consideration.

Moved by:                   David Colbourn

Seconded by:                Ian Woolf

**BUSINESS ARISING**

1. The idea is to fast track the release of the Sydney region guide; it will be available in early in the new year.
2. There is still interest in resuming the Brisbane chapter by Matt Thomas, [email: matty9557@gmail.com](mailto:matty9557@gmail.com)
3. The Willoughby Garden Club has asked our society about a guest speaker to give a talk about carnivorous plants. They meet on the second Wednesday of each month (February to November) at 10:00 am in the Uniting Church, 10 Clanwilliam Street, Willoughby. A typical meeting normally commences with morning tea and questions and finish up around 12:00 noon. They're after someone for the 2023 year.  
If anyone is interested, contact Judi Griffin on behalf of Willoughby Garden Club, 0439 580 483  
Jeff Williams has expressed interest
4. The Christmas annual show will be next month, the 9<sup>th</sup> of December 2023. Come one and come all.  
There will be 6 categories in the competition (*Dionaea*, *Drosera*, *Sarracenia*, *Nepenthes*, Native and Other CP). First prize winners in each category will receive a \$20 Bunnings gift card and ribbon. 2nd a \$10 Bunnings gift card and 3rd place winners will receive ribbons. Judging will happen by the public. The Grand Champion will be judged by the President. IF you wish to enter a plant, please don't be later than 8pm, otherwise your entry cannot happen.

## GENERAL BUSINESS

1. The second edition of the Blue Mountains CP guide should be available in 2023.
2. The Woodstock room hire has been paid for today via cheque, booked up to the end of 2023. For the December meet, we'll hire an extra hour for the annual show. David suggested if this years annual show goes well, the committee would consider a day show on the Saturday.
3. Robert of the Canberra chapter has organised the Australian National Botanic Gardens bookshop to carry the Field Guide of Canberra/Snowy Mountains' Carnivorous Plants, as well as at their Canberra meetings. Glenn will continue to announce the news via our newsletter.
4. Correspondence with our Canberra branch and the society's Vice President, President, Treasurer and other committee members are finalising matters:
  - \* Update our constitution, via a Zoom meeting if necessary. We have a draft constitution. Both Robert and Kirk have had a cursory look over it and approve of it.
  - \* Consider upgrading our website to make it more attractive.
  - \* How should we approach the matter of electronic sales at plant fêtes?
5. Collector's Plant Fair enrolment for April 15<sup>th</sup> and 16<sup>th</sup> of 2023. Kirk and Robert believe that a bigger stall would work better for our society, the Stall E option. For only \$230 more, we may secure the largest space available of 50 square metres. We have the plants, as Ross Rowe from our Canberra chapter signalled he would attend again and other growers from Canberra are considering as well, including Owen O'Neil. With the extra space we may display more, which will attract more buyers and we may sell more as a society. The extra cost will pay for itself, given we will have more people selling.
6. 6 fluoro vests were purchased for the Canberra branch and posted to Robert Little. The postage cost is to be reimbursed to David in December.

## CORRESPONDENCE

### INCOMING:

- Ongoing, the ICPS has revised and set up their Instagram page. More details and links in the newsletters for those who wish to participate in online discussions.
- The ICPS has printed and mailed out their journal: Volume 51 Number 4, December 2022.
- Applications for the Collector's Plant Fair have come in on the 1<sup>st</sup> of November.

### OUTGOING:

- Kirk has emailed the coordinators of the Collector's Plant Fair indicating our desire to attend the event, indicating that a decision will be made at this November meeting whether or not to secure the largest or the second largest space available.
- a number of Field Guides have been posted. David is to be reimbursed the cost of postage.

## TREASURER'S REPORT

There's \$7973 in the bank and PayPal accounts. Insurance has been paid for 2023 already. Dave handed to Wesley around \$1,000 worth of receipts to gain reimbursement, who was reimbursed.

## MEMBERSHIP REPORT

We have one more member for 2022, taking us to 89.

### PLANT OF THE MONTH (*Sarracenia*)

## IN THE GREENHOUSE

### **ALDROVANDA**

Plants are in active growth. Consider adding fresh decomposing leaf litter to the water to add CO<sub>2</sub>. Keep frogs and tadpoles out of the water, as they may eat the plants. Plants may be grown in shade to reduce algae growth.

### **BROCCHINIA / CATOPSIS**

Maintain high light levels and humidity. Protect from frost. Feed with 1/4 strength urea free liquid fertiliser every 4 weeks or so.

### **BYBLIS**

*Byblis gigantea* and *lamellata* will be in full growth. Flowering begins. Cross pollinate flowers using the “Buzz” technique. Keep the soil moist.

The northern annual species of *Byblis* may be sown now. Germination commences when temperatures regularly reach 30°C. Artificial heat and/or smoke/GA3 treatment will induce germination.

### **CEPHALOTUS**

Keep the soil moist but well drained. Avoid fungal problems by keeping good air movement around the plants. Flowering occurs in mid to late Spring.

### **DARLINGTONIA**

*Darlingtonia* are in growth and flower. Keep moist and expose to cold temperatures for as long as possible. Stratified seed will begin to germinate.

### **DIONAEA**

All VFTs are in active growth with fresh leaves and flowers. Consider removing the flower spike and use in vegetative propagation.

### **DROSERA**

Tuberous *Drosera* begin their dormancy with most species becoming dormant with the warmer weather. Reduce watering.

Pygmy *Drosera* will begin to flower as temperatures increase. Keep plants moist to wet.

Other Winter growing species such as *D. ramentacea*, *cistiflora* and *pauciflora* will begin to enter dormancy. Reduce watering.

Tropical and sub-tropical species will be in growth. Keep protected from frost.

