

THE AUSTRALASIAN CARNIVOROUS PLANTS SOCIETY INC.

CARNIFLORA NEWS

A.B.N. 65 467 893 226

July 2026

Welcome to *Carniflora News*, a newsletter produced by the Australasian Carnivorous Plants Society Inc. (AUSCPS) that documents the meetings, news, and events of the Society.

The current committee of the AUSCPS comprises:

COMMITTEE

President - David Colbourn
davecolbourn@gmail.com

Vice President - Robert Little
robertjameslittle@yahoo.com.au

Treasurer - Wesley Fairhall
wesleyfairhall7@gmail.com

Secretary - Paul Fisher

Membership Secretary - Kirk 'Füzzzy' Hirsch
mijmark@ihug.com.au

General Committee Member - Glenn Carson

DELEGATES

Journal Editor - Kirk 'Füzzzy' Hirsch
mijmark@ihug.com.au
0421 271 888

Newsletter Editor – Glenn Carson
glenncarson@iinet.net.au

Public Officer - Kirk 'Füzzzy' Hirsch

Website Manager - Marina Chong

Social Media Manager - Vacant

Merchandise Manager - David Colbourn
davecolbourn@gmail.com

Events Coordinator - Vacant

Seed Bank Manager - Marlon Maclean
marlonjamesmaclean@gmail.com

Sydney Coordinator - Wesley Fairhall
wesleyfairhall7@gmail.com

Sydney Coordinator -Kirk 'Füzzzy' Hirsch
mijmark@ihug.com.au

Brisbane Coordinator – Liam Krieger
liamkrieger71@gmail.com

Brisbane Coordinator - Brent Jones
brent.jones@outlook.com

Canberra Coordinator – Mathew Day

Library Manager - Glenn Carson
glenncarson@iinet.net.au

CALENDAR

JULY

1 st Jul 2026	AUSCPS meeting - Brisbane.
3 rd Jul 2026	AUSCPS meeting – Canberra.
10 th Jul 2026	AUSCPS meeting - Sydney featuring <i>Drosera</i> .
10 th Jul 2026	AUSCPS Annual General Meeting - Sydney.

AUGUST

5 th Aug 2026	AUSCPS meeting – Brisbane.
7 th Aug 2026	AUSCPS meeting – Canberra.
14 th Aug 2026	AUSCPS meeting - Sydney featuring Native carnivorous plants.

SEPTEMBER

2 nd Sep 2026	AUSCPS meeting - Brisbane.
4 th Sep 2026	AUSCPS meeting - Canberra.
11 th Sep 2026	AUSCPS meeting - Sydney featuring <i>Pinguicula</i> and <i>Utricularia</i> .

OCTOBER

2 nd Oct 2026	AUSCPS meeting - Canberra.
7 th Oct 2026	AUSCPS meeting - Brisbane.
9 th Oct 2026	AUSCPS meeting - Sydney featuring <i>Nepenthes</i>

NOVEMBER

4 th Nov 2026	AUSCPS meeting - Brisbane.
6 th Nov 2026	AUSCPS meeting - Canberra.
13 th Nov 2026	AUSCPS meeting - Sydney featuring <i>Sarracenia</i> , <i>Darlingtonia</i> and <i>Heliamphora</i> .

DECEMBER

3 rd Dec 2026	AUSCPS meeting - Brisbane.
5 th Dec 2026	AUSCPS meeting - Canberra.
13 th Dec 2026	AUSCPS Sydney Annual Show (Saturday).

JANUARY

1 st Jan 2027	AUSCPS meeting - Canberra.
6 th Jan 2027	AUSCPS meeting - Brisbane.
8 th Jan 2027	AUSCPS meeting - Sydney featuring <i>Dionaea</i> .

FEBRUARY

5 th Feb 2027	AUSCPS meeting - Canberra.
3 rd Feb 2027	AUSCPS meeting - Brisbane.
12 th Feb 2027	AUSCPS meeting - Sydney featuring <i>Utricularia</i> and <i>Genlisea</i> .

MARCH

7 th Mar 2027	AUSCPS meeting – Canberra.
2 nd Mar 2027	AUSCPS meeting – Brisbane.
9 th Mar 2027	AUSCPS meeting - Sydney featuring <i>Drosophyllum</i> , <i>Roridula</i> and <i>Byblis</i> .

APRIL

2 nd Apr 2027	AUSCPS meeting – Canberra.
7 th Apr 2027	AUSCPS meeting – Brisbane.
9 th Apr 2027	AUSCPS meeting - Sydney featuring <i>Sarracenia</i> , <i>Darlingtonia</i> and <i>Heliamphora</i> .

MAY

5 th May 2027	AUSCPS meeting – Brisbane.
7 th May 2027	AUSCPS meeting – Canberra.
14 th May 2027	AUSCPS meeting - Sydney featuring <i>Nepenthes</i> .

JUNE

4 th Jun 2027	AUSCPS meeting - Brisbane.
5 th Jun 2027	AUSCPS meeting – Canberra.
11 th Jun 2027	AUSCPS Winter Show – Sydney.

NEWS

MEMBERSHIP RENEWAL

Membership of the Australasian Carnivorous Plant Society Inc. (AUSCPS) is \$20 per calendar year, or \$35 if you require printed journals with your membership. The AUSCPS is a not-for-profit organisation that promotes the conservation and cultivation of carnivorous plants in Australia and abroad.

JOIN NOW

Becoming a member of our society offers great benefits such as receiving two editions of our journal, *Carniflora Australis*, 12 monthly newsletters, *Carniflora News*, seed subsidies, discounts on merchandise, access to our free library, and the ability to sell plants at fairs and events attended by the Society. Simply fill out the membership form included in our newsletter and follow the payment instructions.

CALL FOR ARTICLES: CARNIFLORA AUSTRALIS

We are currently low on content for our upcoming editions of *Carniflora Australis*. Do you have an idea for an article? Write it down and send it our way! We are happy to assist with polishing your piece. Below are some suggestions for article topics:

- Specific cultivation techniques
- Carnivorous plant field trips
- Propagation techniques
- Your favourite plant and why
- How your collection began
- Feeding and care tips

Don't hesitate to contribute to our publication. We look forward to reading your submissions!

Have You Tried the AUCPS Member Seedbank?

If you're a fan of carnivorous plants, there's one incredible resource you might be missing out on — the **AUCPS Member Seedbank**. Whether you're growing your first *Drosera* or have a greenhouse full of *Nepenthes*, the Seedbank is a treasure trove of botanical opportunity that's well worth exploring.

What Is the Seedbank?

The Australasian Carnivorous Plant Society Seedbank is a vast and carefully maintained collection of seeds of carnivorous plants. It's one of the most respected collections of its kind, and it's been growing stronger.

Run entirely by the Society, the Seedbank is designed to support sustainable cultivation and preservation of these fascinating plants. It ensures that members have access to fresh, viable seeds — all while encouraging sharing and participation from the community.

How It Works

If you're a Society member, you can request a few packets for a small fee. The selection is regularly updated and offers a diverse range of species, including some rare and unusual finds.

Even if you're not a member, you're welcome to donate seed and may be eligible to receive some in return, depending on the Seedbank Manager's discretion. (Though please note only Society members can formally place orders.)

A Few Things to Know

- The Seedbank is not a shop — it's a benefit for members and a collaborative effort to support carnivorous plant conservation in cultivation.
- Orders beyond your annual allowance are available only in exchange for seed donations.

Why It Matters

In a time when wild habitats are under threat, the CPS Seedbank plays an important role in the conservation-through-cultivation movement. By growing these plants at home and sharing seeds responsibly, you're helping to protect them for future generations.

So, if you haven't explored the Seedbank yet — now's the perfect time. Dig into the selection, share what you can, and be a part of this thriving, green community.

 *Happy growing!*

ANNUAL GENERAL MEETING

NOMINATIONS FOR THE COMMITTEE

Our A.G.M. is planned for 10th July 2026 meeting in Sydney. One of the objectives at this meeting is to elect committee members. We are a national society, and as such, members from across Australia are eligible to be nominated for each position. A description of each elected position is contained below. **Included with this newsletter are instructions on how to nominate members for the listed positions and a nomination form.**

A list of nominations will then be published in June and voted on at the A.G.M. Interstate / international members will be able to make their vote via proxy. Please consider volunteering for the Society by standing for one of the roles.

The roles and their descriptions are:

President - The President oversees all the Society's activities and will chair General, Extraordinary, and Annual General meetings in accordance with proper business meeting etiquette. The President casts the 'Deciding Vote' in the event of a deadlock arising from a motion or other matters requiring a vote at Committee level. The President will need good communication, people management, motivational, organisational and delegation skills.

Vice President - The Vice President is responsible for the overall operation of the Society in the absence or otherwise incapacity of the President. The Vice President requires good communication, teamwork and organisational skills.

Treasurer - The Treasurer shall ensure that correct books and accounts are kept showing the financial affairs of the Society. These records shall be available for inspection by any member and shall be held in the custody of the Treasurer. A financial report is to be presented at the A.G.M. The Treasurer will need good accounting and communication skills.

Secretary - The Secretary unless another person is so appointed by the Committee is responsible for the incoming and outgoing business correspondence for the Society. Including but not limited to reading emails and letters, and mail out of Journals. The Secretary shall ensure that records of the Constitution/Rules of the Society and minutes of all general and committee meetings are kept. These records shall be available for inspection by any member and shall be held in the custody of the Secretary.

Membership Secretary - The Membership Officer is automatically appointed as Public Officer unless another person is appointed by the Committee and shall ensure that the register of members is kept up to date. Membership records shall be available for inspection by any member and shall be held in custody of the Membership Secretary.

MEETINGS

The Australasian Carnivorous Plant Society Inc. currently holds meetings in New South Wales, the Australian Capital Territory and Queensland. Meetings are a great place for members and friends to socialise, share experiences, buy, swap, and sell carnivorous plants.

Meetings are friendly and informative and cater for the experienced grower or new collector to the hobby. Occasionally, we have guest presenters who will give a talk on their adventures discovering carnivorous plants in the wild, or how best to cultivate them in your environment.

We hope you can attend one of our meetings and enjoy the fellowship of other enthusiasts for these wonderful plants.

SYDNEY

The Sydney chapter of the AUSCPS meets at 7:30 PM on the second Friday of each month at the Woodstock Community Centre, Church Street, Burwood, NSW. Free parking is available off Fitzroy Street. Public transport is available with Burwood train station about 1 kilometre to the north. Call Kirk on 0421 271 888 or David on 0410 643 531 if you have any questions about attending meetings.

CANBERRA

The Canberra chapter of the AUSCPS meets at 7:30 PM on the first Friday of each month at the Dickson Community Hall, Frencham Place, Downer, A.C.T. Contact Mathew Day if you have any questions about attending meetings. Canberra Convenor auscps-CBR@gmail.com

BRISBANE

The Brisbane chapter of the AUSCPS meets at 7:00 p.m. on a Wednesday once a month (please refer to the calendar for dates) at the Banyo Council Library, Meeting Room 2, 284 St Vincents Road, Banyo QLD, 4014.

Please contact Liam at liamkrieger71@gmail.com or on 0429850774 for further details.

MINUTES FRIDAY, 12TH of JUNE 2026

AT

WOODSTOCK COMMUNITY CENTRE, CHURCH STREET, BURWOOD

There was no meeting due to the Winter Show

Following is a selection of photos from the Winter Show

IN THE GREENHOUSE — EARLY WINTER

ALDROVANDA

Growth slows significantly as water temperatures drop.

- Plants may enter partial dormancy depending on your climate and water depth.
- Reduce feeding; avoid adding fresh leaf litter now, as decomposition slows in cold water.
- Keep frogs and tadpoles out of the water.
- Provide maximum sun to maintain water warmth and prevent die-back.
- If plants form turions, leave them undisturbed.

BROCCHINIA / CATOPSIS

These bromeliads tolerate cooler nights but still need:

- Very bright light to compensate for shorter days.
- Good humidity.
- Water from above to keep the leaf tanks flushed.
- Fertilise lightly ($\frac{1}{4}$ strength, urea-free) every 4–6 weeks, as metabolism slows in winter.

BYBLIS

***B. gigantea* & *B. lamellata* (Perennial species)**

These are winter growers and now entering strong active growth.

- Keep soil moist to wet.
- Flowering increases; harvest seed.
- Growth improves with prey or light fertilisation (fish food, rotting fruit nearby).
- Continue hand-pollination using the buzz technique.

Northern annual species

These are also in active winter growth.

- Growth is strongest in warm, humid microclimates.
- Cross-pollinate for reliable seed set.
- Supplement feeding as above.

CEPHALOTUS

Cooler weather benefits them.

- Keep soil moist but never waterlogged.
- Ensure excellent air movement to prevent winter fungal issues.
- Growth slows but remains steady.
-

DARLINGTONIA

Cooler temperatures are ideal now.

- Plants are in active winter growth.
- Stolons continue to develop underground.
- Root cooling is naturally easier but avoid warm spells.
- Provide bright light and excellent water quality.

DIONAEA (Venus Flytraps)

Plants are entering dormancy.

- Expect traps to shrink and growth to slow.
- Keep soil moist, not wet.
- Remove dead leaves to prevent fungal issues.
- Full sun still essential.

DROSERA

Tuberous Drosera

Now breaking dormancy and beginning active winter growth.

- Repotting should already be complete.
- Increase watering gradually as shoots appear.
- Keep soil moist but never waterlogged.

Pygmy Drosera

Now exiting summer dormancy.

- Stipule buds open and new growth begins.
- Increase watering to maintain moist conditions.
- Ideal time for gemmae formation later in winter.

Winter-growing species (*D. cistiflora*, *D. pauciflora*)

These are just beginning growth.

- Keep soil barely moist until strong shoots appear.
- Increase watering as growth accelerates.

Tropical & subtropical Drosera

Still in full growth.

- Keep soil very moist.
- Continue collecting seed and sowing onto peat mixes.

Temperate Drosera (*filiformis*, *intermedia*, *rotundifolia*)

Entering or already in dormancy.

- Growth slows; leaves may die back.
- Keep soil moist, not saturated.
- Harvest any mature seed.

DROSOPHYLLUM

Cool, dry winter conditions suit them well.

- Plants remain in active growth.
- Avoid humidity spikes.
- Flowering may begin late winter.
- Growth improves with prey capture.

GENLISEA

Cooler temperatures slow growth slightly, but plants remain active.

- Keep water levels high.
- Maintain bright light and good humidity.

HELIAMPHORA

Winter is ideal for them.

- Keep plants in bright, cool, humid conditions.
- Avoid temperatures above 25°C.
- Fertilise lightly (urea-free foliar feed) every 3–4 weeks.

NEPENTHES

Winter is the stress season for many species.

- **Lowlanders:** keep warm (20–30°C) with high humidity; they may slow or stop pitching.
- **Highlanders:** enjoy cooler nights; maintain strong light.
- Mist in the afternoon to increase humidity and reduce temperature fluctuations.

PINGUICULA

Mexican species/hybrids

Most are in winter succulent phase.

- Reduce watering significantly.
- Keep humidity moderate and avoid wet soil.

Warm temperate species (*P. primuliflora*, *P. lusitanica*)

Remain in active growth.

- Keep soil wet for *P. primuliflora*.
- Take leaf cuttings now.

RORIDULA

Active growth continues through winter.

- Keep soil moist, not wet.
- Provide very bright light and good air movement.
- Low humidity is fine.

SARRACENIA

Most species are entering dormancy.

- Growth slows; pitchers brown and die back.
- *S. flava* and *S. oreophila* may retain some phyllodia.
- *S. leucophylla* may produce a small late flush before resting.
- Keep soil moist and plants in full sun.

UTRICULARIA

Terrestrial species

Cooler weather slows growth, but many remain active.

- Keep soil moist to wet.
- Some species may flower in early winter.

Aquatic species

Growth slows.

- Maintain clean water and control algae.

Winter-growing species (*U. multifida*, *U. menziesii*)

Now breaking dormancy.

- Increase watering slightly as new growth appears.
- Keep soil just moist until growth strengthens.

Tropical species

Require warmth and humidity.

- Keep soils moist and maintain good air movement.

MERCHANDISE

CONTACT CARDS

The Society now produces a business sized card with all our contact details. The cards are free and available for collection from our meetings. Members and visitors are welcome to take a handful of cards to distribute to other Carnivorous Plant enthusiasts.

SMOKE DISCS

Smoke discs aid in the germination of difficult species of *Drosera*, *Byblis* etc., that often germinate after a bushfire. The discs are available for \$5.00 each at meetings or contact Marlon Maclean at marlonjamesmaclean@gmail.com

SEED BANK

Seed packets are \$1 each for members. Donations of seed are welcome. Please supply location data if available. Your Seed Bank Manager is Marlon Maclean at marlonjamesmaclean@gmail.com. The

seed bank list is contained at the end of this newsletter.

POTTING MIXES

The Society is now selling assorted bags of Carnivorous Plant potting mix to members and friends. We have quality *Sphagnum* Peat Moss, Mexican *Pinguicula*, *Nepenthes* and *Sarracenia* mixes. Each bag is \$5 and may be purchased at meetings or events.

THE SAVAGE GARDEN

The Society is also selling copies of the second edition of "The Savage Garden" for members and friends to purchase. The Savage Garden, by Peter D'Amato, is one of the best books dedicated to the cultivation of Carnivorous Plants, covering more than 300 species, gloriously illustrated with more than 200 colour photographs over 374 pages.

We are offering this book to members for \$35 and to non-members for \$40. The books may be purchased from Society meetings and events, or via PayPal and posted to anywhere in Australia for \$12. Contact David at auscps@gmail.com to order.

MEMBERSHIP FORM

The Australasian Carnivorous Plant Society Inc. is a non-profit organisation formed in December 2002 to promote the education, cultivation and conservation of carnivorous plants. The Society formed from the New South Wales Carnivorous Plant Society Inc. which was established in 1986 and produced the journal *Flytrap News*.

Annual membership entitles you access to our subsidised seed bank and merchandise, ability to sell plants at official stalls at which the society participates, free entry to our Annual Show competition, monthly E-newsletters, and two editions of ***Carniflora Australis***, our high-quality biannual journal. Membership is \$35 per year, however if you wish to receive electronic versions of the journal, membership is only \$25 per year (valid email address is required). Payment options are detailed below:

CASH, MONEY ORDER OR CHEQUE

Please send your money order or cheque, made out to AUSTRALASIAN CARNIVOROUS PLANT SOCIETY INC., along with the completed form below to:

Membership Secretary
Australasian Carnivorous Plant Society Inc.
PO Box 70, Burwood, NSW 1805 AUSTRALIA

DIRECT DEPOSIT

Banking details are below. Please add your email address and name as payment reference. Alternatively, email the Membership Secretary at auscps@gmail.com to advise of your payment and attach the completed form below:

Acc. Name: Australasian Carnivorous Plant Society Inc.

Acc. BSB: 112879

Acc. Number: 195074412

Ref: Use your name and email address

PAYPAL

Use the "Send Money" tab to make your payment. Use the current PayPal email address auscps@gmail.com. Set your fee (depending upon membership option). *Add your name, mailing address, email address and phone number in the notes tab*. You will receive an automatic receipt from PayPal.
