

THE AUSTRALASIAN CARNIVOROUS PLANTS SOCIETY INC.

# CARNIFLORA NEWS

A.B.N. 65 467 893 226

December 2023

*Nepenthes aristolochioides* grown by Bastien Small

Welcome to *Carniflora News*, a newsletter produced by the Australasian Carnivorous Plants Society Inc. (AUSCPS) that documents the meetings, news, and events of the Society.

The current committee of the AUSCPS comprises:

### **COMMITTEE**

**President** - David Colbourn  
[davecolbourn@gmail.com](mailto:davecolbourn@gmail.com)

**Vice President** - Robert Little  
[robertjameslittle@yahoo.com.au](mailto:robertjameslittle@yahoo.com.au)

**Treasurer** - Wesley Fairhall  
[wesleyfairhall7@gmail.com](mailto:wesleyfairhall7@gmail.com)

**Secretary** - Paul Fisher

**Membership Secretary** - Kirk 'Füzzzy' Hirsch  
[mijmark@ihug.com.au](mailto:mijmark@ihug.com.au)

**General Committee Member** - Glenn Carson

### **DELEGATES**

**Journal Editor** - Dr. Robert Gibson

**Sydney Coordinator** - Wesley Fairhall  
[wesleyfairhall7@gmail.com](mailto:wesleyfairhall7@gmail.com)

**Newsletter Editor** – Glenn Carson  
[glenncarson@iinet.net.au](mailto:glenncarson@iinet.net.au)

**Sydney Coordinator** -Kirk 'Füzzzy' Hirsch  
[mijmark@ihug.com.au](mailto:mijmark@ihug.com.au)

**Public Officer** - Kirk 'Füzzzy' Hirsch  
[mijmark@ihug.com.au](mailto:mijmark@ihug.com.au)  
0421 271 888

**Brisbane Coordinator** - Alan Haase  
[alanjhaase@gmail.com](mailto:alanjhaase@gmail.com)

**Website Manager** - Marina Chong

**Brisbane Coordinator** - Brent Jones  
[brent.jones@outlook.com](mailto:brent.jones@outlook.com)

**Social Media Manager** - Glen Moss

**Canberra Coordinator** - John Nielson  
[zelotypia.stacyi@gmail.com](mailto:zelotypia.stacyi@gmail.com)

## CALENDAR

### DECEMBER

2nd Dec 2023 AUSCPS meeting - Canberra Christmas party and sale  
6th Dec 2023 AUSCPS meeting - Brisbane  
9th Dec 2023 **AUSCPS Sydney Annual Show (Saturday)**

### JANUARY

5th Jan 2024 AUSCPS meeting - Canberra will not have meeting  
12th Jan 2024 AUSCPS meeting - Sydney featuring *Dionaea* & *Aldrovanda*

### FEBRUARY

3rd Feb 2024 AUSCPS meeting - Canberra featuring *Dionaea*  
10th Feb 2024 AUSCPS meeting - Sydney featuring summer growing *Drosera* and Annual *Byblis*

### MARCH

1st Mar 2024 AUSCPS meeting - Canberra featuring cobra plants & marsh pitcher plants  
8th Mar 2024 AUSCPS meeting - Sydney featuring *Pinguicula*  
22nd Mar 2024 **Sydney Royal Easter Show**

### APRIL

5th Apr 2024 AUSCPS meeting - Canberra featuring *Sarracenia* summer care  
12th Apr 2024 AUSCPS meeting - Sydney featuring *Sarracenia* and *Darlingtonia*  
13-14th Apr 2024 **Clarendon Collector's Plant Fair**

### MAY

3rd May 2024 AUSCPS meeting - Canberra featuring tuberous sundews  
10th May 2024 AUSCPS meeting - Sydney featuring *Nepenthes*

### JUNE

7th Jun 2024 AUSCPS meeting - Canberra featuring *Sarracenia* winter care  
14th Jun 2024 AUSCPS meeting - Sydney featuring *Cephalotus*, *Heliophora* and Carnivorous *Bromeliads*

### JULY

5th Jul 2024 AUSCPS meeting - Canberra featuring open discussions.  
12th Jul 2024 AUSCPS meeting - Sydney featuring winter growing *Drosera* and *Utricularia*  
12th Jul 2024 **AUSCPS Annual General Meeting - Sydney**

### AUGUST

2nd Aug 2024 AUSCPS meeting - Canberra featuring butterworts and bladderworts  
9th Aug 2024 AUSCPS meeting - Sydney featuring *Drosophyllum*, *Roridula* and *perennial Byblis*

### SEPTEMBER

6th Sep 2024 AUSCPS meeting - Canberra featuring non-tuberous sundews  
13th Sep 2024 AUSCPS meeting - Sydney featuring Australian native carnivorous plants  
Sep 2024 **Kariong Plant Lovers Fair**  
Sep 2024 AUSCPS meeting - Brisbane

### OCTOBER

4th Oct 2024 AUSCPS meeting - Canberra featuring tropical pitcher plants  
11th Oct 2024 AUSCPS meeting - Sydney featuring *Utricularia* and *Genlisea*  
Oct 2024 AUSCPS meeting - Brisbane

### NOVEMBER

1st Nov 2024 AUSCPS meeting - Canberra  
8th Nov 2024 AUSCPS meeting - Sydney featuring *Sarracenia*  
Nov 2024 AUSCPS meeting - Brisbane

## NEWS

### MEMBERSHIP RENEWAL

Membership of the Australasian Carnivorous Plant Society Inc. (AUSCPS) is \$20 per calendar year, or \$35 if you require printed journals with your membership. The AUSCPS is a not for profit organisation that promotes the conservation and cultivation of carnivorous plants in Australia and abroad.

**JOIN NOW**

Becoming a member of our society offers great benefits such as receiving two editions of our journal, *Carniflora Australis*, 12 monthly newsletters, *Carniflora News*, seed subsidies, discounts on merchandise, access to our free library, and the ability to sell plants at fairs and events attended by the Society. Simply fill out the membership form included in our newsletter and follow the payment instructions.

Dear Members and Friends,

On behalf of the committee of the Australasian Carnivorous Plant Society Inc., I would like to extend our warmest greetings and well wishes to you all this Christmas and New Year. The year 2023 has been a fruitful one for the Society, and we are excited to announce that the Sydney Annual Show will be held on the 9th of December, marking our third show. The show has been growing in popularity and interest, and we are thrilled to see it held over a full day.

We were also pleased to see the resumption of meetings in Brisbane, with new attendees and a strong interest in carnivorous plants. Members visited several sites in the area to observe plants in their natural habitats, work that will be used in the forthcoming field guide. Unfortunately, the Brisbane area experienced a drier than usual year, and not all species were on display. Nonetheless, we are grateful to everyone involved.

In addition, we extend our thanks to the members and friends of the Canberra branch, who have volunteered to take some of the load off Robert Little and run meetings, attend stalls, and more. Their efforts have been invaluable to the Society, with additional memberships and the injection of

knowledge from experienced and knowledgeable growers. We are amazed by their ability to grow so many species in such a harsh climate.

The Sydney branch has continued to go from strength to strength, with attendance at a number of fairs and events. Our attendance at the Collector's Plant Fair demonstrated the greatest interest in our plants yet. We have also welcomed new members who have offered their time and experience and have made presentations to other societies and interested parties throughout the year.

As we look forward to 2024, we anticipate changes to our banking system, a new field guide, further cooperation with our sister societies, and an increase in membership. Finally, we would like to express our deep appreciation to the Committee and the many volunteers for the Society. Without your sacrifice of time and effort, the Society would not exist.

May this Christmas be a time of joy, peace, and happiness for you and your loved ones. Best wishes for the holidays and the New Year.

Warm regards,

David Colbourn  
President

### **INSTAGRAM PHOTOS**

We are looking to expand our file of quality photographs used in the newsletter and on our Social Media platforms. If you have any photos that you think may be suitable for publication, please forward them to [glenncarson@iinet.net.au](mailto:glenncarson@iinet.net.au)

### **CALL FOR ARTICLES: CARNIFLORA AUSTRALIS**

We are currently low on content for our upcoming editions of *Carniflora Australis*. Do you have an idea for an article? Write it down and send it our way! We are happy to assist with polishing your piece. Below are some suggestions for article topics:

- Specific cultivation techniques
- Carnivorous plant field trips
- Propagation techniques
- Your favorite plant and why
- How your collection began
- Feeding and care tips

Don't hesitate to contribute to our publication. We look forward to reading your submissions!

### **SEEDBANK**

The current list of seeds in the Seedbank is very large. Rather than bring it to every meeting, which can be difficult, it is recommended that seeds are ordered via email. After payment has been received the specific order can be brought along to the meetings or posted in the normal way.

New additions to the seedbank are:

*Drosophyllum lusitanica*

*Pinguicula gigantea*  
*Drosera ramellosa*  
*Drosera stricticaulis*  
*Drosera rupicola*  
*Drosera monantha*  
*Nepenthes khasiana*  
*Nepenthes (talangensis x glandulifera) x vogelei*

### **THE 3rd AUSCPS ANNUAL SHOW 9th DECEMBER**

There will be 6 categories in the competition (*Dionaea*, *Drosera*, *Sarracenia*, *Nepenthes*, Native and Other CP). First prize winners in each category will receive a \$20 Bunnings gift card and ribbon. 2<sup>nd</sup> and 3<sup>rd</sup> place winners will receive ribbons. Judging will most likely be carried out in similar fashion to the Royal Easter Show criteria where a neutral judge makes the final decision for each category.

A Judge will be selected to announce the Grand Champion plant. Plant show set up is from 8:00 a.m. to 9:00 a.m. No plants will be accepted after 9:00 a.m. as this is when the public are allowed into the hall. Sale items will be allowed throughout the day. Dismantling can commence at 3:00 p.m.

Sales are restricted to members only and a 10% commission will be charged to help support the society. All plants must be clearly marked with detachable price tags with the sellers identification. Please try to keep prices simple for tallying up, e.g. \$5, \$10, 15, etc. Allow a 2% surcharge for card sales.

## CARNIFLORA AUSTRALIS

The September issue of Carniflora Australis is out now and members should be receiving them through the mail or electronically. Articles of interest include:

*Drosera adelae* 'Wavy Leaf' form -

David Colbourn

How to make an outdoor water tray -

Bruce Pierson

*Pinguicula gigantea* -

David Colbourn

*Darlingtonia* along the Redwood Highway -

Robert Gibson

*Nepenthes boschiana* x (*truncata* x *campanulata*) -

Robert Gibson

# MEETINGS

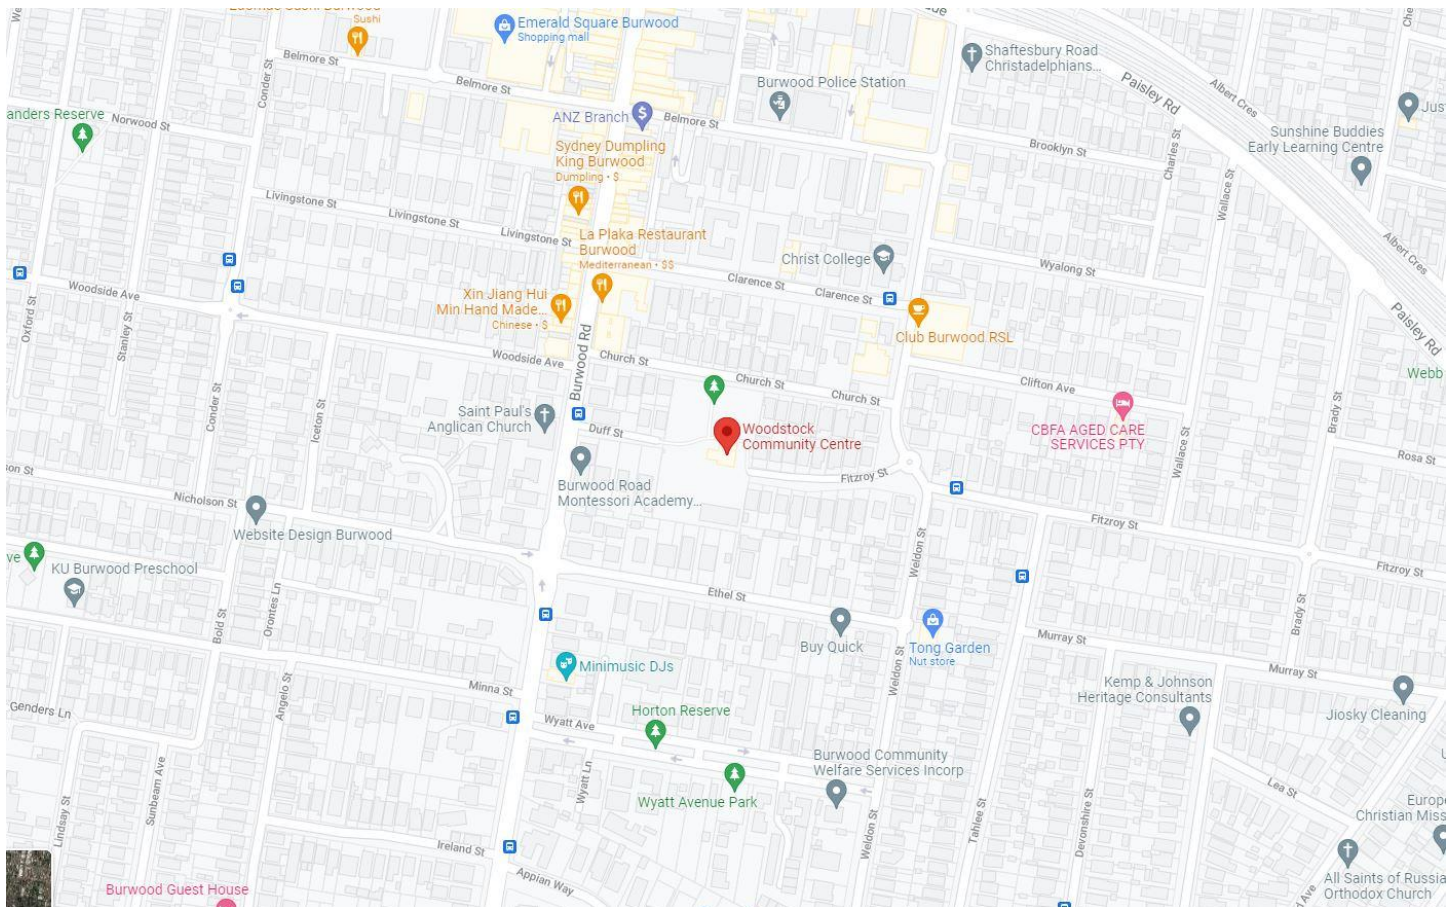

The Australasian Carnivorous Plant Society Inc. currently holds meetings in New South Wales, the Australian Capital Territory and Queensland. Meetings are a great place for members and friends to socialise, share experiences, buy, swap, and sell carnivorous plants.

Meetings are friendly and informative and cater for the experienced grower or new collector to the hobby. Occasionally, we have guest presenters who will give a talk on their adventures discovering carnivorous plants in the wild, or how best to cultivate them in your environment.

We hope you can attend one of our meetings and enjoy the fellowship of other enthusiasts for these wonderful plants.

## **SYDNEY**

The Sydney chapter of the AUSCPS meets at 7:30 PM on the second Friday of each month at the Woodstock Community Centre, Church Street, Burwood, NSW. Free parking is available off Fitzroy Street. Public transport is available with Burwood train station about 1 kilometre to the north. Call Kirk on 0421 271 888 or David on 0410 643 531 if you have any questions about attending meetings.

## BRISBANE

The Brisbane chapter of the AUSCPS meets at 7:00 p.m. on a Wednesday once a month (please refer to the calendar for dates) at the Kenmore Library, Kenmore Village, 9 Brookfield Road, Kenmore, QLD, 4069

Please contact Alan at [alanjhaase@gmail.com](mailto:alanjhaase@gmail.com) for further details.

MINUTES FRIDAY, 3<sup>rd</sup> of NOVEMBER 2023

AT

DOWNER COMMUNITY HALL, FRENCHAM PLACE, DICKSON

Attendees:

The meeting opened at 7:30 p.m.

Members in the Canberra, Sydney and Melbourne areas are encouraged to contact the convenor ([auscps.CBR@gmail.com](mailto:auscps.CBR@gmail.com)) to register interest in attending to exhibit, swap or sell plants.

The meeting was well attended, with an excellent selection of *Sarracenia* provided for sale by Owen O'Neill and Ross Rowe. The meeting was chaired by John Nielsen.

The meeting's theme was *Nepenthes* pitcher plants, with member Bastien Small (left) providing a talk on their cultivation. *Nepenthes* are a group of carnivorous plants that occur in mostly tropical latitudes between the Seychelles (*N. pervillei*) and eastern Australia (south to the Cairns-Innisfail area), with Borneo and the Philippines being major centres of endemism. The genus can be roughly grouped by the altitude at which each species grow. Lowland species (0-800 metres) typically experience warm nights and hot, humid days (18-35°C). Intermediate species occur at higher altitudes (800-1400 metres) and experience cooler night temperatures (13-30°C). Highland species (>1500m) experience very cool to cold nights and warm day temperatures (7-27°C) and require very high humidity.

In Canberra, intermediate and highland species are suitable for greenhouse cultivation, with heating costs becoming prohibitive for lowland species. Bastien grows his *Nepenthes* in a polycarbonate greenhouse with some insulation and uses low-wattage heaters to keep temperatures in a suitable range during winter. Cultivation substrates for *Nepenthes* include orchid bark and sphagnum moss mixtures, with either hanging baskets or staked plants in plastic pots being suitable. Kevin Foote exhibited a plant of *N. 'Rebecca Soper'* grown in a double-potted hanging basket, with the outer pot lined densely with coconut fibres kept damp to raise humidity.

Members brought in some spectacular *Nepenthes* and *Sarracenia* for display. Plant of the night was won by a *Sarracenia* 'Bengal Tiger' grown by Owen O'Neill, with John Nielsen's *Nepenthes alata x maxima* taking second, and Bastien's *Nepenthes (naga x bongso) x edwardsiana*

rounding out with third place. A notable inclusion that was not awarded was a South African *Drosera slackii* grown in a rather unique recycled container by Owen O'Neill!

The next meeting will be a Christmas Party, with the society to fund pizza. Members are asked to contribute desserts. The meeting theme will be any carnivorous plant, with attendees asked to bring any plants looking lush from their collections. Members also considered an offer from Rod Kruger to host a society visit to his collection near Captain's Flat in nearby NSW, which was enthusiastically received. A date will be agreed at the Christmas Party on consultation with Rod.

As the January meeting date falls during the Christmas holiday period, members agreed no meeting will be held (although a field trip to Rod's farm may be held in lieu). The Chair proposed that the February 2024 meeting be used as a show and sales night for Venus' Flytraps (*Dionaea muscipula*) that would be promoted via Facebook via the society and Australian carnivorous plant groups. Members were invited to bring in spectacular plants based on colour, size and rarity. The Chair agreed to reach out to suppliers to ensure availability of plants for sale.

The meeting closed at 9:30 PM.

*Nepenthes* 'Rebecca Soper' by Kevin

*Nepenthes sanguinea* by Glenn

*Nepenthes* 'Rebecca Soper' by Glenn

Selection of *Sarracenia* from Owen and Ross

**MINUTES OF THE AUSTRALASIAN CARNIVOROUS PLANT SOCIETY**

**HELD ON WEDNESDAY, 15<sup>th</sup> NOVEMBER, 2023**

**AT**

**KENMORE LIBRARY, KENMORE VILLAGE, 9 BROOKFIELD ROAD, KENMORE, QLD.**

**MINUTES**

The meeting was cancelled.

**MINUTES OF THE AUSTRALASIAN CARNIVOROUS PLANT SOCIETY**

**HELD ON FRIDAY, 10<sup>TH</sup> of NOVEMBER, 2023**

**AT**

**WOODSTOCK COMMUNITY CENTRE, CHURCH STREET, BURWOOD**

The meeting opened at 8:00 p.m.

**PRESENT**

There were 16 members and 3 non-members in attendance.

**APOLOGIES**

Helmut Kibbelins, Robert Gibson, David Colbourn and Kirk Hirsch

**MINUTES OF PREVIOUS MEETING**

The minutes of the previous meeting were tabled for consideration.

Moved by: Glenn Carson

Seconded by: Paul Fisher

**BUSINESS ARISING / GENERAL BUSINESS**

1. Wollondilly Shire Council “BLOOM” at the Picton Botanic Gardens. It was a small event, the sales were steady and there is a potential for the show to get bigger next year. Appox. \$172 was made in commission for the AUSCPS.
2. Normal monthly meeting Friday 8th December is cancelled.
3. The AUSCPS Annual Show this year will be Saturday 9<sup>th</sup> December 9am – 3pm in the Fitzroy Hall.
4. Area available from 8:00 a.m. Saturday. Chairs and tables are available. Annual Show to start at 9:00 a.m. Judging to occur during show, details to be discussed.
5. Easter Show details to be held over to a future meeting.

**CORRESPONDENCE**

**INCOMING:**

Burwood Council Booking – cancelation of room booking for December meeting - room refund receipt given to Wes

**OUTGOING:**

GCA – AUSCPS Registration Information

**TREASURER’S REPORT**

There’s \$4750 in the bank.

W. Fairhall Moved  
O. Young Seconded the motion.

**MEMBERSHIP REPORT**

There are 84 members currently for 2023.  
Everyone has access to journals or has access to the .pdf, including other societies that share their journals with us.

**PLANT OF THE MONTH**

The theme for November's ‘Plant of the Month Competition’ are Sarracenia. Members entered the following plants:

- |     |  |        |
|-----|--|--------|
| 1.  | <i>S. flava var rubicorpora</i>              | (1)    |
| 2.  | <i>S. flava x</i>                            | (0)    |
| 3.  | <i>S. purpurea</i> 'Red'                     | (1)    |
| 4.  | <i>S. flava x granata</i>                    | (0)    |
| 5.  | <i>S. rubicorpora x alata ornata</i>         | (1)    |
| 6.  | <i>S. “Scarlet Belle”</i>                    | (6)    |
| 7.  | <i>S. leucophylla</i>                        | (7)(5) |
| 8.  | <i>S. leucophylla x rubra x minor</i>        | (0)    |
| 9.  | <i>S. “Diana’s Delight” flava x red tube</i> | (0)    |
| 10. | <i>S. flava x 'red tube'</i>                 | (7)(8) |

*Apologies for any misidentification of plants.*

The winner was: *S.flava* 'red tube' grown by Jason Lin.

Wesley gave a short talk on the care and growing of Sarracenia with audience input.

The meeting closed at 8:34 p.m.

The next meeting will be on Friday, 12<sup>th</sup> January, 2024 featuring ‘Plant of the Month’ will be *Dionaea* & *Aldrovanda*.

David Colbourn  
President  
Date: \_\_\_\_\_

Wesley's talk on Sarracenia was both informative and enlightening.

## IN THE GREENHOUSE

### **ALDROVANDA**

Plants are in active growth. Consider adding fresh decomposing leaf litter to the water to add CO<sub>2</sub>. Keep frogs and tadpoles out of the water, as they may eat the plants. Plants may be grown in shade to reduce algae growth.

### **BROCCHINIA / CATOPSIS**

Maintain high light levels and humidity. Protect from frost. Feed with 1/4 strength urea free liquid fertiliser every 4 weeks or so.

### **BYBLIS**

*Byblis gigantea* and *lamellata* will be in full growth. Flowering begins. Cross pollinate flowers using the “Buzz” technique. Keep the soil moist.

The northern annual species of *Byblis* may be sown now. Germination commences when temperatures regularly reach 30°C. Artificial heat and/or smoke/GA3 treatment will induce germination.

### **CEPHALOTUS**

Keep the soil moist but well drained. Avoid fungal problems by keeping good air movement around the plants. Flowering occurs in mid to late Spring.

### **DARLINGTONIA**

*Darlingtonia* are in growth and flower. Keep moist and expose to cold temperatures for as long as possible. Stratified seed will begin to germinate.

### **DIONAEA**

All VFTs are in active growth with fresh leaves and flowers. Consider removing the flower spike and use in vegetative propagation.

### **DROSERA**

Tuberous *Drosera* begin their dormancy with most species becoming dormant with the warmer weather. Reduce watering.

Pygmy *Drosera* will begin to flower as temperatures increase. Keep plants moist to wet.

Other Winter growing species such as *D. ramentacea*, *cistiflora* and *pauciflora* will begin to enter dormancy. Reduce watering.

Tropical and sub-tropical species will be in growth. Keep protected from frost.

Temperate *Drosera* such as *D. filiformis*, *D. intermedia* and *D. rotundifolia* will end their dormancy and begin to grow and flower.

### **DROSOPHYLLUM**

*Drosophyllum* will be in active growth and requires frequent feeding. In the absence of insect prey, a 1/4 strength urea free liquid fertiliser applied to the leaves is fine. *Drosophyllum* tolerates higher soil moisture levels during the cooler months and may be watered using the tray method. As temperatures increase, reduce watering and keep the soil just moist. Flowering commences in Spring. Flowers are self fertile.

## **GENLISEA**

*Genlisea* should be in flower and active growth. Keep the water levels high. Keep warm and protect from frost.

## **HELIAMPHORA**

Keep plants in a bright and humid location. Light levels may be increased with the cooler nights. Feed with 1/4 strength urea free liquid fertiliser.

## **NEPENTHES**

Spring is a great time for *Nepenthes*. Aim to keep the lowland plants above 15°C. Spotting of the leaves is a sign of temperatures being too low. Highland species enjoy the cooler nights and will continue to grow. Keep plants above 5°C.

## **PINGUICULA**

Most Mexican species/hybrids are dormant. Look out for the Summer carnivorous leaves in the coming months. Keep the soil drier until growth resumes. Some of the non-carnivorous leaves may be removed for leaf cuttings.

Warm-temperate species such as *P. primuliflora* and *lusitanica* will continue growth. Flowering occurs in the Spring. Keep the water up to *P. primuliflora* and take leaf cuttings.

## **RORIDULA**

*Roridula* is in active growth. Flowering occurs in winter and spring. Sow seed now onto moist peat/sand. Germination may take 3-8 weeks. Keep the soil moist and place in very bright situations. Ensure good air circulation to avoid fungal attack of the seedlings.

## **SARRACENIA**

All *Sarracenia* species/hybrids are in active growth. *Sarracenia flava* and *oreophila* species look their best in spring. Keep water level up and keep in full sun.

## **UTRICULARIA**

Most terrestrial *Utricularia* will be in active growth and flower. Keep moist to wet.

Aquatic *Utricularia* will resume growth.

Winter growing species, such as *U. multifida* and *U. menziesii* will begin to end their growing cycle and go dormant as temperatures increase and soils dry out.

Tropical *Utricularia* - Maintain higher temperatures, humidity and air movement. Keep soil moist.

## MERCHANDISE

### **CONTACT CARDS**

The Society now produces a business sized card with all our contact details. The cards are free and available for collection from our meetings. Members and visitors are welcome to take a handful of cards to distribute to other Carnivorous Plant enthusiasts.

### **SMOKE DISCS**

Smoke discs aid in the germination of difficult species of *Drosera*, *Byblis* etc., that often germinate after a bushfire. The discs are available for \$5.00 each at meetings or contact Marlon Maclean at [marlonjamesmaclean@gmail.com](mailto:marlonjamesmaclean@gmail.com)

### SEED BANK

Seed packets are \$1 each for members. Donations of seed are welcome. Please supply location data if available. Your Seed Bank Manager is Marlon Maclean at [marlonjamesmaclean@gmail.com](mailto:marlonjamesmaclean@gmail.com). The seed bank list is contained at the end of this newsletter.

### POTTING MIXES

The Society is now selling assorted bags of Carnivorous Plant potting mix to members and friends. We have quality *Sphagnum* Peat Moss, Mexican *Pinguicula*, *Nepenthes* and *Sarracenia* mixes. Each bag is \$5 and may be purchased at meetings or events.

## THE SAVAGE GARDEN

The Society is also selling copies of the second edition of "The Savage Garden" for members and friends to purchase. The Savage Garden, by Peter D'Amato, is one of the best books dedicated to the cultivation of Carnivorous Plants, covering more than 300 species, gloriously illustrated with more than 200 colour photographs over 374 pages.

We are offering this book to members for \$35 and to non-members for \$40. The books may be purchased from Society meetings and events, or via PayPal and posted to anywhere in Australia for \$12. Contact David at [auscps@gmail.com](mailto:auscps@gmail.com) to order.

### FIELD GUIDE TO THE CARNIVOROUS PLANTS OF SYDNEY AND THE BLUE MOUNTAINS

# MEMBERSHIP FORM

The Australasian Carnivorous Plant Society Inc. is a non-profit organisation formed in December 2002 to promote the education, cultivation and conservation of carnivorous plants. The Society formed from the New South Wales Carnivorous Plant Society Inc. which was established in 1986 and produced the journal *Flytrap News*.

Annual membership entitles you access to our subsidised seed bank and merchandise, ability to sell plants at official stalls at which the society participates, free entry to our Annual Show competition, monthly E-newsletters, and two editions of ***Carniflora Australis***, our high quality biannual journal. Membership is \$35 per year, however if you wish to receive electronic versions of the journal, membership is only \$25 per year (valid email address is required). Payment options are detailed below:

## CASH, MONEY ORDER OR CHEQUE

Please send your money order or cheque, made out to AUSTRALASIAN CARNIVOROUS PLANT SOCIETY INC., along with the completed form below to:

Membership Secretary  
Australasian Carnivorous Plant Society Inc.  
PO Box 70, Burwood, NSW 1805 AUSTRALIA

## DIRECT DEPOSIT