Temperate *Drosera* such as *D. filiformis*, *D. intermedia* and *D. rotundifolia* will end their dormancy and begin to grow and flower.

### **DROSOPHYLLUM**

*Drosophyllum* will be in active growth and requires frequent feeding. In the absence of insect prey, a 1/4 strength urea free liquid fertiliser applied to the leaves is fine. *Drosophyllum* tolerates higher soil moisture levels during the cooler months and may be watered using the tray method. As temperatures increase, reduce watering and keep the soil just moist. Flowering commences in Spring. Flowers are self fertile.

## **GENLISEA**

*Genlisea* should be in flower and active growth. Keep the water levels high. Keep warm and protect from frost.

## **HELIAMPHORA**

Keep plants in a bright and humid location. Light levels may be increased with the cooler nights. Feed with 1/4 strength urea free liquid fertiliser.

## **NEPENTHES**

Spring is a great time for Nepenthes. Aim to keep the lowland plants above 15°C. Spotting of the leaves is a sign of temperatures being too low. Highland species enjoy the cooler nights and will continue to grow. Keep plants above 5°C.

## **PINGUICULA**

Most Mexican species/hybrids are dormant. Look out for the Summer carnivorous leaves in the coming months. Keep the soil drier until growth resumes. Some of the non-carnivorous leaves may be removed for leaf cuttings.

Warm-temperate species such as *P. primuliflora* and *lusitanica* will continue growth. Flowering occurs in the Spring. Keep the water up to *P. primuliflora* and take leaf cuttings.

## **RORIDULA**

*Roridula* is in active growth. Flowering occurs in winter and spring. Sow seed now onto moist peat/sand. Germination may take 3-8 weeks. Keep the soil moist and place in very bright situations. Ensure good air circulation to avoid fungal attack of the seedlings.

## **SARRACENIA**

All *Sarracenia* species/hybrids are in active growth. *Sarracenia flava* and *oreophila* species look their best in spring. Keep water level up and keep in full sun.

## **UTRICULARIA**

Most terrestrial *Utricularia* will be in active growth and flower. Keep moist to wet.

Aquatic *Utricularia* will resume growth.

Winter growing species, such as *U. multifida* and *U. menziesii* will begin to end their growing cycle and go dormant as temperatures increase and soils dry out.

Tropical *Utricularia* - Maintain higher temperatures, humidity and air movement. Keep soil moist.

## **MERCHANDISE**

### **CONTACT CARDS**

The Society now produces a business sized card with all our contact details. The cards are free and available for collection from our meetings. Members and visitors are welcome to take a handful of cards to distribute to other Carnivorous Plant enthusiasts.

### **BASEBALL CAPS**

Baseball caps printed with our logo on the front and name on the back are now available on order for \$35 each. To order, contact David at [auscps@gmail.com](mailto:auscps@gmail.com)

### **T-SHIRTS**

T-shirts printed with our logo on the front are available for \$35 each. These T-Shirts are a great way to promote and support the Society at functions and shows. To order the T-Shirts, contact David at [auscps@gmail.com](mailto:auscps@gmail.com).

## SMOKE DISCS

Smoke discs aid in the germination of difficult species of *Drosera*, *Byblis* etc., that often germinate after a bushfire. The discs are available for \$5.00 each at meetings or contact Marlon Maclean at [marlonjamesmaclean@gmail.com](mailto:marlonjamesmaclean@gmail.com)

## SEED BANK

Seed packets are \$1 each for members. Donations of seed are welcome. Please supply location data if available. Your Seed Bank Manager is Marlon Maclean at [marlonjamesmaclean@gmail.com](mailto:marlonjamesmaclean@gmail.com). The seed bank list is contained at the end of this newsletter.

## POTTING MIXES

The Society is now selling assorted bags of Carnivorous Plant potting mix to members and friends. We have quality *Sphagnum* Peat Moss, Mexican *Pinguicula*, *Nepenthes* and *Sarracenia* mixes. Each bag is \$5 and may be purchased at meetings or events.

# Field Guide to the Carnivorous Plants of Canberra and the Snowy Mountains

## FIELD GUIDE TO THE CARNIVOROUS PLANTS OF CANBERRA AND THE SNOWY MOUNTAINS

After our very popular Field Guide to the Carnivorous Plants of Sydney and the Blue Mountains, we are proud to be releasing this new guide which will most likely be ready for release in Spring 2022.

### THE SAVAGE GARDEN

The Society is also selling copies of the second edition of "The Savage Garden" for members and friends to purchase. The Savage Garden, by Peter D'Amato, is one of the best books dedicated to the cultivation of Carnivorous Plants, covering more than 300 species, gloriously illustrated with more than 200 colour photographs over 374 pages.

We are offering this book to members for \$35 and to non-members for \$40. The books may be purchased from Society meetings and events, or via PayPal and posted to anywhere in Australia for \$12. Contact David at [auscps@gmail.com](mailto:auscps@gmail.com) to order.

## CARNIFLORA AUSTRALIS

Various back editions of *Carniflora Australis* will be available for sale at the meetings for \$1 each. Some editions are very limited. Please contact your branch coordinators for edition availability or deals on multiple copies.

## **MEMBERSHIP FORM**

The Australasian Carnivorous Plant Society Inc. is a not for profit organisation formed in December 2002 to promote the education, cultivation, and conservation of carnivorous plants. The Society formed from the New South Wales Carnivorous Plant Society Inc. which was established in 1986 and produced the journal *Flytrap News*.

Annual membership entitles you access to our subsidised seed bank, ability to sell plants at official stalls at which the society participates, monthly E-newsletters, and two editions of ***Carniflora Australis***, our high-quality biannual journal. Membership is \$35 per year, however if you wish to receive electronic versions of the journal, membership is only \$20 per year (valid email address is required). Payment options are detailed below:
